SUPPLEMENTARY INFORMATION:

Before Commissioners: Jon Wellinghoff, Chairman; Philip D. Moeller, John R. Norris, Cheryl A. LaFleur, and Tony Clark. Issued April 4, 2013.

1. The Office of Energy Projects and the Office of Electric Reliability maintain regional offices outside the National Capital Region. This Final Rule revises the Commission's Continuity of Operations Plan (COOP) regulations to incorporate its regional offices into the hierarchy of delegation of Commission authority during emergency conditions, and also to revise that hierarchy.

Discussion

2. This Final Rule revises the Commission's COOP regulations to expand the hierarchy list to incorporate staff members at its regional offices; this revision recognizes that staff members working in the National Capital Region may be unavailable or incapable of acting to assume authority during an

emergency, and accordingly this revision allows for delegation of authority to staff members located in regional offices outside the National Capital Region. In addition, this Final Rule revises the hierarchy list to change the order of positions of the General Counsel and Deputy General Counsels on that list, and adds to the hierarchy list the Deputy Director of the Office of Enforcement who inadvertently was not included when the regulations were earlier revised.

Regulatory Flexibility Act

3. The Regulatory Flexibility Act of 1980 (RFA) ¹ generally requires a description and analysis of Final Rules that will have a significant economic impact on a substantial number of small entities. This Final Rule concerns a matter of internal agency procedure and it will not have such an impact. An analysis under the RFA is not required.

Information Collection Statement

4. Office of Management and Budget (OMB) regulations require OMB to approve certain information collection requirements imposed by agency rule.² This Final Rule contains no new information collections. Therefore, OMB review of this Final Rule is not required.

Environmental Analysis

5. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a significant adverse effect on the human environment. Excluded from this requirement are rules that are procedural, ministerial, or internal administrative and management actions.³ This rule is procedural in nature and therefore falls within this exception; consequently, no environmental consideration is necessary.

Effective Date and Congressional Notification

9. The provisions of 5 U.S.C. section 801 regarding Congressional review of Final Rules do not apply to this Final Rule because the rule concerns agency procedure and practice and will not substantially affect the rights of non-agency parties.

10. These regulations are effective on April 10, 2013. The Commission finds that notice and public comments are unnecessary because this rule concerns only agency procedure or practice. Therefore the Commission finds good cause to waive the notice period otherwise required before the effective date of a Final Rule.

Definition of Factual Information and Time Limits for Submission of Factual Information

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Final rule.

SUMMARY: The Department of Commerce (the Department) is modifying its regulations, which define “factual information” and establish time limits for the submission of factual information in antidumping (AD) and countervailing duty (CVD) proceedings. The modifications to the definition of factual information more clearly

describe the types of information that can be submitted by a person or placed on the record by the Department in a segment of the proceeding. The modifications to the time limits enable the Department to efficiently determine the type of information being submitted and whether it is timely filed; they also ensure that the Department has sufficient opportunity to review submissions of factual information.

DATES: *Effective date:* May 10, 2013.

Applicability date: This rule will apply to all segments initiated on or after this date.

SUPPLEMENTARY INFORMATION:

Background

On July 10, 2012, the Department published a proposed modification of its regulations regarding the definition of factual information and time limits for submission of factual information. *See Modification of Regulations Regarding the Definition of Factual Information and Time Limits for Submission of Factual Information*, 77 FR 40534 (July 10, 2012) (*Proposed Rule*). The *Proposed Rule* explained the Department's proposal to modify two of its regulations, to allow for a more accurate classification of factual information, and to establish time limits for the submission of factual information, which are based on the type of factual information that is being submitted. The Department received numerous comments on the *Proposed Rule* and has addressed those comments below. The *Proposed Rule*, comments received, and this final rule can be accessed using the Federal eRulemaking portal at <http://www.Regulations.gov> under Docket Number ITA–2012–0004. After analyzing and carefully considering all of the comments that the Department received in response to the *Proposed Rule*, the Department has adopted the modification, with certain changes, and amended its regulations accordingly.

Explanation of Regulatory Provision and Final Modification

The Department is modifying two regulations related to AD and CVD proceedings: the definition of factual information (19 CFR 351.102(b)(21)), and the time limits for the submission of factual information (19 CFR 351.301). Prior to this modification, 19 CFR 351.102(b)(21) defined factual information as: “(i) initial and supplemental questionnaire responses; (ii) data or statements of fact in support
