BILLING CODE 4312–51–P

DEPARTMENT OF THE INTERIOR**National Park Service**

[NPS–WASO–NRNHL–10550; 2200–3200–665]

**National Register of Historic Places
Request for Comments on Identifying,
Evaluating and Documenting
Traditional Cultural Properties and
Native American Landscapes**

AGENCY: National Park Service, Interior.

ACTION: Request for comments.

SUMMARY: Through October 31, 2012, the National Park Service (NPS) will be soliciting written comments and recommendations from its tribal, national, state, and local historic preservation partners, NPS regional offices and parks, other Federal agencies, and the public at large regarding updating National Register (NR) Program guidance for identifying, evaluating, and documenting properties that are historically significant as Traditional Cultural Properties (TCPs) and/or Native American landscapes.

DATES: Submit comments through October 31, 2012.

ADDRESSES: NPS requests that all comments and recommendations related to the issues outlined above should be

forwarded via email to:
nr_info@nps.gov.

FOR FURTHER INFORMATION CONTACT:

Alexis Abernathy, National Register of Historic Places program, National Park Service; 1849 C Street NW (2280); Washington, DC 20240; Telephone (202) 354-2236; Email: nr_info@nps.gov.

SUPPLEMENTARY INFORMATION: With the 1990 release of National Register Bulletin 38, *Guidelines for Evaluating and Documenting Traditional Cultural Properties*, NPS clarified a broader scope of properties that could be considered eligible for listing in the National Register of Historic Places (NR) for their significance as Traditional Cultural Properties, and provided written guidance on working with these properties. This policy direction was followed by the provision in the 1992 amendment to the National Historic Preservation Act stating: "Properties of traditional religious and cultural importance to an Indian tribe or Native Hawaiian organization may be determined to be eligible for inclusion in the National Register." While Bulletin 38 remains an essential, basic resource for identifying, evaluating, and documenting TCPs, in recent years the number of requests for additional assistance in this regard from State and Tribal Historic Preservation Offices, Federal agencies, and preservation professionals has increased significantly. NPS believes the best way to address these requests is through the provision of updated, published guidance on how to better identify and evaluate:

- What constitutes a "traditional" community
 - "Continuity of use" by a traditional community
 - Evolving uses of resources by a traditional community
 - Multiple lines of documentary evidence
 - Broad ethnographic landscapes
 - Property boundaries
 - Resource integrity
- In addition to the issues noted above, NPS is also seeking to identify and address any other "user-identified" TCP-related issues, as well as requesting comments and recommendations that specifically address the development of published guidance related to identifying, evaluating, and documenting NR-eligible Native American landscapes. NPS requests that all comments and recommendations related to the issues outlined above should be forwarded via email to: nr_info@nps.gov. Respondents should identify their submission(s) as a "TCP/NAL Comment" in their email "subject"

box. Responses submitted via email will be posted on an ongoing basis beginning the first week of June, 2012 on the NR Web site located at: http://www.nps.gov/history/nr/publications/guidance/TCP_comments.htm. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The National Register Program looks forward to hearing comments on these issues.

Dated: July 10, 2012.

J. Paul Loether,

*Chief, National Register of Historic Places/
 National Historic Landmarks Program.*

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM-2012-0049]

Intent To Prepare Environmental Impact Statements: Potential Commercial Wind Lease Issuance and Decision Regarding Approval of Construction and Operations Plan on the Atlantic Outer Continental Shelf (OCS) Offshore Maine

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice.

SUMMARY: On October 12, 2011, BOEM received an unsolicited request from Statoil North America Inc. (Statoil NA) for a commercial wind lease on the OCS offshore Maine. Upon the submittal of a construction and operations plan (COP), BOEM intends to prepare an environmental impact statement (EIS) that will consider the environmental consequences associated with the Hywind Maine project proposed by Statoil NA, and to obtain public input regarding important environmental issues that should be considered in the EIS.

Authority: The Notice of Intent to prepare an EIS is published pursuant to 40 CFR 1501.7.

DATES: Comments should be submitted no later than November 8, 2012.

Submission Procedures: Federal, state, local government agencies, tribal

governments, and other interested parties are requested to send their written comments on the important issues to be considered in the EIS by either of the following two methods:

1. **Federal eRulemaking Portal:** <http://www.regulations.gov>. In the entry titled "Enter Keyword or ID," enter BOEM-2012-0049, and then click "search." Follow the instructions to submit public comments and view supporting and related materials available for this notice.

2. By U.S. Postal Service or other delivery service, send your comments and information to the following address: Bureau of Ocean Energy Management, Office of Renewable Energy, 381 Elden Street, HM 1328, Herndon, Virginia 20170-4817.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comments to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

FOR FURTHER INFORMATION CONTACT:

Michelle Morin, BOEM, Environment Branch for Renewable Energy, 381 Elden Street, HM 1328, Herndon, Virginia 20170-4817; (703) 787-1722 or michelle.morin@boem.gov.

SUPPLEMENTARY INFORMATION:

1. Background

Statoil NA's proposed project, Hywind Maine, would consist of four 3-megawatt (MW) floating wind turbine generators (WTGs) configured for a total of 12 MW. The project would be located in water depths greater than 100 meters approximately 12 nautical miles off the coast of Maine. Statoil NA's short-term objective is to construct the Hywind Maine project to demonstrate the commercial potential of the existing floating offshore Hywind technology, while responding to a corresponding Request for Proposal issued by the Maine Public Utilities Commission. The company's long-term objective, not represented in this leasing request by Statoil NA, is to construct a full-scale, deepwater floating wind turbine facility that leverages economies of scale as well as technical and operational enhancements developed in the Hywind Maine project. The full-scale project would be subject to a subsequent and separate leasing and environmental review process.

BOEM will publish a Request for Interest (RFI) concurrently with this
