Food and Drug Administration

[Docket No. FDA-2011-N-0860]

Glen R. Justice: Debarment Order

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is issuing an order under the Federal Food, Drug, and Cosmetic Act (the FD&C Act) debarbing Glen R. Justice, M.D. from providing services in any capacity to a person that has an approved or pending drug product application for a period of 25 years. We base this order on a finding that Dr. Justice was convicted of five felony counts under Federal law for conduct involving health care fraud and that this pattern of conduct was sufficient to find that there is reason to believe he may violate requirements under the FD&C Act relating to drug products. Dr. Justice was given notice of the proposed debarment and an opportunity to request a hearing within the timeframe prescribed by regulation. Dr. Justice failed to respond. Dr. Justice's failure to respond constitutes a waiver of his right to a hearing concerning this action.

DATES: This order is effective July 9, 2012.

ADDRESSES: Submit applications for special termination of debarment to the Division of Dockets Management (HFA-305), Food and Drug Administration, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT: Kenny Shade, Office of Regulatory Affairs, Food and Drug Administration, 12420 Parklawn Dr., Rockville, MD 20857, 301-796-4640.

SUPPLEMENTARY INFORMATION:

I. Background

Section 306(b)(2)(B)(ii)(I) of the FD&C Act (21 U.S.C. 335a(b)(2)(B)(ii)(I)) permits debarment of an individual if FDA finds that the individual has been convicted of a felony under Federal law for conduct which involves bribery, payment of illegal gratuities, fraud,

perjury, false statement, racketeering, blackmail, extortion, falsification or destruction of records, or interference with, obstruction of an investigation into, or prosecution of any criminal offense, and it finds, on the basis of the conviction and other information, that such individual has demonstrated a pattern of conduct sufficient to find that there is reason to believe the individual may violate requirements under the FD&C Act relating to drug products.

On July 25, 2011, the U.S. District Court for the Central District of California entered judgment against Dr. Justice for health care fraud in violation of 18 U.S.C. 1347, and aiding and abetting and causing an act to be done in violation of 18 U.S.C. 2.

The FDA's finding that debarment is appropriate is based on the felony convictions referenced herein. The factual basis for this conviction is as follows: Dr. Justice was a physician licensed by the State of California. Dr. Justice owned and operated a medical practice in the Central District of California and he enrolled as a provider with federally-funded and private health care programs.

Dr. Justice devised and executed a scheme to defraud federally-funded and private health care benefit programs. As part of the scheme, Dr. Justice knowingly and willfully submitted, and caused to be submitted, false and fraudulent claims to health care benefit programs for injectable medications, knowing that those medications were never provided to the patients and he billed patients health care benefit programs for more expensive injectable medications when less expensive medications were provided. Dr. Justice continued his conduct despite being advised by staff to desist and subsequent to the execution of a search warrant at his medical practice in 2006. As a result of Dr. Justice's fraudulent business practices, health care benefit programs suffered losses between \$400,000 and \$1,000,000.

As a result of his convictions, on March 26, 2012, FDA sent Dr. Justice a notice by certified mail proposing to debar him for 25 years from providing services in any capacity to a person that has an approved or pending drug product application. The proposal was based on the finding, under section 306(b)(2)(B)(ii)(I) of the FD&C Act, that Dr. Justice was convicted of felonies under Federal law for conduct which involved health care fraud, and that the Agency found, on the basis of the conviction and other information, that Dr. Justice had demonstrated a pattern of conduct sufficient to find that there is reason to believe he may violate
