DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

March 21, 2012.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Comments regarding these information collections are best assured of having their full effect if received within 30 days of this notification. Copies of the submission(s) may be obtained by calling (202) 720-8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

Risk Management Agency

Title: Multiple Peril Crop Insurance.

OMB Control Number: 0563-0053.

Summary of Collection: Previous amendments to the Federal Crop Insurance Act expanded the role of the crop insurance program to be the principal tool for risk management by producers of farm products and provided that crop insurance program operate on an actuarially sound basis, provided for independent review of crop insurance products by person experienced as actuaries and in underwriting, and required that the crop insurance program operate on an actuarially sound basis. To meet these goals, existing crop programs must be improved and expanded, new crop products developed, and new insurance concepts studied for possible implementation. Federal Crop Insurance Corporation (FCIC) offers a Standard Reinsurance Agreement to eligible crop insurance companies under which FCIC will use data elements instead of standards forms.

Need and Use of the Information: FCIC requires crop acreage information to be submitted to the insurance agent by each producer on or before a specific date. The basic provision covers information such as the name of the crop, the number of timely planted acres, person sharing in the crop, location of the acreage, etc. This information is used to determine liability, premium and subsidy. Federal agencies, Risk Management Agency, crop insurance companies that are reinsured by FCIC, and other agencies that require such information in the performance of their duties may use this information. If the information were not collected by specified dates, the producers may not have insurance coverage or the amount of insurance may be reduced and the crop insurance program would not be administered in an actuarially sound manner.

Description of Respondents: Farms; Business or other for-profit.

Number of Respondents: 556,408.

Frequency of Responses: Recordkeeping; Reporting: Quarterly; Weekly; Semi-annually; Monthly; Annually.

Total Burden Hours: 7,963,982.

Charlene Parker,

Departmental Information Clearance Officer.

Forest Service

Black Hills National Forest Advisory Board

AGENCY: Forest Service, USDA.

ACTION: Revised notice of intent to call for nominations for membership to the Black Hills National Forest Advisory Board.

SUMMARY: The U.S. Department of Agriculture, Forest Service has re-established the Black Hills National Forest Advisory Board (Board). The purpose is to obtain advice and recommendations on a broad range of forest issues such as forest plan revisions or amendments, forest health including fire management and mountain pine beetle infestations, travel management, forest monitoring and evaluation, recreation fees, and site-specific projects having forest wide implications. In an earlier notice, the Forest Service indicated it was seeking nominations for individuals to be considered as committee members, and the public was invited to submit nominations for membership. That notice, "Notice of intent to re-establish the Black Hills National Forest Advisory Board and call for nominations," was published in the **Federal Register**, Volume 77, No. 30, page 8214, on Tuesday, February 14, 2012 and indicated that nominations and applications to the Board must be received by March 15, 2012. This revised notice extends the deadline for nominations and applications to April 30, 2012.

DATES: Written nominations must be received by April 30, 2012. Instructions for submitting a nomination package may be found in the section below entitled, "Advisory Committee Organization".

ADDRESSES: Send nominations and applications to Craig Bobzien, Forest Supervisor, Black Hills National Forest, 1019 North 5th Street, Custer, SD 57730.

FOR FURTHER INFORMATION CONTACT:

Marie Curtin, Planning and Public Affairs, USDA, Forest Service, Black Hills National Forest, telephone: 605-673-9324, fax: 605-673-9208, or email: mcurtin@fs.fed.us. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

USDA 16565-Black Hills National Forest Advisory Board is a non-scientific program advisory Board established by the Secretary of Agriculture in 2003 to provide advice and counsel to the U. S. Forest Service, Black Hills National Forest, in the wake of increasingly severe and intense wild fires and mountain pine beetle epidemics.

The purpose of the Board is to provide advice and recommendations on a broad range of forest issues such as forest plan revisions or amendments, travel management, forest monitoring and evaluation, and site-specific projects having forest-wide implications. The Board also serves to meet the needs of the Recreation Enhancement Act of 2005 as a recreation resource advisory board (RRAC) for the Black Hills of South Dakota. The Board provides timely advice and recommendations to the regional forester through the forest supervisor regarding programmatic forest issues and project-level issues that have forest-wide implications for the Black Hills National Forest.

