SUPPLEMENTARY INFORMATION:

I. Background

MCSAC

Section 4144 of the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA–LU, Pub. L. 109–59, 119 Stat. 1144, August 10, 2005) required the Secretary of Transportation to establish the MCSAC. The MCSAC provides advice and recommendations to the FMCSA Administrator on motor carrier safety programs and regulations, and operates in accordance with the Federal Advisory Committee Act (FACA, 5 U.S.C. App 2).

Recommendations of the National Transportation Safety Board (NTSB)

At this meeting, the MCSAC will hear presentations and deliberate on Task 12–02, soliciting ideas, concepts, and suggestions for alternative strategies the Agency could pursue to address certain NTSB recommendations that are classified as “Open-Unacceptable.” Specifically, the Agency will focus its efforts and seek strategies to address 11 such recommendations, which relate to such issues as measuring tire pressure, inspection procedures for drivers and carriers, and ensuring that vehicles

operated by motor carriers comply with the Federal Motor Vehicle Safety Standards (FMVSS) in effect on the date the vehicle was manufactured. These recommendations are as follows: H–05–003–005; H–08–013; H–09–019–020; and H–09–037–041.

Long-Haul Cross Border Trucking Pilot Program Task

During the MCSAC’s March 2011 meeting, FMCSA tasked the Committee with designating a subcommittee to provide independent monitoring for the program (MCSAC Task 11–03). The subcommittee will continue its work from previous meetings.

Hours-of-Service (HOS) for Drivers of Passenger-Carrying CMVs

The MCSAC subcommittee will continue its consideration of Task 11–06, concerning ideas and concepts the Agency should consider in deciding whether to initiate a rulemaking to amend or revise the HOS requirements for drivers of passenger-carrying CMVs.

II. Meeting Participation

Oral comments from the public will be heard during the last half-hour of the meetings on Monday and Tuesday and during the last 15 minutes of the meeting on Thursday. Should all public comments be exhausted prior to the end of the specified period, the comment period will close. Members of the public may submit written comments on the topics to be considered during the meeting by Wednesday, May 16, 2012, to Federal Docket Management System (FDMS) Docket Number FMCSA–2006–26367 using any of the following methods:

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

Exemption Decision

This notice addresses 16 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 16 applications for renewal on their merits and decided to extend each

exemption for a renewable two-year period. They are:

Paul D. Crouch (OR), John M. Doney (MO), Curtis N. Fulbright (NC), Joshua G. Hansen (ID), Daniel W. Henderson (TN), Edward W. Hosier (MO), Craig T. Jorgensen (WI), Jose A. Lopez (CT), Earl E. Martin (VA), Brian E. Monaghan (IL), William P. Murphy (TX), Roy J. Oltman (IL), Albert L. Remsburg, III (MD), Antonio A. Ribeiro (CT), Justin T. Richman (IN), Frankie A. Wilborn (GA)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 16 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (64 FR 54948; 64 FR 68195; 65 FR 159; 65 FR 20251; 66 FR 66969; 67 FR 10471; 67 FR 17102; 67 FR 19798; 68 FR 69432; 69 FR 17267; 69 FR 19611; 70 FR 71884; 71 FR 644; 71 FR 16410; 71 FR 19604; 71 FR 4632; 71 FR 4194; 71 FR 13450; 71 FR 5105; 71 FR 19600; 71 FR 14566; 71 FR 30227; 73 FR 6242; 73 FR 16950; 73 FR 27014; 73 FR 15567; 73 FR 27015; 75 FR 27622). Each

of these 16 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements. These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by June 6, 2012.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 16 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of

the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.
