i. FERC Contact: Any questions on this notice should be addressed to Henry Ecton, (202) 502–8768, or Email address: henry.ecton@ferc.gov.

j. Deadline for filing comments, protests, and/or motions: August 13, 2012

Comments, Motions to Intervene, and Protests may be filed electronically via the Internet. See 18 CFR 385.2001(a)(l)(iii) and the instructions on the Commission's Web site under the "eFiling" link. If unable to be filed electronically, documents may be paperfiled. To paper-file, an original and eight copies should be mailed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. For more information on how to submit these types of filings, please go to the Commission's Web site located at http://www.ferc.gov/filing-comments.

asp.
Please include the docket number (DI12–9–000) on any comments, protests, and/or motions filed.

k. Description of Project: The proposed Jacobs Creek Hydroelectric Project will be located on Jacobs Creek, tributary to Lowe River, near Valdez, AK. The proposed project will consist of: (1) A small reservoir created by an existing large log that traverses Jacobs Creek; (2) a 6-inch-diameter, 600-footlong penstock; (3) a powerhouse that will contain a 24-kW Turgo Runner on a 3-phase generator; (4) a 422-foot-long tailrace returning water to Jacobs Creek; (5) a 166-foot-long underground transmission line transmitting power to the Copper River Electric Association, Inc.; and (6) appurtenant facilities.

When a Declaration of Intention is filed with the Federal Energy Regulatory Commission, the Federal Power Act requires the Commission to investigate and determine if the interests of interstate or foreign commerce would be affected by the project. The Commission also determines whether or not the project: (1) Would be located on a navigable waterway; (2) would occupy or affect public lands or reservations of the United States; (3) would utilize surplus water or water power from a government dam; or (4) if applicable, has involved or would involve any construction subsequent to 1935 that may have increased or would increase the project's head or generating capacity, or have otherwise significantly modified the project's pre-1935 design or operation.

l. Locations of the Application: Copies of this filing are on file with the Commission and are available for public inspection. This filing may be viewed on the Web at http://www.ferc.gov using

the "eLibrary" link. Enter the Docket number excluding the last three digits in the docket number field to access the document. You may also register online at http://www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1–866–208–3676 or email FERCOlineSupport@ferc.gov for TTY, call (202) 502–8659. A copy is also available for inspection and reproduction at the address in item (h) above.

- m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.
- n. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.
- o. Filing and Service of Responsive Documents—All filings must bear in all capital letters the title "COMMENTS", "PROTESTS", and/or "MOTIONS TO INTERVENE", as applicable, and the Docket Number of the particular application to which the filing refers. A copy of any Motion to Intervene must also be served upon each representative of the Applicant specified in the particular application.
- p. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Dated: July 10, 2012.

Kimberly D. Bose,

Secretary.

[Docket No. DI12-11-000]

City of Sandpoint; Notice of Declaration of Intention and Soliciting Comments, Protests, and/or Motions To Intervene

Take notice that the following application has been filed with the Commission and is available for public inspection:

- a. *Application Type:* Declaration of Intention.
 - b. Docket No.: DI12-11-000.
 - c. *Date Filed:* July 3, 2012.
 - d. Applicant: City of Sandpoint.
- e. *Name of Project:* Little Sand Creek Hydroelectric Project.
- f. Location: The proposed Little Sand Creek Hydroelectric Project will be located near the city of Sandpoint, Bonner County, Idaho, affecting T. 57 N, R. 02 W, Boise Meridian.
- g. Filed Pursuant to: Section 23(b)(1) of the Federal Power Act, 16 U.S.C. 817(b).
- h. Applicant Contact: Jared Yost, 1123 Lake Street, Sandpoint, ID 83864; telephone: (208) 265–1480; Fax: (208) 263–3678; email: www.jyost@ci. sandpoint.id.us.
- i. FERC Contact: Any questions on this notice should be addressed to Henry Ecton, (202) 502–8768, or Email address: henry.ecton@ferc.gov.
- j. Deadline for filing comments, protests, and/or motions: August 13,

Comments, Motions to Intervene, and Protests may be filed electronically via the Internet. See 18 CFR 385.2001(a)(l)(iii) and the instructions on the Commission's Web site under the "eFiling" link. If unable to be filed electronically, documents may be paperfiled. To paper-file, an original and eight copies should be mailed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. For more information on how to submit these types of filings, please go to the Commission's Web site located at http:// www.ferc.gov/filing-comments.asp.

