SUPPLEMENTARY INFORMATION:**A. Purpose**

GSA is amending the General Services Administration Acquisition Regulation (GSAR) to revise GSAR/GSAM clauses to address use of the Industrial Funding Fee (IFF) under the Multiple Award Schedules (MAS) Program, to reflect the current use of the Industrial Funding Fee including the authority to offset losses in other Federal Acquisition Service (FAS) programs and fund initiatives that benefit other FAS programs.

Public comments are particularly invited on: Whether this collection of information is necessary and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate and based on valid assumptions and methodology; and ways to enhance the quality, utility, and clarity of the information to be collected.

B. Discussion and Analysis

One comment pertaining to the collection was received.

Comment 1: Commenter supports the proposed change to the GSAR that will increase the transparency of how the IFF is used. However, felt that the estimated burden was understated based on the time and money vendors spend developing systems to track purchases and ensuring that reporting is accurate.

GSA Response: Estimated burden hours already take into consideration the varying amount of time it can take to comply with the clause each quarter and is meant to represent an average across the entire Multiple Award Schedules Program.

No changes were made to the collection as a result of the comment received.

BILLING CODE 6820-61-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[CFDA Number: 93.095]

Announcing the Award of a New Single-Source Award to the National Council on Family Violence in Austin, TX

AGENCY: Family and Youth Services Bureau, ACYF, ACF, HHS.

ACTION: Notice of the award of a single-source cooperative agreement to the National Council on Family Violence to support the National Domestic Violence Hotline (Hotline).

SUMMARY: The Administration for Children and Families (ACF), Administration on Children, Youth and Families (ACYF), Family and Youth Services Bureau (FYSB), Division of Family Violence and Prevention Services (DFVPS) announces the award of a single-source cooperative agreement in the amount of \$275,000 to the National Council on Family Violence in Austin, TX, for the Hotline. The Hotline, currently funded under the Family Violence Prevention and Services Act, provides direct services and referrals nationally for victims of family violence, domestic violence, and dating violence.

DATES: The period of support for this award is May 1, 2013 through April 30, 2015.

FOR FURTHER INFORMATION CONTACT:

Angela Yannelli, Senior Program Specialist, Division of Family Violence Prevention and Services, 1250 Maryland Avenue SW., Suite 8210, Washington, DC 20024. Telephone: 202-401-5524; Email: Angela.Yannelli@acf.hhs.gov.

SUPPLEMENTARY INFORMATION: Award funds will support the efforts of the Hotline in providing critical services to victims of Hurricane Sandy that are also victims of family violence, domestic violence, and dating violence within the

states of New Jersey and New York. The Hotline will conduct training for current disaster responders, provide training and technical assistance to local programs that run hotlines/crisis lines, and develop a public awareness campaign to publicize the various ways to contact the Hotline, the Teen Dating Abuse Helpline, state hotlines, and local program hotlines.

Reports from the New York and New Jersey Disaster Task Forces indicate the need for training on domestic violence in disaster response situations and on making connections to appropriate services for disaster case managers and for state, regional, and federal staff involved with on-scene response. Front-line disaster relief staff and volunteers may be the first responders to observe domestic violence in families they are supporting; however, they may not be able to discern signs of domestic violence due to a lack of training. In fact, many responders may confuse the stresses of the disaster with the stresses of domestic violence on the victim and may overlook abusive behaviors on the part of the intimate partner as signs of stress from the disaster.

Though based in Austin, TX, the Hotline's experience in providing victim advocacy, referrals, and program support makes it well-positioned to provide training to disaster responders in New York and New Jersey. Training will concentrate on protocols and referral procedures, accessing domestic violence services, recognizing the warning signs of domestic violence, safety planning, and maintaining ongoing health and wellness initiatives during the crisis response and recovery phase. In this effort, the Hotline will partner with the New Jersey Coalition for Battered Women, the New York State Coalition Against Domestic Violence, and national experts on domestic violence and disaster response to develop and offer appropriate and effective training.

Statutory Authority: Public Law 113-2, Disaster Relief Appropriations Act of 2013.

Bryan L. Samuels,

Commissioner, Administration on Children, Youth and Families.

Information Collection Request Title: Patient Survey—Health Centers (OMB No. 0915-xxxx)—[NEW]

Abstract: The Health Center program supports Community Health Centers (CHCs), Migrant Health Centers (MHCs), Health Care for the Homeless (HCH) programs, and Public Housing Primary Care (PHPC) programs. Health Centers (HCs) receive grants from HRSA to provide primary and preventive health care services to medically underserved populations. The proposed Patient Survey will collect information about HC patients, regarding their health status, the reasons for seeking care at HCs, their health-related diagnoses, health services they obtain at HCs and from other healthcare settings, the quality of those services received, and their satisfaction with the care they received. This information will be collected through in-person interviews from a nationally representative sample of HC patients. Prior to the deployment of the national study, a cognitive pre-test will be conducted to refine and test the face validity and internal validity of questions in the survey instrument in different languages, and test the survey sampling methodologies and procedures. The pre-test will include cognitive interviews to ensure that the questions are being understood as were intended. Interviews conducted in the pre-test and the national study are
