SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67445; File No. SR-NYSE-2012-25]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Exchange Rule 134 To Shorten the Time Frame for Assigning the Contra Party to Unresolved Account Balances in the Exchange's Online Comparison System

July 16, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 5, 2012, New York Stock Exchange LLC ("NYSE" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Exchange Rule 134 to shorten the time frame for assigning the contra party to unresolved account balances in the Exchange's Online Comparison System. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at

the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 134(e)(iii) (Differences and Omissions-Cleared Transactions) to shorten the time frame for assigning a designated market maker ("DMM") unit as the contra party for any unresolved omnibus account balances in the Exchange's Online Comparison System ("OCS").

Background

The Exchange operates its OCS to assist in trade settlement. OCS conducts comparison processing, which includes matching initial trade submissions, correction processing, omnibus processing and questioned trade ("QT") resolution for trades that take place on the Exchange. The OCS system is used by Exchange members and member organizations in their roles as clearing firms, brokers and DMM units for Exchange trade executions. OCS is linked internally to NYSE trading systems and externally to The National Securities Clearing Corporation.³

To facilitate the comparison process, the Exchange utilizes omnibus account designations to record trade data.⁴ Using omnibus account designations allows for universal contras for one trade side, reducing the number of different data elements that have to be independently recorded into a broker's hand-held device or written on a Floor report for a trade.

In May 2009, the Exchange amended Rule 134 to enable it to assign, on the second business day after the trade date ("T+2"), any open balance in any of the omnibus accounts it uses to compare trades to either a DMM Unit or the member organization that has been identified as the clearing firm for one side of an unresolved trade.⁵ Specifically, the Exchange added new

subsection (e)(iii) to Rule 134 to enable the Exchange to assign a Floor broker's clearing firm or DMM Unit, at the close of business on T+2, as the contra side to an imbalance in any omnibus account that is used by OCS. In June 2010, the Exchange amended Rule 134 again to separate Rule 134(e)(iii) into two subsections and clarify that DMM units are assigned as the contra party to an omnibus account imbalance and that clearing firms are the assigned contra party to an uncomparated trade. The Exchange also shortened the time frame for the assignment of uncomparated e-Quote transactions from T+2 to the first business day after the trade date ("T+1").⁶

Proposed Amendment of NYSE Rule 134

The Exchange proposes to amend Rule 134(e)(iii) to shorten the time frame for when the DMM unit is assigned as the contra party to an unresolved omnibus account imbalance. The current rule provides that at the close of business on T+2 after the conclusion of the processes described in sections (e)(i) and (e)(ii) of the Rule, but no earlier than 7:00 p.m., the Exchange shall assign a DMM unit as the contra party to any unresolved omnibus account imbalance remaining in OCS.

The Exchange proposes to amend Rule 134(e)(iii) to provide that a DMM unit would be assigned as the contra party to any unresolved omnibus account imbalances by the close of business on the trade date, but no earlier than 5:00 p.m. The Exchange believes that shortening this time period will result in speedier resolution of unresolved account balances. The Exchange will be able to implement the proposed change due to system developments in OCS, including the reduction in the use of omnibus accounts other than for manual executions and related ability for the DMM to identify post-trade the clearing member organization behind a manual execution. The Exchange notes that the proposed changes to Rule 134(e)(iii) will not impact the processes set forth in Rule 134(e)(i) and (ii).

Because this is a technology-based change, the Exchange proposes to announce the implementation date by Trader Update.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)⁷ that an exchange

have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that this rule proposal accomplishes these goals by enhancing the comparison process at the Exchange thereby supporting the timely settlement of securities transactions. In particular, the Exchange believes that the speedier resolution of unresolved account balances support the mechanism of a free and open market as it assures that the contra party to a transaction will receive a cleared transaction in a timely and efficient manner.

(B) Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of

investors, or otherwise in furtherance of the purposes of the Act.
