Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these requests, call (404) 639-7570 or send an email to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Risk Factors for Invasive Methicillin-resistant *Staphylococcus aureus* (MRSA) among Patients Recently Discharged from Acute Care Hospitals through the Active Bacterial Core Surveillance for Invasive MRSA infections (ABCs MRSA)—NEW—National Center for Emerging and

Zoonotic Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Essential steps in reducing the occurrence of healthcare-associated invasive MRSA infections are to quantify the burden and to identify modifiable risk factors associated with invasive MRSA disease. The current CDC's ABCs MRSA surveillance has been essential to quantify the burden of invasive MRSA in the United States. Through this surveillance CDC was able to estimate that 94,360 invasive MRSA infections associated with 18,650 deaths occurred in the United States in 2005. The majority of these invasive infections (58%) had onset in the community or within 3 days of hospital admission and occurred among individuals with recent healthcare exposures (healthcare-associated community-onset [HACO]). More recent data from the CDC's ABCs MRSA system have shown that two thirds of invasive healthcare-associated community-onset MRSA infections occur among persons who are discharged from an acute care hospital in the prior 3 months. Risk factors for invasive MRSA infections post-discharge have not been well evaluated, and effective prevention measures in this population remain uncertain.

For this project, an estimated total of 450 patients (150 patients with HACO MRSA infection post-acute care discharge and 300 patients without HACO MRSA infection) will be contacted for the MRSA interview annually. This estimate is based on the

numbers of MRSA cases reported by the ABCs MRSA sites annually (<http://www.cdc.gov/abcs/reports-findings/survreports/mrsa08.html>) who are 18 years of age or older, had onset of the MRSA infection in the community or within 3 days of hospital admission, and history of hospitalization in the prior 3 months. ABCs MRSA surveillance case report forms will be used to identify HACO MRSA cases to be contacted for a telephone interview. For each HACO MRSA case identified; 2 patients without HACO MRSA infection (control-patients) matched on age with MRSA case will be contacted for a health interview. All 450 patients (both cases and controls) will be screened for eligibility and those considered to be eligible will complete the telephone interview. We anticipate that 350 of the 450 patients screened will complete the telephone interview across all 6 participating ABCs MRSA sites per year. We anticipate the screening questions to take about 5 minutes and the telephone interview 20 minutes per respondent.

Preventing healthcare-associated invasive MRSA infections is one of CDC priorities. The goal of this project is to assess risk factors for invasive healthcare-associated MRSA infections, which will inform the development of targeted prevention measures. This activity supports the HHS Action Plan for elimination of healthcare-associated infections.

There are no costs to respondents. The total response burden for the study is estimated as 155 hours.

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Hospital Patients	Screening Form	450	1	5/60
	Telephone interview	350	1	20/60

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Announcement of Requirements and Registration for Million Hearts™ Caregiver Video Challenge

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

Aware Approving Official: Thomas R. Frieden, MD, MPH, Director, Centers for Disease Control and Prevention, and Administrator, Agency for Toxic Substances and Disease Registry.

SUMMARY: The Centers for Disease Control and Prevention (CDC) within the Department of Health and Human Services, in partnership with Million Hearts™ announces the launch of *The Million Hearts™ Caregiver Video Challenge*. We invite people who play a role in helping to prevent or control high blood pressure or maintain the heart health of a loved one to share their stories of caregiving by creating original, compelling videos that are less than 2 minutes long. The videos should include a description of how the caregiver contributes to another person's heart health and provide helpful tips related to high blood pressure prevention or control.

This challenge is necessary to engage a key audience of the Million Hearts™ initiative and to recognize individuals who work hard to provide care for their family members or friends. The goal of this Challenge is to have caregivers create inspiring videos that provide other caregivers helpful tips on heart healthy practices, particularly on the prevention and control of high blood pressure. Through these personalized videos we intend to promote heart disease prevention through blood pressure control, medication adherence, and lifestyle changes to the public.

