SUPPLEMENTARY INFORMATION:

Executive Summary

The purpose of this regulatory action is to disestablish a restricted area that is no longer needed by Naval Station Newport, because use of the practice minefield and conducting mine detection and mine sweeping exercises in that area has been discontinued.

The Corps authority to disestablish this restricted area is Section 7 of the Rivers and Harbors Act of 1917 (40 Stat. 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40 Stat. 892; 33 U.S.C. 3).

Background

By letter received on May 5, 2011, the Commander of Naval Station Newport has requested the removal of the restricted area in Rhode Island Sound, 4 nautical miles due south of Lands End in Newport, Rhode Island. The request was made due to the discontinued use of the restricted area. In response to this request by the U.S. Navy, and pursuant to its authorities in Section 7 of the Rivers and Harbors Act of 1917 (40 Stat. 266; 33 U.S.C. 1) and Chapter XIX of the Army Appropriations Act of 1919 (40

Stat. 892; 33 U.S.C. 3), the Corps is proposing to amend the regulations in 33 CFR Part 334 by removing 334.78 to disestablish the restricted area.

Procedural Requirements

a. *Review Under Executive Order 12866.* This proposed rule is issued with respect to a military function of the Defense Department and the provisions of Executive Order 12866 do not apply.

b. *Review Under the Regulatory Flexibility Act.* This proposed rule has been reviewed under the Regulatory Flexibility Act (Pub. L. 96-354) which requires the preparation of a regulatory flexibility analysis for any regulation that will have a significant economic impact on a substantial number of small entities (i.e., small businesses and small governments). Unless information is obtained to the contrary during the public notice comment period, the Corps expects that the amendment of this restricted area would have practically no economic impact on the public, no anticipated navigational hazard, or interference with existing waterway traffic. This proposed rule if adopted, will have no significant economic impact on small entities.

c. *Review Under the National Environmental Policy Act.* Due to the administrative nature of this action, the Corps expects that this regulation, if adopted, will not have a significant impact to the quality of the human environment and, therefore, preparation of an environmental impact statement will not be required. An environmental assessment will be prepared after the public notice period is closed and all comments have been received and considered. After it is prepared, it may be reviewed at the District office listed at the end of the **FOR FURTHER INFORMATION CONTACT** section, above.

d. *Unfunded Mandates Act.* The proposed rule does not impose an enforceable duty among the private sector and, therefore, is not a Federal private sector mandate, and is not subject to the requirements of Section 202 or 205 of the Unfunded Mandates Reform Act (Pub. L. 104-4, 109 Stat. 48, 2 U.S.C. 1501 et seq.). We have also found under Section 203 of the Act, that small governments will not be significantly or uniquely affected by this rulemaking.
