The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The Commission issued a notice on May 11, 2012, accepting the application and soliciting comments, motions to intervene, and competing applications within a 60-day period. This notice is extending to the Shoshone-Paiute Tribe a 30-day period for filing comments, motions to intervene, and competing applications.
