**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

These collections help support the educational efforts for American Indian and Alaska Native students from elementary through post-secondary levels.

*Application for Admission to Haskell & SIPI*

The BIA is requesting renewal of OMB approval for the admission forms for Haskell Indian Nations University and the Southwestern Indian Polytechnic Institute. These admission forms are used in determining program eligibility of American Indian and Alaska Native students for educational services. These forms are utilized pursuant to 25 U.S.C. 2 and 2007(f). Adjustments were made to the total annual cost burden to accurately reflect the cost to submit the applications, in addition to the filing fee per application for Haskell.

*Student Transportation Form*

The BIA is requesting renewal of OMB approval for the Student Transportation Form. The Student Transportation regulations in 25 CFR part 39, subpart G, contain the program eligibility and criteria that govern the allocation of transportation funds. Information collected from the schools will be used to determine the rate per mile. The information collection provides transportation mileage for Bureau-funded schools, which determines the allocation of transportation funds. The burden hours has decreased from six to two hours due to the implementation of the Web-based system, NASIS, to collect this information, which has reduced the total annual burden hours from 726 to 366 hours. There is an increase in the average number of respondents to this collection from 121 to 183, to accurately reflect the number of respondents.

*Data Elements for Student Enrollment in Bureau-Funded Schools*

The BIA is requesting renewal of OMB approval for the Student Enrollment Application in Bureau-funded Schools. School registrars collect information on this form to determine the student's eligibility for enrollment in a Bureau-funded school, and if eligible, to identify the student's base and supplemental educational and/or residential program needs. The Bureau of Indian Education compiles the information into a national database to facilitate budget requests and the allocation of congressionally appropriated funds.

**II. Request for Comments**

The BIA requests your comments on these collections concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) The accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) Ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) Ways we could minimize the burden of the collection of the information on the respondents, such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not conduct or sponsor, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personally identifiable information, be advised that your entire comment—including your personally identifiable information—may be made public at any time. While you may request that we withhold your personally identifiable information, we cannot guarantee that we will be able to do so.
