Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of this program is to ensure that parents of children with disabilities receive training and information to help improve results for their children.

Priority: In accordance with 34 CFR 75.105(b)(2)(iv) and (v), this priority is from allowable activities specified in the statute, or otherwise authorized in the statute (see sections 671 and 681(d) of the Individuals with Disabilities Education Act (IDEA)).

Absolute Priority: For FY 2013 and any subsequent year in which we make awards from the list of unfunded applicants from this competition, this is an absolute priority. Under 34 CFR 75.105(c)(3), for this competition, we consider only applications that meet this priority.

This priority is:

Parent Training and Information Centers.

Background:

Almost 35 years of research and experience has demonstrated that the education of children with disabilities can be made more effective by strengthening the ability of parents to participate fully in the education of their children at school and at home (see section 601(c)(5)(B) of IDEA).

This notice announces a priority designed to help ensure that parents of children with disabilities have the training and information they need to participate in the education of their children.

Parent Training and Information Centers (PTIs) are designed to meet the needs of parents of children with disabilities living in the States, regions of the States, or territories served by the PTIs, particularly underserved parents and parents of children who may be inappropriately identified as having a disability. Under this priority, PTIs will, consistent with section 671 of IDEA, provide parents of children with disabilities with the training and information they need to enable them to participate cooperatively and effectively in helping their children to—

(a) Meet developmental and functional goals and the challenging academic achievement standards that have been established for all children; and

(b) Be prepared to lead productive independent adult lives, to the maximum extent possible.

The following Web site provides further information on the work of previously funded PTIs:

www.parentcenternetwork.org.

Priority:

To be considered for funding under this absolute priority, applicants must meet the application requirements contained in the priority. All projects funded under the absolute priority also must meet the programmatic and administrative requirements specified in the priority.

Application Requirements: An applicant must include in its application—

(a) A logic model that depicts, at a minimum, the goals, activities, outputs, and outcomes of the proposed project. A logic model communicates how a project will achieve its outcomes and provides a framework for both the formative and summative evaluations of the project;

Note: The following Web sites provide more information on logic models: www.researchutilization.org/matrix/logicmodel_resource3c.html and http://archive.tadnet.org/model_and_performance?format=html.

(b) A plan to implement the activities described in the *Project Activities* section of this priority;

(c) A plan, linked to the proposed project's logic model, for a formative evaluation of the proposed project's activities. The plan must describe how the formative evaluation will use clear performance objectives to ensure continuous improvement in the operation of the proposed project, including objective measures of progress in implementing the project and ensuring the quality of products and services;

(d) A budget for attendance at the following:

(1) The three-day Leadership Conference in Washington, DC during each year of the project period.

(2) The two-day Regional Technical Assistance for Parent Centers Conference, in the region in which the PTI is located, during each year of the project period. Applicants should refer to www.parentcenternetwork.org for a list of regions; and

(e) A description specifying the special efforts the PTI will make to:

(1) Ensure that the needs for training and information of underserved parents of children with disabilities in the area to be served, including parents of children attending high-poverty schools¹ and the State's persistently lowest-achieving schools,² are effectively met; and

(2) Work with community-based organizations, including those that work with low-income parents and parents of limited English proficient children.

¹ For the purpose of this notice, the term "high-poverty school" means a school in which at least 50 percent of students are eligible for free or reduced-price lunches under the Richard B. Russell National School Lunch Act or in which at least 50 percent of students are from low-income families as determined using one of the criteria specified under section 1113(a)(5) of the Elementary and Secondary Education Act of 1965, as amended. For middle and high schools, eligibility may be calculated on the basis of comparable data from feeder schools. Eligibility as a high-poverty school under this definition is determined on the basis of the most currently available data.