Please include the docket number (DI12-11-000) on any comments, protests, and/or motions filed.

k. Description of Project: The proposed Little Sand Creek
Hydroelectric Project will be located in the Sand Creek Water Treatment Plant, using water being diverted for the Sandpoint water supply. The proposed project will consist of a small 30-foothigh rock dam, a small reservoir, an 18-

inch-diameter, 2500-foot-long steel penstock, a 65-kW pelton wheel generator, and appurtenant facilities. The power generated will be used on site, to supplement power from the local power company.

When a Declaration of Intention is filed with the Federal Energy Regulatory Commission, the Federal Power Act requires the Commission to investigate and determine if the interests of interstate or foreign commerce would be affected by the project. The Commission also determines whether or not the project: (1) Would be located on a navigable waterway; (2) would occupy or affect public lands or reservations of the United States; (3) would utilize surplus water or water power from a government dam; or (4) if applicable, has involved or would involve any construction subsequent to 1935 that may have increased or would increase the project's head or generating capacity, or have otherwise significantly modified the project's pre-1935 design or operation.

1. Locations of the Application: Copies of this filing are on file with the Commission and are available for public inspection. This filing may be viewed on the Web at http://www.ferc.gov using the "eLibrary" link. Enter the Docket number excluding the last three digits in the docket number field to access the document. You may also register online at http://www.ferc.gov/docs-filing/ esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOlineSupport@ferc.gov for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Filing and Service of Responsive Documents—All filings must bear in all

capital letters the title "COMMENTS", "PROTESTS", and/or "MOTIONS TO INTERVENE", as applicable, and the Docket Number of the particular application to which the filing refers. A copy of any Motion to Intervene must also be served upon each representative of the Applicant specified in the particular application.

p. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Dated: July 10, 2012.

Kimberly D. Bose,

Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. PF12-10-000]

Millennium Pipeline Company, LLC; Notice of Intent To Prepare an Environmental Assessment for the Planned Hancock Compressor Project, Request for Comments on Environmental Issues, and Notice of Public Scoping Meeting

The staff of the Federal Energy
Regulatory Commission (FERC or
Commission) will prepare an
environmental assessment (EA) that will
discuss the environmental impacts of
the Hancock Compressor Project
involving construction and operation of
facilities by Millennium Pipeline
Company, LLC (Millennium) in
Delaware County, New York. The
Commission will use this EA in its
decision-making process to determine
whether the project is in the public
convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project. Your input will help the Commission staff determine what issues they need to evaluate in the EA. Please note that the scoping period will close on August 10, 2012.

You may submit comments in written form or verbally. Further details on how to submit written comments are in the Public Participation section of this notice. In lieu of or in addition to sending written comments, the Commission invites you to attend the public scoping meeting scheduled as follows:

FERC Public Scoping Meeting

Hancock Compressor Project Thursday, August 2, 2012—7 p.m., Hancock Middle/High School, 16 Read Street, Hancock, NY 13783

Millennium has also agreed to set up a table at 6 p.m. to answer questions.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this planned project and encourage them to comment on their areas of concern.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" is available for viewing on the FERC Web site (www.ferc.gov). This fact sheet addresses a number of typically-asked questions, including the use of eminent domain and how to participate in the Commission's proceedings.

Summary of the Planned Project

Millennium plans to construct and operate a 15,900 horsepower compressor station and associated appurtenant facilities in the Town of Hancock, Delaware County, New York. The Hancock Compressor Project would provide about 107,500 dekatherms of natural gas per day (Dth/d) to Algonquin Gas Transmission, LLC located in Ramapo, New York and points further east. The Project would also deliver about 115,000 Dth/d of natural gas from an interconnect with Laser Gathering System to an existing interconnect with Columbia Gas Transmission, L.L.C. at Wagoner. The planned facilities would provide bi-directional gas flow capabilities between Millennium's existing compressor station in Corning, New York and the planned Hancock Compressor Station. According to Millennium, its project would enable Millennium to meet the demands of existing customers who are producing natural gas near its existing natural gas system.

The Hancock Compressor Project would consist of the following facilities:

 One 15,900-horsepower natural gasfired compressor unit at the new Hancock Compressor Station;

• About 260 feet of 36-inch-diameter pipeline for suction from the existing Millennium mainline and about 365 feet of 36-inch-diameter pipeline for discharge to the existing Millennium mainline;
