Affected Public: State, local, or tribal governments; Federal agencies or employees; for-profit and non-profit institutions; and individuals or households.

Annual Burden Hours: 17,850.

Number of Respondents: 51,000.
Responses per Respondent: 1.
Average Burden per Response: 21 minutes.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Respondents are individuals or representatives of Federal and non-Federal government agencies, community groups, for-profit and non-profit organizations, and civic organizations requesting Armed Forces support for patriotic events conducted in the civilian domain. DD Forms 2535 and 2536 record the type of military support requested, event data, and sponsoring organization information. The completed forms provide the Armed Forces the minimum information necessary to determine whether an event is eligible for military participation and whether the desired support is permissible and/or available. If the forms are not provided, the review process is greatly increased because the Armed Forces must make additional written and telephonic inquiries with the event sponsor. In addition, use of the forms reduces the event sponsor's preparation time because the forms provide a detailed outline of information required, eliminate the need for a detailed letter, and contain concise information necessary for determining appropriateness of military support. Use of the forms is essential to reduce preparation and processing time, increase productivity, and maximize responsiveness to the public.

Title; Associated Form; and OMB Number: Federal Write-In Absentee Ballot (FWAB), Standard Form 186 (SF-186); OMB Control Number 0704-TBD.

Needs and Uses: The information collection requirement is necessary to fulfill the requirement of the Uniformed and Overseas Absentee Voting Act

(UOCAVA), 46 U. S. C. 1973ff wherein the Secretary of Defense is to prescribe the Federal write-in absentee ballot for absent uniformed service voters and overseas voters in general elections for Federal office.

Affected Public: Individuals or Households: Uniformed Services members, eligible family members, U.S. citizens residing outside the U.S. who have requested a State absentee ballot but did not receive one with enough time to vote and return it, and UOCAVA citizens in States that allow the form to be used to apply for voter registration.

Annual Burden Hours: 300,000.

Number of Respondents: 1,200,000.

Responses per Respondent: 1.

Average Burden per Response: 15 minutes.

Frequency: On occasion.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

Respondents are UOCAVA citizens who desire to vote in a Federal election but did not receive an absentee ballot from their State of residency with enough time to vote and return it. The information provided by these citizens is used by the States to determine if the citizen is a resident of a jurisdiction within that State, has previously requested an absentee ballot (when applicable) and therefore eligible for the enclosed ballot to be counted. In States that allow the form to be used as a voter registration form, the information provided is used by the States to determine if the citizen is a resident of a jurisdiction within that State, and therefore eligible to vote within that jurisdiction and to provide absentee ballots to these citizens for Federal elections held within each calendar year. This form is mandated by 42 U.S.C. 1973ff. The Department of Defense does not receive, collect nor maintain any data provided on the form by these citizens; this data is collected and maintained by the individual States. The burden in the collection of this data resides in the individual States. If the form is not provided, UOCAVA citizens would not have access to the emergency backup ballot and thus, may be disenfranchised from their right as a U.S. citizen to participate in the electoral process. The previous Federal Write-In Absentee Ballot is the edition dated 08-2011. The form has been updated for usability and consistency. The most significant changes on the form are as follows: The Agency Disclosure Statement has been added to the instruction page of the form as per OMB guidance. Block 2 classification has been clarified to include activated National Guard
