

## I. Background

DoD published an interim rule in the **Federal Register** at 77 FR 19127 on March 30, 2012, to implement section 814(b) of the National Defense Authorization Act for Fiscal Year 2012 (Pub. L. 112–81). The interim rule adjusted the dollar limitation on the acquisition of right-hand drive passenger sedans from \$30,000 per vehicle to \$40,000 per vehicle, and included this dollar limitation on the list of statutory acquisition-related dollar thresholds subject to inflation adjustment in accordance with the requirements of 41 U.S.C. 1908. One respondent submitted a public comment in response to the interim rule.

## II. Discussion and Analysis of the Public Comments

The respondent concurred with the inflation threshold increase listed at DFARS 212.271. There were no comments suggesting changes to the interim rule. Therefore, DoD is finalizing the interim rule without change.

## III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

## IV. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because it merely adjusts upward the current limitation for acquisition of right-hand drive passenger vehicles from \$30,000 to \$40,000 due to inflation.

## V. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the

Paperwork Reduction Act (44 U.S.C. chapter 35).

**Defense Federal Acquisition Regulation Supplement: Reporting of Government-Furnished Property (DFARS Case 2012–D001)**

**AGENCY:** Defense Acquisition Regulations System, Department of Defense (DoD).

**ACTION:** Final rule.

**SUMMARY:** DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to revise and standardize reporting requirements for Government-furnished property.

**DATES:** *Effective Date:* August 29, 2012.

**FOR FURTHER INFORMATION CONTACT:** Ms. Meredith Murphy, telephone 571–372–6098.

**SUPPLEMENTARY INFORMATION:****I. Background**

DoD published a proposed rule under DFARS Case 2009–D043 in the **Federal Register** at 75 FR 80426 on December 22, 2010. Subsequently, DoD published a second proposed rule, under DFARS Case 2012–D001, in the **Federal Register** at 76 FR 64885 on October 19, 2011, to revise and standardize reporting requirements for Government-furnished property to include items uniquely and non-uniquely identified, and to clarify policy for contractor access to Government supply sources. DoD held a public meeting to discuss the second

proposed rule on November 17, 2011. One respondent submitted comments in response to the second proposed rule. Discussions from the public meeting held to discuss the second proposed rule, as well as the public comments, were considered in drafting this final rule.

**II. Discussion and Analysis of the Public Comments**

DoD reviewed the public comments in the development of the final rule. A discussion of the comments and the changes made to the rule as a result of those comments is provided, as follows:

**A. Summary of Significant Changes**

The revisions modify and standardize contractor Government property reporting requirements, making revisions that are necessary given DoD’s emphasis on property accountability. The final rule alters the requirements of the current clause, which requires Defense contractors to report (primarily) Government-furnished equipment items valued at \$5,000 or more, to a new requirement to report all serialized Government-furnished property regardless of unit acquisition value. The revised reporting requirement includes electronic receipt requirements, which will be expanded to non-serialized items by 2014. This effort is consistent with Secretary of Defense memorandum dated October 13, 2011, which emphasizes both asset accountability and the need to accelerate key elements of DoD’s audit readiness plans.

**B. Analysis of Public Comments****1. General**

*Comment:* A respondent stated that the rule is “premature.” The respondent thought that the current DFARS and its associated contract clause at 252.211–7007, Reporting of Government-Furnished Property, should include a summary of end processes for various types of contracts, such as production, depot, or services, and should include references to business rules used in each type of arrangement. The respondent also proposed that the “military departments must own the end to end process and use the IUID registry as a tool to manage process, programs and items. The IUID Registry must be integrated into other DoD business management systems. A stand-alone contractor centric system will not provide sufficient benefits to sustain existence.” In support of its position, the respondent proposed to add to the DFARS text, at 211.274–4, a new paragraph (f) as follows:
