

may be a quick one-step process, the development of the pattern and production of the “master” PROM required much time and expertise. The court noted that it was undisputed that programing altered the character of a PROM. The essence of the article, its interconnections or stored memory, was established by programming. The court concluded that altering the non-functional circuitry comprising a PROM through technological expertise in order to produce a functioning read only memory device, possessing a desired distinctive circuit pattern, was no less a substantial transformation than the manual interconnection of transistors, resistors and diodes upon a circuit board created a similar pattern.

It is your position that the country of origin is the U.S. because the final assembly, programming, customization of the software and testing results in a finished and operational microwave radio.

In this case, the software is developed in Japan and India, and the TRX and the modem are manufactured in Japan, which are significant components that are imported fully assembled. You state in your submission that “in terms of component material value content and functionality, the critical components that impart the essential character of the microwave radios, are of Japanese origin. . . .” The TRX carries the microwave signal, which is the essence of a microwave radio. For all these reasons, we concur that the TRX imparts the essential character to the microwave radios. Further, other significant parts such as the TRX chassis, the branching unit and a cable are produced in Japan. The assembly which occurs in the U.S. does not involve numerous parts and is a rather simple assembly. Given the totality of the factors considered in this case, we find that the country of origin of the microwave radio for government procurement purposes is Japan.

HOLDING:

Based on the facts provided, the microwave radio is considered a product of Japan for government procurement purposes.

Notice of this final determination will be given in the **Federal Register**, as required by 19 CFR 177.29. Any party-at-interest other than the party which requested this final determination may request, pursuant to 19 CFR 177.31, that CBP reexamine the matter anew and issue a new final determination. Pursuant to 19 CFR 177.30, any party-at-interest may, within 30 days after publication of the **Federal Register** notice referenced above, seek judicial

review of this final determination before the Court of International Trade.

Sincerely,

Sandra L. Bell,

SUPPLEMENTARY INFORMATION: In
accordance with 24 CFR part 581 and
section 501 of the Stewart B. McKinney
Homeless Assistance Act (42 U.S.C.
11411), as amended, HUD is publishing
this Notice to identify Federal buildings
and other real property that HUD has
reviewed for suitability for use to assist
the homeless. The properties were
reviewed using information provided to
HUD by Federal landholding agencies
regarding unutilized and underutilized
buildings and real property controlled
by such agencies or by GSA regarding
its inventory of excess or surplus
Federal property. This Notice is also
published in order to comply with the
December 12, 1988 Court Order in
*National Coalition for the Homeless v.
Veterans Administration*, No. 88-2503-
OG (D.D.C.).

Properties reviewed are listed in this
Notice according to the following
categories: Suitable/available, suitable/
unavailable, and suitable/to be excess,
and unsuitable. The properties listed in
the three suitable categories have been
reviewed by the landholding agencies,
and each agency has transmitted to
HUD: (1) Its intention to make the
property available for use to assist the
homeless, (2) its intention to declare the

property excess to the agency's needs, or
(3) a statement of the reasons that the
property cannot be declared excess or
made available for use as facilities to
assist the homeless.

Properties listed as suitable/available
will be available exclusively for
homeless use for a period of 60 days
from the date of this Notice. Where
property is described as for "off-site use
only" recipients of the property will be
required to relocate the building to their
own site at their own expense. Homeless
assistance providers interested in any
such property should send a written
expression of interest to HHS, addressed
to Theresa Ritta, Office of Enterprise
Support Programs, Program Support
Center, HHS, Room 12-07, 5600 Fishers

utilize a suitable property, providers should
submit their written expressions of interest
as soon as possible. For complete details
concerning the processing of applications,
the reader is encouraged to refer to the
interim rule governing this program, 24
CFR part 581.

For properties listed as suitable/to be
excess, that property may, if subsequently
accepted as excess by GSA, be made
available for use by the homeless in
accordance with applicable law, subject
to screening for other Federal use. At the
appropriate time, HUD will publish the
property in a Notice showing it as either
suitable/available or suitable/unavailable.

For properties listed as suitable/
unavailable, the landholding agency has
decided that the property cannot be
declared excess or made available for
use to assist the homeless, and the
property will not be available.

Properties listed as unsuitable will
not be made available for any other
purpose for 20 days from the date of this
Notice. Homeless assistance providers
interested in a review by HUD of the
determination of unsuitability should
call the toll free information line at 1-
800-927-7588 for detailed instructions
or write a letter to Ann Marie Oliva at
the address listed at the beginning of
this Notice. Included in the request for
review should be the property address