The Board meets approximately ten times a year, with one month being a field trip, held in August and focusing on both current issues and the educational value of seeing management strategies and outcomes on the ground. This Board has been established as a truly credible entity and a trusted voice on forest management issues and is doing often astonishing work in helping to develop informed consent for forest management.

For years, the demands made on the Black Hills National Forest have resulted in conflicts among interest groups resulting in both forest-wide and site-specific programs being delayed due to appeals and litigation. The Board provides a forum to resolve these issues to allow for the Black Hills National Forest to move forward in its management activities. The Board is believed to be one of the few groups with broad enough scope to address all of the issues and include all of the jurisdictional boundaries.

Significant Contributions

The Board's most significant accomplishments include:

1. A 2004 report on the Black Hills Fuels Reduction Plan, a priority following the major fires including the 86,000 acre Jasper Fire in 2000;
2. A 2004 initial Off-Highway Vehicle Travel Management Subcommittee report;
3. A report on their findings regarding the thesis, direction, and assumptions of Phase II of our Forest Plan produced in 2005;
4. The Invasive Species Subcommittee Report in 2005 covering recommendations to better stop invasive species from infiltrating the Forest;
5. A final Travel Management Subcommittee Report in 2006 in which the Board made 11 recommendations regarding characteristics of a designated motor vehicle trail system, the basis for our initial work to prepare our Motor Vehicle Use Map in 2010-2011;
6. The Board's annual work to attract funding through grants based on the Collaborative Landscape Forest Restoration Program (CFLRP), a program of the Secretary of Agriculture CFLR Program to encourage the collaborative, science-based ecosystem restoration of priority forest landscapes;
7. A letter to the Secretary and the Chief of the Forest Service to work, restore and maintain open space for wildlife habitat and recreation needs like snowmobile trails; and
8. The annual reports to the Secretary detailing the Board's activities, issues, and accomplishments.

The Board is deemed to be among the most effective public involvement strategies in the Forest Service and continues to lead by example for Federal, State, and local government agencies working to coordinate and cooperate in the Black Hills of South Dakota and Wyoming.

Background

Pursuant to the Federal Advisory Committee Act (5 U.S.C. App. II), notice is hereby given that the Secretary of Agriculture intends to call for nominations for membership to the Black Hills National Forest Advisory Board. The Board provides advice and recommendations on a broad range of forest planning issues and, in accordance with the Federal Lands Recreation Enhancement Act (Pub. L. 108-447 (REA)), more specifically will provide advice and recommendations on Black Hills National Forest recreation fee issues (serving as the RRAC for the Black Hills National Forest). The Board membership consists

of individuals representing commodity interests, amenity interests, and State and local government.

The Board has been determined to be in the public interest in connection with the duties and responsibilities of the Black Hills National Forest. National forest management requires improved coordination among the interests and governmental entities responsible for land management decisions and the public that the agency serves.

Advisory Committee Organization

The Board consists of 16 members that are representative of the following interests (this membership is similar to the membership outlined by the Secure Rural Schools and Community Self Determination Act for Resource Advisory Committees (16 U.S.C. 500, *et seq.*)):

1. Economic development;
2. Developed outdoor recreation, off-highway vehicle users, or commercial recreation;
3. Energy and mineral development;
4. Commercial timber industry;
5. Permittee (grazing or other land use within the Black Hills area);
6. Nationally recognized environmental organizations;
7. Regionally or locally recognized environmental organizations;
8. Dispersed recreation;
9. Archeology or history;
10. Nationally or regionally recognized sportsmen's groups, such as anglers or hunters;
11. South Dakota State-elected offices;
12. Wyoming State-elected offices;
13. South Dakota or Wyoming county- or local-elected officials;
14. Tribal government elected or appointed officials;
15. South Dakota State natural resource agency official; and
16. Wyoming State natural resource agency official.

No individual who is currently registered as a Federal lobbyist is eligible to serve as a member of the Committee. The Committee will meet approximately nine times, and will attend at least one summer field tour as designated by the Designated Federal Officer (DFO).