² For the purpose of this notice, the term "persistently lowest-achieving schools means," as determined by the State—

(a)(1) Any Title I school in improvement, corrective action, or restructuring that (i) Is among the lowest-achieving five percent of Title I schools in improvement, corrective action, or restructuring or the lowest-achieving five Title I schools in improvement, corrective action, or restructuring in the State, whichever number of schools is greater; or (ii) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years; and (2) Any secondary school that is eligible for, but does not receive, Title I funds that—(i) Is among the lowest-achieving five percent of secondary schools or the lowest-achieving five secondary schools in the State that are eligible for, but do not receive, Title I funds, whichever number of schools is greater; or (ii) Is a high school that has had a graduation rate as defined in 34 CFR 200.19(b) that is less than 60 percent over a number of years.

(b) To identify the persistently lowest-achieving schools, a State must take into account both—(i) The academic achievement of the "all students" group in a school in terms of proficiency on the State's assessments under section 1111(b)(3) of the ESEA in reading/language arts and mathematics combined; and (ii) The school's lack of progress on those assessments over a number of years in the "all students" group. For the purposes of this priority, the Department considers schools that are identified as Tier I or Tier II schools under the School Improvement Grants Program (see 75 FR 66363) as part of a State's approved FY 2009, FY 2010, or FY 2011 application to be persistently lowest-achieving schools. A list of these Tier I and Tier II schools can be found on the Department's Web site at www2.ed.gov/programs/sif/index.html.

Project Activities: To meet the requirements of this priority, the PTI, at a minimum, must—

(a) Maintain a Web site that contains, at a minimum, a current calendar of upcoming events, free informational publications for families, and links to webinars or other online multimedia resources. The Web site must also meet government or industry-recognized standards for accessibility. Applicants can find more information regarding Web site accessibility at: <http://webaim.org>;

(b) Provide training and information that meets the training and information needs of parents of children with disabilities living in the area served by the PTI, particularly underserved parents and parents of children who may be inappropriately identified as having a disability and including parents of children attending high-poverty schools and the State's persistently lowest-achieving schools;

(c) Serve the parents of infants, toddlers, and children from ages birth through 26, with the full range of disabilities described in section 602(3) of IDEA;

(d) Ensure that the training and information provided meets the needs of low-income parents and parents of limited English proficient children;

(e) Assist parents to—

(1) Better understand the nature of their children's disabilities and their educational, developmental, and transitional needs;

(2) Communicate effectively and work collaboratively with personnel responsible for providing special education, early intervention services, transition services, and related services;

(3) Participate in decision-making processes, including those regarding participation in State and local assessments, and the development of individualized education programs under Part B of IDEA and individualized family service plans under Part C of IDEA;

(4) Obtain appropriate information about the range, type, and quality of—

(i) Options, programs, services, technologies, practices, and interventions that are based on scientifically based research, to the extent practicable; and

(ii) Resources available to assist children with disabilities and their families in school and at home, including information available through the Office of Special Education's (OSEP's) technical assistance and dissemination centers (www.tadnet.org) and through communities of practice (www.tadnet.org/communities);

(5) Understand the requirements of IDEA related to the provision of education and early intervention services to children with disabilities;

(6) Participate in activities at the school level that benefit their children; and

(7) Participate in school reform activities;

(f) In States where the State elects to contract with the PTIs, contract with the State educational agency (SEA) to provide, consistent with subsections (B) and (D) of section 615(e)(2) of IDEA, individuals to meet with parents to explain the mediation process;

(g) Assist parents in resolving disputes in the most expeditious and effective way possible, including encouraging the use, and explaining the benefits, of alternative methods of dispute resolution such as the mediation process described in section 615(e) of IDEA;

(h) Assist parents and students with disabilities to understand their rights and responsibilities under IDEA, including those under section 615(m) of IDEA upon the student's reaching the age of majority (as appropriate under State law);

(i) Assist parents to understand the availability of, and how to effectively use, procedural safeguards provided under IDEA, including the resolution session described in section 615(e);

(j) Assist parents in understanding, preparing for, and participating in, the resolution session described in section 615(f)(1)(B) of IDEA;

(k) Establish cooperative partnerships with any Community Parent Resource Centers (CPRCs) and any other PTIs funded in the State under sections 672 and 671 of IDEA, respectively;

