SUPPLEMENTARY INFORMATION: The Assistant Secretary of OSHA invites interested individuals to submit nominations for membership on FACOSH.

Background. FACOSH is authorized to advise the Secretary of Labor

(Secretary) on all matters relating to the occupational safety and health of federal employees (Occupational Safety and Health Act of 1970 (29 U.S.C. 668), 5 U.S.C. 7902, Executive Orders 12196 and 13511). This includes providing advice on how to reduce and keep to a minimum the number of injuries and illnesses in the federal workforce and how to encourage the establishment and maintenance of effective occupational safety and health programs in each federal agency.

FACOSH membership. FACOSH is comprised of 16 members, who the Secretary appoints to staggered terms not to exceed 3 years. OSHA is seeking nominations to fill six positions on FACOSH that will become vacant on January 1, 2013.

The categories of FACOSH membership and the number of new members to be appointed to three-year terms include:

- Eight members are federal agency management representatives—Three management representatives will be appointed.
- Eight members are representatives of labor organizations that represent federal employees—Three federal employee representatives will be appointed.

FACOSH members serve at the pleasure of the Secretary unless the member is no longer qualified to serve, resigns, or is removed by the Secretary. The Secretary may appoint FACOSH members to successive terms. FACOSH meets at least two times a year.

The Department of Labor is committed to equal opportunity in the workplace and seeks broad-based and diverse FACOSH membership. Any interested federal agency, labor organization, or person(s) may nominate one or more qualified persons for membership on FACOSH. Interested individuals also are invited and encouraged to submit statements in support of particular nominees.

Nomination requirements. Submission of nominations must include the following information:

1. The nominee's name, contact information and current occupation or position;
2. The nominee's resume or curriculum vitae, including prior membership on FACOSH and other relevant organizations, associations and committees;
3. Category of membership (management, labor) the nominee is qualified to represent;
4. A summary of the nominee's background, experience and qualifications that address the

nominee's suitability for FACOSH membership;

5. Articles or other documents the nominee has authored that indicate the nominee's knowledge, experience, and expertise in occupational safety and health, particularly as it pertains to the federal workforce; and

6. A statement that the nominee is aware of the nomination, is willing to regularly attend and participate in FACOSH meetings, and has no apparent conflicts of interest that would preclude membership on FACOSH.

Member selection. The Secretary will appoint FACOSH members based upon criteria that include the nominee's level of responsibility for occupational safety and health matters involving the federal workforce; experience and competence in occupational safety and health; and willingness and ability to regularly and fully participate in FACOSH meetings. Federal agency management nominees who serve as their agency's Designated Agency Safety and Health Official (DASHO) or at an equivalent level of responsibility within their respective federal agencies are preferred as management members. Labor nominees who are responsible for federal employee occupational safety and health matters within their respective labor organizations are preferred as labor members.

The information received through the nomination process, along with other relevant sources of information, will assist the Secretary in making appointments to FACOSH. In selecting FACOSH members, the Secretary will consider individuals nominated in response to this **Federal Register** notice, as well as other qualified individuals. Once appointed, OSHA will publish a list of the new FACOSH members in the **Federal Register**.

NATIONAL TRANSPORTATION SAFETY BOARD

General Aviation Search and Rescue

The National Transportation Safety Board (NTSB) will convene a 2-day forum focused on general aviation search and rescue operations on July 17 and 18, 2012. In the United States, following the crash of a general aviation airplane, inland searches for the aircraft are conducted by the Air Force Rescue Coordination Center, who are supported by numerous Federal, state, local, and volunteer organizations.

The forum will concentrate on examining the regulations, policies, and procedures at a Federal level and serve as a platform to facilitate dialog between search organizations, technology manufacturers, and industry groups on the issues currently impacting the general aviation community. Additionally, the forum will spend a second day discussing emerging technologies and how they may shape the future of general aviation search and rescue.

The two-day forum is being chaired by NTSB Chairman Deborah A. P. Hersman and all five Board Members will participate. Panelists participating in the forum will represent government and industry.

Search and rescue can often mean the difference between life and death," said Chairman Hersman. "Unfortunately, every year we see delays in the detection and location of crashed aircraft due to outdated equipment and a failure to coordinate information and assets."

The NTSB has issued more than two dozen safety recommendations on search and rescue, conducted safety studies addressing ways to improve search and rescue operations and even included general aviation safety on the *Most Wanted List* of transportation improvements. A detailed agenda and list of participants will be released closer to the date of the event.

The forum will be held in the NTSB Board Room and Conference Center, located at 429 L'Enfant Plaza SW., Washington DC. The forum is open to the public and free of charge. In addition, the forum can be viewed via Web cast at www.nts.gov. NTSB Media
