POLICY JUSTIFICATION

Hungary—UH—1N Helicopters

The Government of Hungary has requested a possible sale of the modification and inspection of 32 UH—1N Utility Helicopters and 20 T—400 spare engines being provided as grant Excess Defense Articles (EDA). Also provided are Forward Looking Infrared Radar, Night Vision Devices, simulators, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is \$426 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the military capabilities of Hungary and furthering NATO standardization and interoperability between United States and other NATO allies.

The proposed sale will help improve Hungary's overall ability to conduct humanitarian and search and rescue medical evacuation missions. The proposed sale would further enhance and enable interoperability with U.S. Armed Forces and other coalition partners in the region. Similar items have not previously been provided to Hungary.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the U.S. Navy, Naval Air Systems Command. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple U.S. Government and contractor representatives to travel to Hungary for one week intervals, semi-annually, for a period of three years for program and technical reviews, and training and maintenance support.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Privacy Act of 1974; Notice of a Computer Matching Program

AGENCY: Defense Manpower Data Center, Department of Defense (DoD).

ACTION: Notice of a Computer Matching Program.

SUMMARY: Subsection (e)(12) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a) requires agencies to publish advance notice of any proposed or revised computer matching program by the matching agency for public comment. The DoD, as the matching agency under the Privacy Act is hereby giving notice to the record subjects of a computer matching program between the Department of Veterans Affairs (VA) and DoD, Defense Manpower Data Center (DMDC) that their records are being matched by computer. The purpose of this agreement is to verify an individual's continuing eligibility for VA benefits by identifying VA disability benefit recipients who return to active duty and to ensure that benefits are terminated if appropriate.

DATES: This proposed action will become effective January 13, 2012 and matching may commence unless changes to the matching program are required due to public comments or by Congressional or Office of Management and Budget objections. Any public comment must be received before the effective date.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Federal Docket Management System Office, 4800 Mark Center Drive, East Tower, 2nd floor, Suite 02G09, Alexandria, VA 22350-3100.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mr. Samuel P. Jenkins, Director, Defense Privacy and Civil Liberties Office, 1901 South Bell Street, Suite 920, Arlington,

VA 22202-4512, or by telephone at (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the DMDC and VA have concluded an agreement to conduct a computer matching program between the agencies. The purpose of this agreement is to verify an individual's continuing eligibility for VA benefits by identifying VA disability benefit recipients who return to active duty and to ensure that benefits are terminated if appropriate. The parties to this agreement have determined that a computer matching program is the most efficient, expeditious, and effective means of obtaining the information needed by the VA to identify ineligible VA disability compensation recipients who have returned to active duty. This matching agreement will identify those veterans who have returned to active duty, but are still receiving disability compensation. If this identification is not accomplished by computer matching, but is done manually, the cost would be prohibitive and it is possible that not all individuals would be identified.

A copy of the computer matching agreement between VA and DMDC is available upon request to the public. Requests should be submitted to the Director for Privacy, Defense Privacy and Civil Liberties Office, 1901 South Bell Street, Suite 920, Arlington, VA 22202-4512 or to the Department of Veterans Affairs, Veterans Benefit Administration, 810 Vermont Avenue NW., Washington, DC 20420.

Set forth below is the notice of the establishment of a computer matching program required by paragraph 6.c. of the Office of Management and Budget Guidelines on computer matching published in the **Federal Register** at 54 FR 25818 on June 19, 1989.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice was submitted on December 8, 2011, to the House Committee on Government Reform, the Senate Committee on Governmental Affairs, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (61 FR 6435).

Dated: December 9, 2011.

Aaron Siegel,

Alternate OSD Federal Register Liaison
Officer, Department of Defense.

**Notice of a Computer Matching
Program Between the Department of
Veterans Affairs and the Department of
Defense for Verification of Disability
Compensation**

A. Participating Agencies:

Participants in this computer matching program are the Department of Veterans Affairs (VA) and the Defense Manpower Data Center (DMDC) of the Department of Defense (DoD). The VA is the source agency, i.e., the activity disclosing the records for the purpose of the match. The DMDC is the specific recipient activity or matching agency, i.e., the agency that actually performs the computer matching.

B. Purpose of the Match: The purpose of this agreement is to verify an individual's continuing eligibility for VA benefits by identifying VA disability benefit recipients who return to active duty and to ensure that benefits are terminated if appropriate.

VA will provide identifying information on disability compensation recipients to DMDC to match against a file of active duty (including full-time National Guard and Reserve) personnel. The purpose is to identify those recipients who have returned to active duty and are ineligible to receive VA compensation so that benefits can be adjusted or terminated, if in order.

C. Authority for Conducting the Match: The legal authority for conducting the matching program for use in the administration of VA's Compensation and Pension Benefits Program is contained in 38 U.S.C. 5304(c), Prohibition Against Duplication of Benefits, which precludes pension, compensation, or retirement pay on account of any person's own service, for any period for which he receives active duty pay. The head of any Federal department or agency shall provide, pursuant to 38 U.S.C. 5106, such information as requested by VA for the purpose of determining eligibility for, or amount of benefits, or verifying other information which respect thereto.

D. Records to be Matched: The systems of records maintained by the respective agencies under the Privacy Act of 1974, as amended, 5 U.S.C. 552a, from which records will be disclosed for the purpose of this computer match are as follows:

VA will use the system of records identified as "VA Compensation, Pension, Education and Vocational Rehabilitation and Employment Records—VA" (58 VA 21/22/28),

published at 74 FR 29275 (June 19, 2009), and last amended at 75 FR 22187 (April 27, 2010).

DoD will use the system of records identified as DMDC 01, entitled, "Defense Manpower Data Center Data Base", published November 23, 2011, 76 FR 72391.

E. Description of Computer Matching Program: The Veterans Benefits Administration will provide DMDC with an electronic file that contains specified data elements of individual VA disability compensation recipients. Upon receipt of the electronic file, DMDC will perform a computer match using all nine digits of the SSNs in the VA file against a DMDC computer database. The DMDC database consists of pay records of active duty (including full-time National Guard and Reserve) military members. Matching records, "hits" based on the SSN, will produce the member's name, branch of service, and unit designation, and other pertinent data elements. The hits will be furnished to the Veterans Benefits Administration, which is responsible for verifying and determining that the data on the electronic reply file are consistent with the source file and for resolving all discrepancies or inconsistencies on an individual basis. The Veterans Benefits Administration will also be responsible for making final determinations as to positive identification, eligibility for benefits, and verifying any other information with respect thereto.

The listing will be sorted by VA file number by Regional Office number. VA will then take necessary action to terminate compensation payments of any benefit recipient identified as being on active duty while receiving compensation pay after following the verification of procedures detailed in this agreement.

F. Inclusive Dates of the Matching Program: This computer matching program is subject to public comment and review by Congress and the Office of Management and Budget. If the mandatory 30 day period for comment has expired and no comments are received and if no objections are raised by either Congress or the Office of Management and Budget within 40 days of being notified of the proposed match, the computer matching program becomes effective and the respective agencies may begin the exchange at a mutually agreeable time and thereafter on a quarterly basis. By agreement between VA and DMDC, the matching program will be in effect for 18 months with an option to renew for 12 additional months unless one of the parties to the agreement advises the

other by written request to terminate or modify the agreement.

G. Address for Receipt of Public Comments or Inquiries: Director, Defense Privacy and Civil Liberties Office, 1901 South Bell Street, Suite 920, Arlington, VA 22202-4512. Telephone (703) 607-2943.
