

Total estimated cost: \$17,467,998 (per year), includes \$5,814 in either annualized capital or operation & maintenance costs.

Changes in the Estimates: The increase in burden from the most recently approved ICR is due to a mathematical correction in labor hours and to an increase in labor costs. This ICR uses rounded estimates of per-respondent technical hours to calculate both industry and agency burden. In addition, this ICR uses updated labor rates from the Bureau of Labor Statistics to calculate burden costs.

John Moses,

Director, Collection Strategies Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for the Manufacture of Amino/Phenolic Resins (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "NESHAP for the Manufacture of Amino/Phenolic Resins (40 CFR Part 63, Subpart OOO) (Renewal)" (EPA ICR No. 1869.07, OMB Control No. 2060-0434), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through October 31, 2013. Public comments were previously requested via the **Federal Register** (78 FR 33409) on June 4, 2013 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before October 7, 2013.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2013-0338, to: (1) EPA online, using www.regulations.gov (our preferred method), by email to:

docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Learia Williams, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-4113; fax number: (202) 564-0050; email address: williams.learia@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The NESHAP for the Manufacture of Amino/Phenolic Resins were proposed on December 14, 1998, and promulgated on January 20, 2000. The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the Provisions specified at 40 CFR part 63, subpart OOO. Owners or operators of the affected facilities must submit a one-time only report of any physical or operational changes, initial performance tests, and periodic reports and results.

Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports are required semiannually at a minimum.

Form Numbers: None.

Respondents/affected entities: Amino/phenolic resins manufacturing facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart OOO).

Estimated number of respondents: 37 (total).

Frequency of response: Initially, occasionally, quarterly, semiannually, and annually.

Total estimated burden: 22,370 hours (per year). "Burden" is defined at 5 CFR 1320.3(b).

Total estimated cost: \$2,202,893 (per year), includes \$14,800 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an overall decrease in burden and cost for both the respondent and Agency. This is not due to any program changes. The burden decreased since the last ICR renewal due to a revision in the number of respondents. Based on recent industry data and Agency estimates, we have revised the number of affected sources from 40 to 37. This revision also resulted in a corresponding decrease in the total O&M costs.

In addition, this ICR corrects the Agency burden associated with the review of repeat performance tests. This ICR assumes that only 5 percent of respondents will conduct these tests.

John Moses,

Director, Collection Strategies Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Great Lakes Accountability System (Reinstatement)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), Great Lakes Accountability System (Reinstatement) (EPA ICR No. 2379.02, OMB Control No. 2005-0001) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a request to reinstate the ICR. Public comments were previously requested via the **Federal Register** (78 FR 21937) on April 12, 2013 during a 60-day comment period. No comments were received. This notice allows for an additional 30 days

for public comments. A more complete description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments must be submitted on or before October 7, 2013.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-R05-OW-2009-0932 to (1) EPA online using www.regulations.gov (our preferred method) or by mail to: Environmental Protection Agency, Great Lakes National Program Office, Attn: Rita Cestarcic, 77 W. Jackson, Chicago, IL 60604 and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT: Rita Cestarcic, Great Lakes National Program Office, Environmental Protection Agency, 77 W. Jackson, Chicago, IL 60604; telephone number: (312) 886-6815; fax number: (312) 697-2014; email address: cestarcic.rita@epa.gov.
SUPPLEMENTARY INFORMATION: Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Great Lakes National Program Office, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Abstract: In 2010, EPA, in concert with its federal partners, began implementation of the Great Lakes Restoration Initiative (GLRI) that was included in the Department of the Interior, Environment, and Related Agencies Appropriations Act, 2010 (Pub. L. 111-88) and subsequent appropriations. The GLRI invests funds in programs and projects strategically chosen to target the most significant environmental problems in the Great Lakes ecosystem. The legislation called for increased accountability for the GLRI and directed EPA to implement a process to track, measure, and report on progress. As part of this process, federal and non-federal entities receiving GLRI funds are required to submit detailed information on GLRI projects into the Great Lakes Accountability System

(GLAS). The information is necessary to provide an accurate depiction of activities, progress, and results. Information is updated on a quarterly basis.

Form Numbers: None

Respondents/affected entities: Great Lakes Restoration Initiative Funding Recipients

Respondent's obligation to respond:

Required for recipients of GLRI funds

Estimated number of respondents: 113

Frequency of response: Quarterly

Total estimated burden: 2,468 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$140,076.16 (per year), which includes no capital investment or operation & maintenance costs.

Changes in Estimates: There is a decrease of 18,195 hours in the total respondent burden compared with the previous ICR. Overall, EPA has a better understanding of how long it takes respondents to complete forms and historical data to project new respondents and active projects over the next three years. Additionally, (1) there is a decrease in the number of respondents due to overestimated figures in the previous information collection; (2) the number of active grants will continue to decrease, as projects are completed and fewer new grants are awarded; and (3) the lower burden hours reflect increased respondent familiarity with the GLAS and the information collection.

John Moses,

Director, Collection Strategies Division.
