

organizations or businesses, will be made available for public disclosure in their entirety.

Decision

We issued an ITP to the City of Austin for implementation of the preferred alternative as it is described in the BSP HCP. Our decision is based on a thorough review of the alternatives and their environmental consequences. Implementation of this decision entails issuance of the ITP by the Service and full implementation of the BSP HCP by the City of Austin, including minimization and mitigation measures, monitoring and adaptive management, and complying with all terms and conditions in the ITP.

Authority

We provide this notice under section 10(c) of the Act and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA and its implementing regulations (40 CFR 1506.6).

Joy E. Nicholopoulos,

Acting Regional Director, Southwest Region, Albuquerque, New Mexico.

South Farallon Islands Invasive House Mouse Eradication Project; Farallon National Wildlife Refuge, California; Revised Draft Environmental Impact Statement

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for public comment.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), advise the public that we are issuing a revised Draft Environmental Impact Statement (revised DEIS) for the South Farallon Islands Invasive House Mouse Eradication Project on the Farallon National Wildlife Refuge, CA. If you have previously submitted comments, please do not resubmit them, because we have already incorporated them in the public record and will fully consider them in our final EIS.

DATES: To ensure consideration, please send your written comments on or before December 9, 2013. Comments submitted electronically using the Federal eRulemaking Portal (see **ADDRESSES** section, below) must be

received by 11:59 p.m. Eastern Time on the closing date.

ADDRESSES: Document Availability: You may obtain copies of the documents in the following places:

- *Internet:* <http://www.regulations.gov> (Docket Number FWS-R8-NWRS-2013-0036).

- *In-Person:*

- San Francisco Bay National Wildlife Refuge Complex Headquarters, 1 Marshlands Road, Fremont, CA 94555.

- San Francisco Public Library, 100 Larkin Street, San Francisco, CA 94102.

Submitting Comments: You may submit written comments by one of the following methods:

- *Electronically:* Go to the Federal eRulemaking Portal: <http://www.regulations.gov>. In the Search box, enter FWS-R8-NWRS-2013-0036, which is the docket number for this notice. Then, click on the project link to access documents and submit a comment. To access the revised DEIS, click on Open Docket Folder.

- *By hard copy:* Submit by U.S. mail or hand-delivery to: Public Comments Processing, Attn: FWS-R8-NWRS-2013-0036; Division of Policy and Directives Management; U.S. Fish and Wildlife Service; 4401 N. Fairfax Drive, MS 2042-PDM; Arlington, VA 22203.

We request that you send comments only by the methods described above. We will post all information received on <http://www.regulations.gov>. This generally means that we will post any personal information you provide us (see the Public Comments section below for more information).

FOR FURTHER INFORMATION CONTACT:

Gerry McChesney, Refuge Manager, 510-792-0222, ext. 222 (phone).

SUPPLEMENTARY INFORMATION: On August

16, 2013, we published a **Federal Register** notice (78 FR 50082) announcing the availability of the DEIS for a proposed project to eradicate non-native invasive house mice from the South Farallon Islands, part of the Farallon National Wildlife Refuge off the coast of California. We are now issuing a revised DEIS, to clarify language on the population status of the ashy storm-petrel (*Oceanodroma homochroa*) and revise the assessment of impacts to the ashy storm-petrel under the no action alternative.

For more information on the proposed eradication of invasive house mice from the South Farallon Islands, see our August 16, 2013, notice (78 FR 50082).

Public Comments

We request that you send comments only by one of the methods described in **ADDRESSES**. If you submit a comment via

<http://www.regulations.gov>, your entire comment—including your personal identifying information—will be posted on the Web site. We will post all hardcopy comments on <http://www.regulations.gov> as well. If you submit a hardcopy comment that includes personal identifying information, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so. Comments and materials we receive, as well as documents associated with the notice, will be available for public inspection on <http://www.regulations.gov> at Docket No. FWS-R8-NWRS-2013-0036.

Authority

We provide this notice under the National Environmental Policy Act (NEPA) (42 U.S.C. 4371 *et seq.*) and its implementing regulations (40 CFR 1506.6).

Alexandra Pitts,

Acting Regional Director, Pacific Southwest Region.

Bureau of Land Management

[F-14860-A; LLA940000-L14100000-HY0000-P]

Alaska Native Claims Selection

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of decision approving lands for conveyance.

SUMMARY: As required by 43 CFR 2650.7(d), notice is hereby given that an appealable decision will be issued by the Bureau of Land Management (BLM) to The Kuskokwim Corporation. The decision approves the surface estate in the lands described below for conveyance pursuant to the Alaska Native Claims Settlement Act (43 U.S.C. 1601, *et seq.*). The subsurface estate in these lands will be conveyed to Calista Corporation when the surface estate is conveyed to The Kuskokwim Corporation. The lands are in the vicinity of Georgetown, Alaska, and are located in:

Seward Meridian, Alaska

T. 22 N., R. 45 W.,
Secs. 29 and 32.

Containing 1,280 acres.

Notice of the decision will also be published once a week for four

consecutive weeks in the *Delta Discovery*.

