I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the operation of its New Market Model Pilot, currently scheduled to expire on July 31, 2013, until the earlier of Securities and Exchange Commission (“Commission”) approval to make such pilot permanent or January 31, 2014. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the operation of its New Market Model Pilot (“NMM Pilot”) that was adopted pursuant to its merger with the New York Stock Exchange LLC (“NYSE”).⁴ The NMM Pilot was approved to operate until October 1, 2009. The Exchange filed to extend the operation of the Pilot to November 30, 2009, March 30, 2010, September 30, 2010, January 31, 2011, August 1, 2011, January 31, 2012, July 31, 2012, January 31, 2013, and July 31, 2013, respectively.⁵ The Exchange now seeks to extend the operation of the NMM Pilot, currently scheduled to expire on July 31, 2013, until the earlier of Commission approval to make such pilot permanent or January 31, 2014.

The Exchange notes that parallel changes are proposed to be made to the rules of NYSE.⁶

⁴ NYSE Euronext acquired The Amex Membership Corporation (“AMC”) pursuant to an Agreement and Plan of Merger, dated January 17, 2008 (the “Merger”). In connection with the Merger, the Exchange's predecessor, the American Stock Exchange LLC (“Amex”), a subsidiary of AMC, became a subsidiary of NYSE Euronext called NYSE Alternext US LLC. Subsequently, NYSE Alternext US LLC was renamed NYSE Amex LLC, which was then renamed NYSE MKT LLC and continues to operate as a national securities exchange registered under Section 6 of the Securities Exchange Act of 1934, as amended (the “Act”). Background⁷

In December 2008, the Exchange implemented significant changes to its equities market rules, execution technology and the rights and obligations of its equities market participants all of which were designed to improve execution quality on the Exchange. These changes are all elements of the Exchange's enhanced market model that it implemented through the NMM Pilot.

As part of the NMM Pilot, the Exchange eliminated the function of equity specialists on the Exchange creating a new category of market participant, the Designated Market Maker or DMM.⁸ The DMMs, like specialists, have affirmative obligations to make an orderly market, including continuous quoting requirements and obligations to re-enter the market when reaching across to execute against trading interest. Unlike specialists, DMMs have a minimum quoting requirement⁹ in their assigned securities and no longer have a negative obligation. DMMs are also no longer agents for public customer orders.¹⁰

In addition, the Exchange implemented a system change that allowed DMMs to create a schedule of additional non-displayed liquidity at various price points where the DMM is willing to interact with interest and provide price improvement to orders in the Exchange's system. This schedule is known as the DMM Capital Commitment Schedule (“CCS”).¹¹ CCS provides the Display Book¹² with the amount of shares that the DMM is willing to trade at price points outside, at and inside the Exchange Best Bid or Best Offer (“BBO”). CCS interest is separate and distinct from other DMM interest in that it serves as the interest of last resort.

The NMM Pilot further modified the logic for allocating executed shares

⁷ The information contained herein is a summary of the NMM Pilot. See Securities Exchange Act Release No. 58845 (October 24, 2008), 73 FR 64379 (October 29, 2008) (SR-NYSE-2008-46) for a fuller description.

¹² The Display Book system is an order management and execution facility. The Display Book system receives and displays orders to the DMMs, contains the order information, and provides a mechanism to execute and report transactions and publish the results to the Consolidated Tape. The Display Book system is connected to a number of other Exchange systems for the purposes of comparison, surveillance, and reporting information to customers and other market data and national market systems.

among market participants having trading interest at a price point upon execution of incoming orders. The modified logic rewards displayed orders that establish the Exchange's BBO. During the operation of the NMM Pilot, orders or portions thereof that establish priority¹³ retain that priority until the portion of the order that established priority is exhausted. Where no one order has established priority, shares are distributed among all market participants on parity.

The NMM Pilot was originally scheduled to end operation on October 1, 2009, or such earlier time as the Commission may determine to make the rules permanent. The Exchange filed to extend the operation of the Pilot on several occasions¹⁴ in order to prepare a rule filing seeking permission to make the above described changes permanent. The Exchange is currently still preparing such formal submission but does not expect that filing to be completed and approved by the Commission before July 31, 2013.

