

meet the requirements of section 773(e)(2)(B) of the Act because it is predominately a trading company in building materials, while AHI is predominately a provider of services and products to a customer base of marine, offshore, and engineering industries which is substantially divergent from that of Precision and Dubai Wire. Further, because this source of information did not provide enough detail to calculate selling expenses for Dubai Wire and Precision Fasteners, we used the companies' respective company-wide selling-expense rates. See company-specific analysis memoranda. With respect to Precision, see also Comment 7 of accompanying Issues and Decision Memorandum to this final determination. We find that this approach satisfies sufficiently the criteria of section 773(e) because the selling expenses were derived for subject merchandise as well as for products in the same general category as subject merchandise.

Continuation of Suspension of Liquidation

Pursuant to section 735(c)(1)(B) of the Act, we will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all entries of nails from the United Arab Emirates which were entered, or withdrawn from warehouse, for consumption on or after November 3, 2011, the date of publication of the *Preliminary Determination*. We will instruct CBP to require a cash deposit or the posting of a bond equal to the weighted-average margins, as indicated below, as follows: (1) The rates for Dubai Wire, Precision, and Tech Fast will be the rates we have determined in this final determination; (2) if the exporter is not a firm identified in this investigation but the producer is, the rate will be the rate established for the producer of the subject merchandise; (3) the rate for all other producers or exporters will be 4.55 percent, as discussed in the "All-Others Rate" section, below. These suspension-of-liquidation instructions will remain in effect until further notice.

Manufacturer/exporter	Weighted-average margin (percent)
Dubai Wire FZE	6.29
Precision Fasteners LLC	2.80
Tech Fast International Ltd	184.41

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated all-others rate shall be an amount equal to the

weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding any zero or *de minimis* margins and any margins determined entirely under section 776 of the Act. Dubai Wire and Precision Fasteners are the only respondents in this investigation for which we calculated a company-specific rate that is not zero or *de minimis* or determined entirely under section 776 of the Act. Therefore, because there are only two relevant weighted-average dumping margins for this final determination and because using a weighted-average calculation risks disclosure of business proprietary information of Dubai Wire and Precision Fasteners, the "all-others" rate is a simple-average of these two values, which is 4.55 percent. See *Seamless Refined Copper Pipe and Tube From Mexico: Final Determination of Sales at Less Than Fair Value*, 75 FR 60723, 60724 (October 1, 2010).

Disclosure

We intend to disclose to parties in this proceeding the calculations performed within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

International Trade Commission Notification

In accordance with section 735(d) of the Act, we have notified the International Trade Commission (ITC) of our final determination. As our final determination is affirmative and in accordance with section 735(b)(2) of the Act, the ITC will determine, within 45 days, whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of the subject merchandise. If the ITC determines that such injury does exist, the Department will issue an antidumping duty order directing CBP to assess antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding APO

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested.

Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act.

Dated: March 19, 2012.

Paul Piquado,

Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648-XB086

Advisory Committee to the U.S. Section to the International Commission for the Conservation of Atlantic Tunas (ICCAT); Spring Species Working Group Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Advisory Committee meeting.

SUMMARY: The Advisory Committee (Committee) to the U.S. Section to the International Commission for the Conservation of Atlantic Tunas (ICCAT) announces its annual spring meeting on May 1-2, 2012. The Committee will meet with its Technical Advisors to discuss matters relating to ICCAT, including the 2011 Commission meeting results; research and management activities; global and domestic initiatives related to ICCAT; the Atlantic Tunas Convention Act-required report on any identification of countries that are diminishing the effectiveness of ICCAT; the results of meetings of the

Committee's Species Working Groups; and other matters relating to the international management of ICCAT species.

DATES: The open sessions of the Committee meeting will be held on May 1, 2012, 8:30 a.m. to 3 p.m., and May 2, 2012, 9 a.m. to 1:15 p.m. Closed sessions will be held on May 1, 2012, 3:15 p.m. to 6 p.m., and on May 2, 2012, 8 a.m. to 9 a.m.

ADDRESSES: The meeting will be held at the Hilton Hotel, 8727 Colesville Rd., Silver Spring, MD 20910. The phone number is (301) 589-5200.

FOR FURTHER INFORMATION CONTACT: Rachel O'Malley at (301) 427-8373.

