7. *Unfunded Mandates Reform Act*

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. *Taking of Private Property*

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. *Civil Justice Reform*

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. *Protection of Children*

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. *Indian Tribal Governments*

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. *Energy Effects*

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. *Technical Standards*

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. *Environment*

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a safety zone and, therefore it is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

NPRM Notice of Proposed Rulemaking

A. Regulatory History and Information

The Coast Guard is issuing this temporary final rule after publishing a Notice of Proposed Rulemaking (NPRM) on May 20, 2013 (78 FR 29289). The Coast Guard received no comments on that NPRM and as such, no changes have been made to this safety zone.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register** because it is impracticable and contrary to the public interest. The Coast Guard did not have the necessary event information about this fireworks display in time to provide both a comment period and allow for a 30 day delayed effective date. The Coast Guard was able to take comments on this safety zone prior to publication and enforcement. Immediate action is required to ensure the safety zone is in place to protect participants, crew, spectators, participating vessels, and other vessels and users of the waterway during the event.

B. Basis and Purpose

The Ports and Waterways Safety Act gives the Coast Guard authority to create

and enforce safety zones. The Coast Guard is establishing four temporary safety zones on the navigable waters of the San Diego Bay for the Fourth of July Big Bay Boom. This event will occur between 8:45 p.m. and 10 p.m. on July 4, 2013. The safety zones will include all navigable waters within 1,000 feet of each tug and barge. The tugs and barges will be located in the following approximate positions:

Shelter Island Barge: 32°42.8' N,
117°13.2' W

Harbor Island Barge: 32°43.3' N,
117°12.0' W

Embarcadero Barge: 32°42.9' N,
117°10.8' W

Seaport Village Barge: 32°42.2' N,
117°10.0' W

These temporary safety zones are necessary to provide for the safety of the crew, spectators, and participants of the event, participating vessels, and other vessels and users of the waterway.

C. Discussion of Comments, Changes and the Final Rule

The Coast Guard received 0 comments on the NPRM for this rule and as such, no changes have been made to the final rule.

The Coast Guard is establishing safety zones that will be enforced from 8:45 p.m. until 10 p.m. on July 4, 2013. These safety zones are necessary to provide for the safety of the crews, spectators, participants, and other vessels and users of the waterway. Persons and vessels would be prohibited from entering into, transiting through, or anchoring within this safety zone unless authorized by the Captain of the Port, or his designated representative. The temporary safety zones include a portion of waters in the San Diego Bay.

Before the effective period, the Coast Guard will publish a Coast Guard District Eleven Local Notice to Mariners information on the event and associated safety zones. Immediately before and during the fireworks display, Coast Guard Sector San Diego Joint Harbor Operations Center will issue Broadcast Notice to Mariners on the location and enforcement of the safety zones.

Vessels will be able to transit the surrounding area and may be authorized to transit through the safety zones with the permission of the Captain of the Port or the designated representative. Before activating the zones, the Coast Guard will notify mariners by appropriate means including but not limited to Local Notice to Mariners and Broadcast Notice to Mariners.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes or executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. This determination is based on the size, duration and location of the safety zones. The safety zones are relatively small in size, less than half a mile across, and short in duration, 75 minutes long. Although the safety zones would apply to multiple parts of San Diego Bay, traffic would be allowed to pass through the zone with the permission of the Captain of the Port. Additionally, before the effective period, the Coast Guard will publish a Local Notice to Mariners.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

(1) This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit or anchor in specified portions of San Diego Bay from 8:45 p.m. to 10 p.m. on July 4, 2013.

(2) This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: The safety zone will only be in effect for one hour and fifteen minutes late in the evening when vessel traffic is low. Vessel traffic can transit safely around the safety zones while the zones are in effect.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a

State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one

of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves establishment of a temporary safety zone. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**.

Federal Pell Grant Program

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Final rule.

SUMMARY: The Secretary adopts as final, without change, the interim final rule published on May 2, 2012, that amended regulations for the Federal Pell Grant program, to prohibit a student from receiving two consecutive Federal Pell Grants in a single award year. The final amendments implement provisions of the Higher Education Act of 1965 (HEA), as amended by the Department of Defense and Full-Year Continuing Appropriations Act, 2011.