Proposal To Extend the Operation of the NMM Pilot

The Exchange established the NMM Pilot to provide incentives for quoting, to enhance competition among the existing group of liquidity providers and to add a new competitive market participant. The Exchange believes that the NMM Pilot allows the Exchange to provide its market participants with a trading venue that utilizes an enhanced market structure to encourage the addition of liquidity, facilitate the trading of larger orders more efficiently and operates to reward aggressive liquidity providers. As such, the Exchange believes that the rules governing the NMM Pilot should be made permanent. Through this filing the Exchange seeks to extend the current operation of the NMM Pilot until January 31, 2014, in order to allow the Exchange time to formally submit a filing to the Commission to convert the pilot rules to permanent rules.

2. Statutory Basis

The basis under the Securities Exchange Act of 1934 (the "Act") for this proposed rule change is the requirement under Section 6(b)(5) that an exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the

public interest. The Exchange believes that this filing is consistent with these principles because the NMM Pilot provides its market participants with a trading venue that utilizes an enhanced market structure to encourage the addition of liquidity, facilitate the trading of larger orders more efficiently and operates to reward aggressive liquidity providers. Moreover, requesting an extension of the NMM Pilot will permit adequate time for: (i) The Exchange to prepare and submit a filing to make the rules governing the NMM Pilot permanent; (ii) public notice and comment; and (iii) completion of the 19b-4 approval process.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that extending the operation of the NMM Pilot will enhance competition among liquidity providers and thereby improve execution quality on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁵ and Rule 19b-4(f)(6) thereunder.¹⁶ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A)

of the Act and Rule 19b-4(f)(6)(iii) thereunder.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–69826; File No. SR–NYSEArca–2013–66]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Making Non-Substantive, Technical Amendments to Exchange Rule 6.62(o) Correcting Cross Reference to Exchange Rule 6.76B, and to Exchange Rule 6.76A To Correct Cross References to Exchange Rules 6.76A and 6.76B

June 21, 2013.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that, on June 20, 2013, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to make non-substantive, technical amendments to Exchange Rule 6.62(o) to correct a cross reference to Exchange Rule 6.76B, and to Exchange Rule 6.76A to correct cross references to Exchange Rules 6.76A and 6.76B. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, on the Commission's Web site at <http://www.sec.gov>, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to make a non-substantive, technical correction to Exchange Rule 6.62(o), in order to update a cross reference to Exchange Rule 6.76B. Current Rule 6.62(o) incorrectly cross references Rule 6.76B with respect to the routing instructions for NOW Orders. The Exchange proposes to correct the citation to cross reference Rule 6.76A.

The Exchange is also proposing to make two non-substantive, technical corrections to Exchange Rule 6.76A(c)(1)(A), and to make the same two non-substantive, technical corrections to Exchange Rule 6.76A(c)(2)(C), in order to update cross references in each to Exchange Rules 6.76A and 6.76B. Current Rule 6.76A(c)(1)(A) and Rule 6.76A(c)(2)(C) each incorrectly cross references Rule 6.76A with respect to the order ranking and display provisions governing routing away. The Exchange proposes to correct the citation in each rule to cross reference Rule 6.76. Rule 6.76A(c)(1)(A) and Rule 6.76A(c)(2)(C) also each incorrectly cross references Rule 6.76B with respect to the order execution provisions governing routing away. The Exchange proposes to correct the citation in each rule to cross reference Rule 6.76A.

2. Statutory Basis

The Exchange believes that the proposal is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Section 6(b)(5),⁵ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and

open market and, in general, to protect investors and the public interest. The Exchange believes it is appropriate to make technical corrections to its rules so that Exchange members and investors have a clear and accurate understanding of the meaning of the Exchange's rules. The correction of the cross references in Rules 6.62(o) and 6.76A will serve to eliminate a potential source of confusion for Exchange Participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change is non-substantive and therefore does not implicate the competition analysis.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁶ and Rule 19b–4(f)(6) thereunder.⁷ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b–4(f)(6)⁸ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b–4(f)(6)(iii),⁹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative

⁶ 15 U.S.C. 78s(b)(3)(A)(iii).

⁷ 17 CFR 240.19b–4(f)(6). In addition, Rule 19b–4(f)(6) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.