SUPPLEMENTARY INFORMATION: The Advisory Committee to the U.S. Section to ICCAT will meet in open session to receive and discuss information on the 2011 ICCAT meeting results and U.S. implementation of ICCAT decisions; NMFS research and monitoring activities; global and domestic initiatives related to ICCAT; the Atlantic Tunas Convention Act-required consultation on any identification of countries that are diminishing the effectiveness of ICCAT; the results of the meetings of the Committee's Species Working Groups; and other matters relating to the international management of ICCAT species. The public will have access to the open sessions of the meeting, but there will be no opportunity for public comment.

The Committee will meet in its Species Working Groups for part of the afternoon of May 1, 2012, and for one hour on the morning of May 2, 2012. These sessions are not open to the public, but the results of the species working group discussions will be reported to the full Advisory Committee during the Committee's open session on May 2, 2012.

Special Accommodations

The meeting location is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Rachel O'Malley at (301) 427-8373 at least 5 days prior to the meeting date.

Dated: March 20, 2012.

Rebecca J. Lent,

*Director, Office of International Affairs,
National Marine Fisheries Service.*

RIN 0648-XB030

Taking and Importing Marine Mammals: Taking Marine Mammals Incidental to Navy's Training Activities at the Gulf of Mexico Range Complex

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of a Letter of Authorization.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), as amended, and implementing regulations, notification is hereby given that NMFS has issued a two-year Letter of Authorization (LOA) to the U.S. Navy (Navy) to take marine mammals by harassment incidental to its training activities at the Gulf of Mexico (GOMEX) Range Complex.

DATES: Effective from March 18, 2012, through March 17, 2014.

ADDRESSES: Copies of the Navy's November 2, 2011, LOA application, and the LOA are available by writing to P. Michael Payne, Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service, 1315 East-West Highway, Silver Spring, MD 20910, by telephoning the contact listed here (See **FOR FURTHER INFORMATION CONTACT**), or online at: <http://www.nmfs.noaa.gov/pr/permits/incidental.htm#applications>. Documents cited in this notice may be viewed, by appointment, during regular business hours, at the aforementioned address.

FOR FURTHER INFORMATION CONTACT: Shane Guan, Office of Protected Resources, NMFS (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

Section 101(a)(5)(A) of the MMPA (16 U.S.C. 1361 *et seq.*) directs the Secretary of Commerce to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a military readiness activity if certain findings are made and regulations are issued.

Authorization may be granted for periods of 5 years or less if NMFS finds that the taking will have a negligible impact on the species or stock(s), and will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses. In addition, NMFS must prescribe

regulations that include permissible methods of taking and other means of effecting the least practicable adverse impact on the species and its habitat, and on the availability of the species for subsistence uses, paying particular attention to rookeries, mating grounds, and areas of similar significance. The regulations also must include requirements pertaining to the monitoring and reporting of such taking.

Regulations governing the taking of marine mammals incidental to the U.S. Navy's training activities at the GOMEX Range Complex were published on February 17, 2011 (76 FR 9250), and remain in effect through February 17, 2016. They are codified at 50 CFR part 218 subpart D. These regulations include mitigation, monitoring, and reporting requirements for the incidental taking of marine mammals by the Navy's training activities. For detailed information on these actions, please refer to the February 17, 2011, **Federal Register** notice and 50 CFR part 218 subpart D. On February 1, 2012, NMFS published a final rule (77 FR 4917) that allows for the issuance of multi-year LOAs, as long as the regulations governing such LOAs are valid.

Summary of LOA Request

NMFS received an application from the U.S. Navy for an LOA covering the Navy's training activities at the GOMEX Range Complex in the Gulf of Mexico under the regulations issued on February 17, 2011 (76 FR 9250). The application requested authorization, for a period of two years, to take, by harassment, marine mammals incidental to proposed training activities that involve underwater explosive detonation.

Summary of Activity Under the 2011 LOA

Between March 2011 and January 2012, there were no training events conducted in the GOMEX Range Complex.

Planned Activities for 2012 Through 2014

In 2012 through March 2014, the Navy expects to conduct the same type and amount of training activities identified in the final rules and 2011 LOA. No modification is proposed by the Navy for its planned 2012-2014 activities under the 2011 rule.

Estimated Take for 2012-2014

The estimated takes for the Navy's proposed training activities are the same as those authorized in 2011. No change