(l) Network with appropriate clearinghouses, including organizations conducting national dissemination activities under section 663 of IDEA and the Department's Institute of Education Sciences, and with other national, State, and local organizations and agencies such as protection and advocacy agencies that serve parents and families of children with the full range of disabilities described in section 602(3) of IDEA;

(m) Respond to requests from OSEP for information about the needs and experiences of parents served by the PTI to inform OSEP's analysis of State progress towards improving outcomes for children with disabilities;

(n) Annually report to the Department on—

(1) The number and demographics of parents to whom the PTI provided information and training in the most recently concluded fiscal year,

including additional information regarding the parents' unique needs and the levels of service provided to them; and

(2) The effectiveness of strategies used to reach and serve parents, including underserved parents of children with disabilities such as parents of children attending high-poverty schools and the State's persistently lowest achieving schools, by providing evidence of how those parents were served effectively;

(o) Respond to requests from the OSEP-funded National and Regional Parent Training Assistance Centers (PTACs) and use the technical assistance services of the National and Regional PTACs in order to serve the families of infants, toddlers, and children with disabilities as efficiently as possible. Regional PTACs are charged with assisting PTIs and CPRCs with administrative and programmatic issues;

(p) In collaboration with OSEP and the National PTAC, participate in an annual collection of program data for the PTIs and CPRCs funded under sections 671 and 672 of IDEA, respectively; and

(q) Maintain ongoing communication with the OSEP Project Officer through phone conversations and email communication.

In addition, the PTI's board of directors must meet not less than once in each calendar quarter to review the activities for which the award was made, and annually submit to the Secretary a written review of the PTI's activities conducted during the preceding fiscal year.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (APA) (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on proposed priorities and requirements. Section 681(d) of IDEA, however, makes the public comment requirements of the APA inapplicable to the priorities in this notice.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in

accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Parent Training and Information Centers competition, CFDA number 84.328M, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the Parent Training and Information Centers competition at www.Grants.gov. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.328, not 84.328M).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and you submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material. Additional, detailed information on how to attach files is in the application instructions.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-

specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or
- You do not have the capacity to upload large documents to the Grants.gov system; and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevent you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Carmen Sanchez, U.S. Department of Education, 400 Maryland Avenue SW., Room 4057, PCP, Washington, DC 20202-2600. FAX: (202) 245-7617.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this program are from 34 CFR 75.210 and are listed in the application package.

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Additional Review and Selection Process Factors:* In the past, the

Department has had difficulty finding peer reviewers for certain competitions because so many individuals who are eligible to serve as peer reviewers have conflicts of interest. The Standing Panel requirements under section 682(b) of IDEA also have placed additional constraints on the availability of reviewers. Therefore, the Department has determined that, for some discretionary grant competitions, applications may be separated into two or more groups and ranked and selected for funding within specific groups. This procedure will make it easier for the Department to find peer reviewers, by ensuring that greater numbers of individuals who are eligible to serve as reviewers for any particular group of applicants will not have conflicts of interest. It also will increase the quality, independence, and fairness of the review process, while permitting panel members to review applications under discretionary grant competitions for which they also have submitted applications. However, if the Department decides to select an equal number of applications in each group for funding, this may result in different cut-off points for fundable applications in each group.

4. *Special Conditions:* Under 34 CFR 74.14 and 80.12, the Secretary may impose special conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 34 CFR parts 74 or 80, as applicable; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved

application as part of your binding commitments under the grant.

3. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. *Performance Measures:* Under the Government Performance and Results Act of 1993, the Department has established a set of performance measures, including long-term measures, that are designed to yield information on various aspects of the effectiveness and quality of the Training and Information for Parents of Children with Disabilities program. The measures focus on the extent to which projects provide high-quality materials, the relevance of project products and services to educational and early intervention policy and practice, and the usefulness of products and services to improve educational and early intervention policy and practice.

Grantees will be required to provide information related to these measures in annual reports submitted to the Department.

Grantees also will be required to report information on their projects' performance in annual reports to the Department (34 CFR 75.590).

5. *Continuation Awards:* In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation award, the Secretary also considers whether the grantee is operating in

compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