The appointment of members to the Board will be made by the Secretary of Agriculture. Any individual or organization may nominate one or more qualified persons to serve on the Board. Individuals may also nominate themselves. To be considered for membership, nominees must submit a:

1. Resume describing qualifications for membership to the Committee;
2. Cover letter with rationale for serving on the committee and what you can contribute; and

3. Complete form AD-755, Advisory Committee Membership Background Information.

Letters of recommendations are welcome. The AD-755 may be obtained from Forest Service contact person or from the following Web site: http://www.fsa.usda.gov/Internet/FSA_File/ad755.pdf. All nominations will be vetted by USDA. The Secretary of Agriculture will appoint committee members to the Board from the list of qualified applicants.

The members of the Board will elect and determine the responsibilities of the Chairperson and the Vice-Chairperson. In absence of the Chairperson, the Vice-Chairperson will act in the Chairperson's stead. The Forest Supervisor of the Black Hills National Forest serves as the Designated Federal Official under sections 10(e) and (f) of the Federal Advisory Committee Act (5 U.S.C. App. II).

Members will serve without compensation, but may be reimbursed for travel expenses while performing duties on behalf of the Board, subject to approval by the DFO.

Equal opportunity practices are followed in all appointments to the Board in accordance with USDA policies. To ensure that the recommendations of the Board have been taken into account the needs of diverse groups, served by the Black Hills National Forest, membership shall include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

Dated: March 19, 2012.

Craig Bobzien,
Forest Supervisor.

Joseph T. Reilly, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, (202) 720-4333.

SUPPLEMENTARY INFORMATION:

Title: Agricultural Resources Management Survey and Chemical Use Surveys.

OMB Control Number: 0535-0218.

Expiration Date of Current Approval: December 31, 2012.

Type of Request: Intent to revise and extend a currently approved information collection.

Abstract: The Agricultural Resource Management Surveys (ARMS) are the primary source of information for the U.S. Department of Agriculture on a broad range of issues related to: Production practices, costs and returns, pest management, chemical usage, and contractor expenses. Data is collected on both a whole farm level and on selected commodities.

ARMS is the only source of information available for objective evaluation of many critical issues related to agriculture and the rural economy, such as: Whole farm finance data, including data sufficient to construct estimates of income for farms by: type of operation, loan commodities, income for operator households, credit, structure, and organization; marketing information; and other economic data on input usage, production practices, and crop substitution possibilities.

Data from ARMS are used to produce estimates of net farm income by type of

commercial producer as required in 7 U.S.C. 7998 and estimates of enterprise production costs as required in 7 U.S.C. 1441(a). Data from ARMS are also used as weights in the development of the Prices Paid Index, a component of the Parity Index referred to in the Agricultural Adjustment Act of 1938. These indexes are used to calculate the annual federal grazing fee rates as described in the Public Rangelands Improvement Act of 1978 and Executive Order 12548 and as promulgated in regulations found at 36 CFR 222.51.

In addition, ARMS is used to produce estimates of sector-wide production expenditures and other components of income that are used in constructing the estimates of income and value-added which are transmitted to the U.S. Department of Commerce, Bureau of Economic Analysis, by the USDA Economic Research Service (ERS) for use in constructing economy-wide estimates of Gross Domestic Product. This transmittal of data, prepared using the ARMS, is undertaken to satisfy a 1956 agreement between the Office of Management and Budget and the Departments of Agriculture and Commerce that a single set of estimates be published on farm income.

Chemical Use Surveys: Congress has mandated that NASS and ERS build nationally coordinated databases on agricultural chemical use and related farm practices; these databases are the primary vehicles used to produce specified environmental and economic estimates. The surveys will help provide the knowledge and technical means for producers and researchers to address on-farm environmental concerns in a manner that maintains agricultural productivity.

Authority: These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (at 44 U.S.C. 3501, *et seq.*) and Office of Management and Budget regulations at 5 CFR part 1320.

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," 72 FR 33362 (June 15, 2007).

Estimate of Burden: Public reporting burden for this collection of information
