

Dam and would consist of the following new facilities: (1) Lining the existing outlet structure with a 280-foot-long, 14-foot-diameter steel penstock; (2) a new gate and bifurcation where the penstock exits the dam; (3) a powerhouse containing one vertical Kaplan turbine unit with a total capacity of 6.8 megawatts (MW); (4) a 110-foot-long, 80-foot-wide tailrace; (5) a proposed 0.83-mile-long, 12.5 kilovolt (kV) transmission line; (6) a switchyard; and (7) appurtenant facilities. The proposed project would have an average annual generation of 24.2 gigawatt-hours

(GWh), and operate run-of-river utilizing surplus water from the Barren River Lake Dam, as directed by the Corps.

o. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support. A copy is also available

for inspection and reproduction at the address in item h above.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

p. *Procedural schedule and final amendments:* The application will be processed according to the following Hydro Licensing Schedule. Revisions to the schedule will be made as appropriate.

Issue Deficiency Letter	March 2012.
Issue Acceptance letter	July 2012.
Issue Scoping Document 1 for comments	August 2012.
Request Additional Information (if necessary)	October 2012.
Issue Scoping Document 2 (if necessary)	October 2012.
Notice of application is ready for environmental analysis	February 2013.
Notice of the availability of the draft EA	October 2013.
Notice of the availability of the final EA	April 2014.

Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the notice of ready for environmental analysis.

Dated: December 23, 2011.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP12-33-000]

Caledonia Energy Partners, LLC; Notice of Application

Take notice that on December 16, 2011, Caledonia Energy Partners, LLC (Caledonia), 20329 Highway 249, Suite 400, Houston, Texas 77070, filed in Docket No. CP12-33-000, an application pursuant to section 7(c) of the Natural Gas Act (NGA) and pursuant to Part 157 of the Commission's regulations, requesting a certificate of public convenience and necessity, as well as, a request that the Commission vacates that portion of its July 17, 2008 order that granted Caledonia certificate authority to develop an adjacent field (County Line Expansion) in Lowndes County, Mississippi. Specifically, Caledonia requests to upgrade the Maximum Allowable Operating Pressure (MAOP) of the Caledonia Storage Facility from 2,700 pounds per square inch (psig) to 3,300 psig. The proposed request to vacate will result in

a decrease in the Commission-authorized maximum storage capacity of the Caledonia Storage Facility, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Any questions regarding this application should be directed to Daryl W. Gee, Enstor Operating Company, 20329 Highway 249, Suite 400, Houston, Texas 77070, telephone no. (281) 374-3062, facsimile no. (281) 374-3051, and email: Daryl.gee@enstorinc.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify Federal and state agencies of the timing for the completion of all necessary reviews, and

the subsequent need to complete all Federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing

comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Comment Date: 5 p.m. Eastern Time on January 18, 2012.

Dated: December 27, 2011.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 14322-000]

Corbett Water District; Notice of Intent To File License Application, Filing of Pre-Application Document, and Approving Use of the Traditional Licensing Process

a. *Type of Filing:* Notice of Intent to File License Application and Request to Use the Traditional Licensing Process.

b. *Project No.:* 14322-000.

c. *Dated Filed:* November 14, 2011.

d. *Submitted By:* Corbett Water District.

e. *Name of Project:* Corbett Hydroelectric Project.

f. *Location:* On the North and South Forks of Gordon Creek, in Multnomah County, Oregon. The project occupies less than one acre of United States lands administered by the U.S. Bureau of Land Management.

g. *Filed Pursuant to:* 18 CFR 5.3 of the Commission's regulations.

h. *Potential Applicant Contact:* James Jans, Corbett Water District, 36120 E. Historic Columbia River Hwy., Corbett, OR 97019; (503) 695-2284; email—jim.corbettwater@reconnects.com.

i. *FERC Contact:* Ken Wilcox at (202) 502-6835; or email at ken.wilcox@ferc.gov.

j. Corbett Water District filed its request to use the Traditional Licensing Process on November 14, 2011. Corbett Water District provided public notice of its request on November 19, 2011. In a letter dated December 22, 2011, the Director of the Division of Hydropower Licensing approved Corbett Water District's request to use the Traditional Licensing Process.

k. *With this notice, we are initiating informal consultation with:* (a) The U.S. Fish and Wildlife Service and NOAA Fisheries under section 7 of the Endangered Species Act and the joint agency regulations thereunder at 50 CFR part 402; (b) NOAA Fisheries under section 305(b) of the Magnuson-Stevens Fishery Conservation and Management Act and implementing regulations at 50 CFR 600.920; and (c) the Oregon State Historic Preservation Officer, as required by section 106, National Historical Preservation Act, and the implementing regulations of the Advisory Council on Historic Preservation at 36 CFR 800.2.

l. Corbett Water District filed a Pre-Application Document (PAD; including a proposed process plan and schedule with the Commission, pursuant to 18

CFR 5.6 of the Commission's regulations.

m. A copy of the PAD is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site (<http://www.ferc.gov>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-(866) 208-3676, or for TTY, (202) 502-8659. A copy is also available for inspection and reproduction at the address in paragraph h.

n. Register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filing and issuances related to this or other pending projects. For assistance, contact FERC Online Support.
