I. Abstract

During FY13 and FY15, the Volcano Hazards Program (VHP) will provide funding for improvement of the volcano

and other monitoring systems and other monitoring-related activities that contribute to mitigation of volcano hazards. This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding under the VHP. We will accept proposals from State geological surveys and academic institutions requesting funds to assist in the monitoring of active volcanoes and to conduct volcano-related research. Financial assistance will be awarded on a competitive basis following the evaluation and ranking of State and academic proposals. VHP proposals will be reviewed by a peer panel of six (6) members. Five (5) members will be Department of the Interior representatives; and one (1) member will be an external representative. To submit a proposal, you must follow the written guideline (that will be made available at www.Grants.gov) and complete a project narrative. The application must be submitted via Grants.gov. Grant recipients must complete a final technical report at the end of the project period. Narrative and report guidance is available through <http://volcanoes.usgs.gov/> and at www.Grants.gov.