DATES: Contestants can submit videos July 16, 2012 through August 31, 2012. Judging will take place September 10–28, 2012. Winners will be announced on October 8, 2012.

FOR FURTHER INFORMATION CONTACT: Megan Steinbauer, Officer of the

Associate Director for Communication, Centers for Disease Control and Prevention, 1600 Clifton Road NE., Mailstop G–21, Atlanta, Georgia 30329, phone (404) 639–3245, email weo6@cdc.gov.

SUPPLEMENTARY INFORMATION:

Subject of Challenge Competition

“*The Million Hearts™ Caregiver Video Challenge*” will engage the caregiver community. We ask caregivers to create and submit videos that describe their role in caring for the heart health, particularly by helping to prevent or control high blood pressure, of loved ones. In the videos caregivers should describe how they help family members remember to take medications as directed (medication adherence), offer tips for monitoring blood pressure at home to improve blood pressure control, or show how to encourage lifestyle changes that benefit blood pressure control. Lifestyle changes include increasing physical activity or reducing sodium in the diet.

Eligibility Rules for Participating in the Competition

The Challenge is open to any Contestant, defined as an individual or team of U.S. citizens or permanent residents of the United States who are 18 years of age or older. All individual members of a team must meet the eligibility requirements. “Team members” do not include people whose only contribution is appearing in the video. Minors can appear in the video, as long as the necessary consent is provided.

To be eligible to win a prize under this challenge, an individual or entity—

(1) Shall have registered to participate in the competition under the rules promulgated by Centers for Disease Control and Prevention;

(2) Shall have complied with all the requirements under this section;

(3) In the case of a private entity, shall be incorporated in and maintain a primary place of business in the United States, and in the case of an individual, whether participating singly or in a group, shall be a citizen or permanent resident of the United States; and

(4) May not be a Federal entity or Federal employee acting within the scope of their employment. Federal employees seeking to participate in this contest outside the scope of their employment should consult their ethics official prior to developing their submission.

(5) May not be employees of the HHS, judges of the Challenge, or any other party involved with the design,

production, execution, or distribution of the Challenge or their immediate family (spouse, parents or step-parents, siblings and step-siblings, and children and step-children).

(6) Shall not be an HHS employee, not otherwise associated with the challenge within the scope of their employment, working on their applications or submissions during assigned duty hours.

(7) Federal grantees may not use Federal funds to develop COMPETES Act challenge applications unless consistent with the purpose of their grant award.

(8) Federal contractors may not use Federal funds from a contract to develop COMPETES Act challenge applications or to fund efforts in support of a COMPETES Act challenge submission.

An individual or entity shall not be deemed ineligible because the individual or entity used Federal facilities or consulted with Federal employees during a competition if the facilities and employees are made available to all individuals and entities participating in the competition on an equitable basis.

By entering, each Contestant agrees to: (a) Comply with, and be bound by, these Official Rules and the decisions of the Challenge and judges which are binding and final in all matters relating to this Challenge; (b) Assume any and all risks and waive claims against the Federal Government and its related entities, except in the case of willful misconduct, for any injury, death, damage, or loss of property (including any damage that may result from a virus, malware, etc. to CDC systems utilized to play the video), revenue, or profits, whether direct, indirect, or consequential, arising from the Contestant's participation in the Challenge, whether the injury, death, damage, or loss arises through negligence or otherwise. The Contestant/Submitter shall be liable for, and shall indemnify and hold harmless the Government against, all actions or claims for any claim, demand, judgment, or other allegation arising from alleged violation of an individual's trademark, copyright, or other legally protected interest in video's submitted to CDC.

Provided, however, that Contestants are not required to waive claims arising out of the unauthorized use or disclosure by the Sponsor and/or Administrator of the intellectual property, trade secrets, or confidential business information of the Contestant. (c) Be responsible for obtaining their own liability insurance to cover claims by any third party for death, bodily injury, or property damage, or loss