DATES: Any party claiming a property interest in the lands affected by the decision may appeal the decision in accordance with the requirements of 43 CFR part 4 within the following time limits:

1. Unknown parties, parties unable to be located after reasonable efforts have been expended to locate, parties who fail or refuse to sign their return receipt, and parties who receive a copy of the decision by regular mail which is not certified, return receipt requested, shall have until November 25, 2013 to file an appeal.

2. Parties receiving service of the decision by certified mail shall have 30 days from the date of receipt to file an appeal.

Parties who do not file an appeal in accordance with the requirements of 43 CFR part 4 shall be deemed to have waived their rights. Notices of appeal transmitted by electronic means, such as facsimile or email, will not be accepted as timely filed.

ADDRESSES: A copy of the decision may be obtained from: Bureau of Land Management, Alaska State Office, 222 West Seventh Avenue, #13, Anchorage, AK 99513-7504.

FOR FURTHER INFORMATION CONTACT: The BLM by phone at 907-271-5960 or by email at blm_ak_akso_public_room@blm.gov. Persons who use a Telecommunications Device for the Deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the BLM during normal business hours. In addition, the FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the BLM. The BLM will reply during normal business hours.

Ralph L. Eluska, Sr.,
Land Transfer Resolution Specialist, Division Lands and Cadastral.

Notice of Availability of the Final Environmental Impact Statement for the Jump Creek, Succor Creek, and Cow Creek Watersheds Grazing Permit Renewal, Owyhee County, ID

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Land Policy and Management Act of 1976 (FLPMA), as amended, the Bureau of Land Management (BLM) has prepared a Final Environmental Impact Statement (EIS) for the Owyhee Field Office Jump Creek, Succor Creek and Cow Creek Watersheds grazing permit renewal, and by this notice is announcing its availability.

DATES: The BLM will not issue a final decision on the proposal for a minimum of 30 days after the date that the Environmental Protection Agency publishes this notice in the **Federal Register**.

ADDRESSES: Copies of the Jump Creek, Succor Creek and Cow Creek Watersheds Grazing Permit Renewal Final EIS are available for public inspection at Owyhee Field Office, 20 First Avenue West, Marsing, ID 83639; the BLM Boise District Office, 3948 Development Ave., Boise ID 83705; the BLM Idaho State Office, 1387 S. Vinnell Way, Boise ID 83709. Interested persons may also review the Final EIS online at http://www.blm.gov/id/st/en/prog/nepa_register/owyhee_grazing_group/grazing_permit_renewal0.html.

FOR FURTHER INFORMATION CONTACT: Jake Vialpando, Project Manager; telephone 208-373-3814; address 1387 S. Vinnell Way, Boise ID 83709; email jvialpando@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The area covered by the permit renewal requests is located in Owyhee County, Idaho, and encompasses approximately 120,000 acres of public land. In addition to livestock grazing, a variety of other multiple uses exist within this area, including year-long recreation activities, particularly hiking, boating, fishing, hunting, and off-road vehicle use; wild horse management; potential wind energy development and electrical transmission line development. The Owyhee Field Office will continue to consult with the Shoshone-Paiute Tribes and other parties, as applicable, on this action during regular consultation proceedings and briefings. Federal, State, and local agencies, along with other stakeholders who may be

interested or affected by the BLM's decision on this project were invited to comment as well.

The purpose of the action in the Final EIS is to provide for livestock grazing opportunities on public lands using existing infrastructure where such grazing is consistent with meeting management objectives, including the 1997 Idaho Standards for Rangeland Health and Guidelines for Livestock Grazing Management (Idaho S&Gs).

The need is established by the Taylor Grazing Act (TGA), FLPMA, and the 1999 Owyhee Resource Management Plan (ORMP), which require the BLM to respond to new applications or renewals for permits to graze livestock on public land. A detailed analysis of actions and alternative actions identified in the applications for grazing permit renewals is needed because:

- The BLM-Idaho adopted the Idaho S&Gs in 1997. Rangelands should be meeting or making significant progress toward meeting the standards and must provide for proper nutrient cycling, hydrologic cycling, and energy flow. Guidelines direct the selection of grazing management practices and, where appropriate, livestock facilities to promote significant progress toward, or the attainment and maintenance of, the standards.

- The ORMP identifies resource management objectives and management actions that guide the management of a broad spectrum of land uses and allocations for public lands in the Owyhee Field Office. The ORMP allocated public lands within the 25 allotments available for domestic livestock grazing. Where consistent with the goals and objectives of the ORMP and Idaho S&Gs, allocation of forage for livestock use and the issuance of grazing permits to qualified applicants are provided for by the TGA and FLPMA.

Issues were identified by BLM personnel, Federal, State, and local agencies, and other stakeholders during scoping. Some of these key issues include the effects of livestock grazing on rangelands, wild horse herd management areas, wildlife habitats (including Greater Sage-Grouse (GRSG) habitats), as well as the potential for disease transmission between domestic and bighorn sheep. Livestock management modifications are required where current livestock grazing management is determined by the authorized officer to be a significant causal factor for not meeting or not making significant progress toward meeting the Idaho Standards for Rangeland Health, and not achieving ORMP objectives. Evidence suggests that contact between bighorn sheep and
