SUPPLEMENTARY INFORMATION:

I. Background

MCSAC

Section 4144 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU, Public Law 109–59, 119 Stat. 1144, August 10, 2005) required the Secretary of Transportation to establish the MCSAC. The MCSAC provides advice and recommendations to the FMCSA Administrator on motor carrier safety programs and regulations, and operates in accordance with the Federal Advisory Committee Act (FACA, 5 U.S.C. App 2).

MRB

Section 4116 of the SAFETEA–LU requires the Secretary of Transportation, with the advice of the MRB, to “establish, review, and revise medical standards for operators of CMVs that will ensure that the physical condition of operators of CMVs is adequate to enable them to operate the vehicles safely.” On November 2, 2010, the Secretary of Transportation announced the five medical experts who serve on the MRB. FMCSA is planning revisions to the physical qualification regulations of CMV drivers, and the MRB will provide the necessary science-based guidance to establish realistic and responsible medical standards. The MRB operates in accordance with FACA.

Obstructive Sleep Apnea

The MCSAC and the MRB met jointly on December 7, 2011, to discuss ideas and concepts the Agency should consider for regulatory guidance and, potentially, for future rulemaking on OSA. The MCSAC and MRB completed their joint recommendation on regulatory guidance on OSA and issued a letter report at the end of the meeting. As a result of these discussions, a joint subcommittee was formed to develop ideas and concepts the Agency should consider for a potential notice-and-comment rulemaking to address the issue of OSA.

II. Meeting Participation

Oral comments from the public will be heard during the last half-hour of the meeting on Wednesday and Thursday. Members of the public may submit written comments on the topics to be considered during the meeting by Wednesday, December 28, 2011, to Federal Docket Management System (FDMS) Docket Number FMCSA–2006–26367 using any of the following methods:
