#### **SUPPLEMENTARY INFORMATION:**

##### **I. Abstract**

The Census Bureau's Quarterly Financial Report program (QFR) is planning to expand to include, along with corporations currently surveyed, additional Services sectors in the scope of collection. The current collection includes the Manufacturing, Mining, Wholesale Trade, Retail Trade, Information, and Professional, Scientific, and Technical Services

(excluding legal) sectors. The expanded collection will include the Real Estate and Rental and Leasing, Administrative and Support and Waste Management and Remediation Services, Health Care and Social Assistance, and Accommodation and Food Services sectors.

The QFR forms to be submitted for approval are: The QFR 200 (MT) long form; QFR 201 (MG) short form; and the QFR 300 (S) long form.

The QFR Program has published up-to-date aggregate statistics on the financial results and position of U.S. corporations since 1947. The QFR is a principal economic indicator that also provides financial data essential to the estimation of key Government measures of national economic performance. The importance of this data collection is reflected by the granting of specific authority to conduct the program in Title 13 of the United States Code, Section 91, which requires that financial statistics of business operations be collected and published quarterly. Public Law 109-79 extended the authority of the Secretary of Commerce to conduct the QFR Program under Section 91 through September 30, 2015.

The main purpose of the QFR is to provide timely, accurate data on business financial conditions for use by Government and private-sector organizations and individuals. The primary public users are U.S. Governmental organizations with economic measurement and policymaking responsibilities. In turn, these organizations play a major role in providing guidance, advice, and support to the QFR Program. The primary private-sector data users are a diverse group including universities, financial analysts, unions, trade associations, public libraries, banking institutions, and U.S. and foreign corporations.

##### **II. Method of Collection**

The Census Bureau uses two forms of data collection: mail out/mail back paper survey forms, and a secure encrypted Internet data collection system called Centurion. Centurion provides improved quality with automatic data checks and is context-sensitive to assist the data provider in identifying potential reporting problems before submission, thus reducing the need for follow-up. Centurion is completed via the Internet eliminating the need for downloading software and increasing the integrity and confidentiality of the data.

Companies are asked to respond to the survey within 25 days of the end of the quarter for which the data are being requested. Letters and/or telephone calls

encouraging participation are directed to companies in the survey sample that have not responded by the designated time.

#### Ball Bearings and Parts Thereof From France, Germany, and Italy: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Reviews

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* January 18, 2012.

**FOR FURTHER INFORMATION CONTACT:**

Hermes Pinilla, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3477.

**SUPPLEMENTARY INFORMATION:**

#### Background

At the request of interested parties, the Department of Commerce (the Department) initiated administrative reviews of the antidumping duty orders on ball bearings and parts thereof from France, Germany, Italy, Japan, and the United Kingdom for the period May 1, 2010, through April 30, 2011. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 76 FR 37781 (June 28, 2011).<sup>1</sup> The preliminary results of the reviews are currently due no later than January 31, 2012.

#### Extension of Time Limit for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete the preliminary results within 245 days after the last day of the anniversary month of an order for which a review is requested. If it is not practicable to

complete the review within this time period, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month.

We determine that it is not practicable to complete the preliminary results of these reviews within the original time limit because we received requests from several respondents for extensions of time to respond to our supplemental questionnaires. Therefore, we are extending the time period for issuing the preliminary results of these reviews by 60 days until March 31, 2012, which falls on a Saturday. It is the Department's practice to issue a determination the next business day when the statutory deadline falls on a weekend, federal holiday, or any other day when the Department is closed. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for completion of the preliminary results is now April 2, 2012.

This notice is published in accordance with section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(2).

Dated: January 10, 2012.

#### Certain Welded Carbon Steel Pipe and Tube From Turkey: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**FOR FURTHER INFORMATION CONTACT:**

Victoria Cho or Christopher Hargett, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, Room 4014, 14th Street and Constitution Ave. NW., Washington, DC 20230, telephone: (202) 482-5075 or (202) 482-4161, respectively.

**SUPPLEMENTARY INFORMATION:**

## Background

On June 28, 2011, the U.S. Department of Commerce ("the Department") published a notice of initiation of the administrative review of the antidumping duty order on certain welded carbon steel pipe and tube from Turkey covering the period May 1, 2010, through April 30, 2011. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 76 FR 37781 (June 28, 2011). The preliminary results are currently due no later than January 31, 2012.

#### Extension of Time Limit for Preliminary Results of Review

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the 245-day period to issue its preliminary results to up to 120 days.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable because we have complex technical issues relating to quarterly cost, which require additional information and analysis for this administrative review. Due to these reasons and in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of the review by 120 days. The preliminary results are now due no later than May 31, 2012. Unless extended, the final results continue to be due 120 days after publication of the preliminary results, pursuant to section 751(a)(3)(A) of the Act.

This notice is issued and published in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: January 11, 2012.