DATES: Effective July 2, 2013.

FOR FURTHER INFORMATION CONTACT: Jacquelyn C. Butler, U.S. Department of Education, Office of Postsecondary Education, 1990 K Street NW., Room 8053, Washington, DC 20006-8542. Telephone: (202) 502-7890.

under **FOR FURTHER INFORMATION CONTACT.**

SUPPLEMENTARY INFORMATION: On May 2, 2012, the Secretary published an interim final rule in the **Federal Register** (77 FR 25893), corrected on July 11, 2012 (77 FR 40805), implementing provisions of the Higher Education Act of 1965 (HEA), as amended by the Department of Defense and Full-Year Continuing Appropriations Act, 2011, Public Law 112-10, § 1860(a)(2), 125 Stat. 169-70 (2011).

In the interim final rule, the Secretary—

- Delineated the conditions for calculating a Federal Pell Grant for a payment period (77 FR 25894);
- Removed the provision for awarding Federal Pell Grant payments from two Scheduled Awards (77 FR 25894);
- Specified when an institution may assign a crossover payment period that occurs over two award years (77 FR 25894);
- Specified when an institution may pay a transfer student attending more than one institution during an award year (77 FR 25894); and
- Removed regulations that established procedures for awarding a student his or her second Scheduled Award in an award year (77 FR 25895).

The interim final rule was effective on the date of publication, May 2, 2012, and the Secretary requested public comment on whether changes to the regulations were warranted. Additionally, the interim final rule was corrected on July 11, 2012 (77 FR 40805). After considering all comments, the Secretary adopts the interim final rule without change. This document contains a discussion of the comments we received.

Analysis of Comments and Changes

In response to the Secretary's invitation, 10 parties submitted comments on the interim final rule.

An analysis of the comments received since publication of the interim final rule follows. We group major issues according to subject, with appropriate sections of the regulations referenced in parentheses. Generally, we do not address technical and other minor changes—and suggested changes the law does not authorize the Secretary to make.

General Comments

Comments: Several commenters expressed support for the regulatory changes in the interim final rule. One commenter objected to the Secretary's

decision to waive rulemaking. The commenter noted that the public should have the opportunity to comment on proposed regulations through a notice of proposed rulemaking.

Discussion: The Secretary appreciates the commenters' support. We disagree with the comment that these regulations should have been submitted to the public as proposed regulations for notice and comment. As we discussed in the interim final rule, under the *Waiver of Rulemaking and Delayed Effective Date* section, the Department generally offers interested parties the opportunity to comment on proposed regulations in accordance with the Administrative Procedure Act (APA) (5 U.S.C. 553). However, the APA provides that an agency is not required to conduct notice and comment rulemaking when the agency for good cause finds that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest (5 U.S.C. 553(b)(B)). The Secretary determined that there was good cause to waive rulemaking under the APA because the statutory change to prohibit a student from receiving two Federal Pell Grants in a single award year would have resulted in some students losing their Federal Pell Grant eligibility if we delayed making the regulatory change to amend § 690.64 (77 FR 25897). Notice and comment to amend §§ 690.63, 690.65, and 690.67 was unnecessary because we merely updated these sections to reflect statutory changes in Public Law 112-10 that prohibit a student from receiving two Federal Pell Grants in a single award year.

Changes: None.

Payment Period in Two Award Years (§ 690.64)

Comments: One commenter asked if, for a crossover payment period, more than six months of a payment period occurs in an award year, must the Federal Pell Grant award be made from that award year. Another commenter thanked the Department for the regulatory change under § 690.64(a) and (b), noting that the change would allow an institution to comply with the regulations governing the standards of administrative capability under 34 CFR 668.16 when awarding a Federal Pell Grant.

Discussion: In August 2008, the Higher Education Opportunity Act (HEOA), Public Law 110-315, added section 401(b)(5) to the HEA, and allowed an eligible student to receive two Federal Pell Grant Scheduled Awards during a single award year. Before then, institutions were required
