

queries from the U.S. Congress, Executive Office of the President, the U.S. Supreme Court, state officials, international organizations, researchers, students, the media, and others seeking facility-level statistics.

The CJ-43: Respondents from state departments of correction, the Federal Bureau of Prisons, and corporations operating private prisons will be asked to provide detailed facility information for an estimated 2,200 facilities in operation. This collection instrument is under development, but is expected to include items regarding facility characteristics, such as facility functions, capacity, and court orders or consent decrees under which facilities are operating; population characteristics, including special populations housed; staff characteristics; measures of facility security; and facility programs. BJS expects to consult with corrections experts and professionals to determine other topical items to be included in this collection. These statistics will provide a snapshot of adult correctional institutions in the United States and will be used to respond to queries from administrators, legislators, researchers, and planners to track changes in the numbers and types of facilities in operation, changes in staffing, security issues, and programs/services available to inmates in the state and federal correctional systems. A supplemental approval will be submitted to OMB when the materials are ready for review.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 2,200 responses at 15 minutes each for the CJ-43B. The estimated time is based on feedback from state and federal corrections department staff. The total burden estimate is based on the conservative assumption that all respondents would submit separate forms for each facility; however, it is expected that the majority of respondents will choose to submit a single electronic file generated from their information management systems. The CJ-43 is still in the planning stages. A supplemental approval and burden adjustment will be sought through OMB when the materials are ready for review.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 550 annual total burden hours associated with the collection.

- III. Ordering Paragraphs

I. Background

On December 29, 2011, the Postal Service filed a notice announcing its intent to enter into an additional Global Direct Contracts 1 agreement (Agreement).¹ Global Direct Contracts provide a rate for mail acceptance within the United States, transportation to a receiving country of mail that bears the destination country’s indicia, and payment by the Postal Service of the appropriate settlement charges to the receiving country.² The Postal Service believes that the instant Agreement should be included within the Global Direct Contracts 1 product because it is functionally equivalent to the Global Direct Contracts 1 agreement in Docket Nos. MC2010–17 and CP2010–18. Notice at 2.

The instant Agreement. The Postal Service filed the instant Agreement under 39 CFR 3015.5. *Id.* In addition, the Postal Service contends that the Agreement is consistent with Order No. 386.³ The Postal Service states that the instant Agreement succeeds the Global Direct Contract in Docket No. CP2011–52, which is scheduled to expire January 15, 2012. *Id.* at 2–3. The term of the instant Agreement begins on January 16, 2011 and ends in January 2013 on the day before Canada Post Corporation implements price changes for its domestic Admail. *Id.* at 3, Attachment 1 at 7. If prices for Admail do not change during January 2013, then the instant Agreement is scheduled to expire January 31, 2013. *Id.*

To support its Notice, the Postal Service filed four attachments as follows:

- Attachment 1—a redacted copy of the contract;
- Attachment 2—a certified statement required by 39 CFR 3015.5(c)(2);
- Attachment 3—a redacted copy of Governors’ Decision No. 08–10, which establishes prices and classifications for

MC2008–7, CP2008–16 and CP2008–17, issued July 16, 2008 (Governors’ Decision No. 08–10). The Commission revised the Mail Classification Schedule language proposed in Governors’ Decision No. 08–10 to reflect the actual payment practice under typical Global Direct Contracts.
