

We have managed our existing WSAs in a manner that preserves wilderness character in accordance with (1) the Refuges' respective CCPs; (2) regulations on administration and use of areas under the jurisdiction of the Secretary of the Interior which may be designated as wilderness areas (43 CFR 35); and (3) Service policy on areas pending designation as wilderness. The documents containing the existing wilderness inventories and reviews are available on our Web site <http://www.fws.gov/pacificislandsrefuges/wilderness.html>.

Refuges With Special Considerations

Site visits by Service staff to Wake Atoll Refuge have been limited. We will conduct the Wake Atoll wilderness inventory as opportunities for site visits become available. If we identify a WSA at the Refuge, it will be evaluated in the Draft WR/LEIS.

The submerged lands that make up the Mariana Trench Refuge were established as a national wildlife refuge as part of the Mariana Trench Marine National Monument in accordance with Secretary's Order 3284. The Refuge will not be part of our WR/LEIS, because we are deferring its wilderness inventory and review until our technological capabilities can provide a viable assessment of the minimum criteria for wilderness on the Refuge.

Scoping: Preliminary Issues, Concerns, and Opportunities

We have identified the following preliminary issues, concerns, and opportunities that we may consider during the development of the WR/LEIS. We may identify additional issues during the public comment period. We will consider and address public comments during development of the WR/LEIS.

- Which Refuge Complex lands and waters are of such quality that they should be included in wilderness proposals identified in the WR/LEIS alternatives?
- How would current or planned refuge uses, including natural resource management activities, public visitation, and scientific research, be affected in areas identified in potential wilderness recommendations?
- How would our management of refuge resources, including historic and cultural artifacts, biological resources, and physical attributes such as water quality and soils, be affected in areas identified in potential wilderness recommendations?
- How should global climate change and its potential impacts be considered in the evaluation of wilderness?

Public Involvement

We will develop the WR/LEIS in a manner that will provide participation opportunities for the public; Federal, State, Territorial, and local government agencies; and other interested parties. We request your input regarding issues and suggestions important to you and the evaluation of potential wilderness recommendations.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: December 12, 2011.

Richard Hannan,

Acting Regional Director, Pacific Region, Portland, Oregon.

BILLING CODE 4312–51–P

DEPARTMENT OF THE INTERIOR**Office of Surface Mining Reclamation and Enforcement****Action Subject to Intergovernmental Review**

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Notice.

SUMMARY: We, the Office of Surface Mining Reclamation and Enforcement, are notifying the public that we intend to grant funds to eligible applicants for purposes authorized under the Abandoned Mine Land (AML) Reclamation Program. Additionally we are notifying the public that we intend to grant funds to eligible applicants for regulating coal mining within their jurisdictional borders. We will award these grants after October 1, 2011, because our award authority commences at the beginning of the fiscal year.

DATES: A state single point of contact and other interested state or local entities may submit written comments regarding AML and regulatory funding by December 30, 2011.

ADDRESSES: You may submit comments by any of the following methods:

- *Electronic mail:* Send your comments to jbautista@osmre.gov.
- *Mail, hand-delivery, or courier:*

Send your comments to Office of Surface Mining Reclamation and Enforcement, Administrative Record, Room 252–SIB, 1951 Constitution Avenue NW., Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Mr. Jay Bautista, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave. NW., MS 124–SIB, Washington, DC 20240; Telephone (202) 208–7411.

SUPPLEMENTARY INFORMATION:**Grant Notification**

We are notifying the public that we intend to grant funds to eligible applicants for purposes authorized under the Abandoned Mine Land (AML) Reclamation Program. Additionally we are notifying the public that we intend to grant funds to eligible applicants for regulating coal mining within their jurisdictional borders. We will award these grants after October 1, 2011. Eligible applicants are those states and tribes with a regulatory program or reclamation plan approved under the Surface Mining Control and Reclamation Act of 1977 (SMCRA), 30 U.S.C. 1201 *et seq.*, and the State of Tennessee. Under Executive Order (E.O.) 12372, we must provide state and tribal officials the opportunity to review and comment on proposed federal financial assistance activities. Of the eligible applicants, twenty states and tribes do not have single points-of-contact under the E.O.12372 review process; therefore, we are required to publish this notice as an alternate means of notification.

Description of the AML Program

SMCRA established the Abandoned Mine Reclamation Fund to receive the AML fees used to finance reclamation of AML coal mine sites. Grants to eligible states and tribes are funded from permanent (mandatory) appropriations. Recipients use these funds to reclaim the highest priority AML coal mine sites that were left abandoned prior to the enactment of SMCRA in 1977, eligible non-coal sites, and for non-reclamation projects.

Description of the Regulatory Program

Title VII of SMCRA authorizes us to provide grants to states and Indian tribes to develop, administer, and enforce State regulatory programs addressing surface coal mining operations. Title V and Title VII authorize states and tribes to develop regulatory programs pursuant to SMCRA, and upon approval of regulatory programs, to assume regulatory primacy and act as the regulatory authority, and to administer and enforce their respective approved SMCRA regulatory programs. Our regulations at 30 CFR Chapter VII implement the provisions of SMCRA.

Dated: December 2, 2011.

Joseph G. Pizarchik,

Director, Office of Surface Mining Reclamation and Enforcement.
