

Board of Governors of the Federal Reserve System, November 26, 2013.  
**Michael J. Lewandowski,**  
*Associate Secretary of the Board.*  
 [FR Doc. 2013-28777 Filed 11-29-13; 8:45 am]  
**BILLING CODE 6210-01-P**

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Centers for Disease Control and Prevention**

[60 Day-14-0881]

**Proposed Data Collections Submitted for Public Comment and Recommendations**

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-639-7570 or send comments to Leroy Richardson, 1600

Clifton Road, MS-D74, Atlanta, GA 30333 or send an email to *omb@cdc.gov*. Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

**Proposed Project**

Data Calls for the Laboratory Response Network (0920-0881, Expiration 03/31/2014)—Extension-National Center for Emerging and Zoonotic Infectious Diseases (NCEZID, Centers for Disease Control and Prevention (CDC).)

*Background and Brief Description*

The Laboratory Response Network (LRN) was established by the Department of Health and Human

Services, Centers for Disease Control and Prevention (CDC) in accordance with Presidential Decision Directive 39, which outlined national anti-terrorism policies and assigned specific missions to Federal departments and agencies. The LRN's mission is to maintain an integrated national and international network of laboratories that can respond to acts of biological, chemical, or radiological terrorism and other public health emergencies. Federal, state and local public health laboratories voluntarily join the LRN.

The LRN Program Office maintains a database of information for each member laboratory that includes contact information as well as staff and equipment inventories. However, semiannually or during emergency response the LRN Program Office may conduct a Special Data Call to obtain additional information from LRN Member Laboratories in regards to biological or chemical terrorism preparedness. Special Data Calls may be conducted via queries that are distributed by broadcast emails or by survey tools (i.e. Survey Monkey). This is a request for an extension to this generic clearance. The only cost to respondents is their time to respond to the data call.

**ESTIMATED ANNUALIZED BURDEN HOURS**

Type of respondents	Form name	No. of respondents	No. of responses per respondent	Avg. burden per response (in hrs.)	Total burden (in hrs.)
Public Health Laboratorians .....	Special Data Call .....	200	4	30/60	600
Total .....	.....	.....	.....	.....	400

**LeRoy Richardson,**  
*Chief, Information Collection Review Office, Office of Scientific Integrity, Office of the Associate Director for Science, Office of the Director, Centers for Disease Control and Prevention.*

[30 Day-14-0010]

**Agency Forms Undergoing Paperwork Reduction Act Review**

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and

Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call (404) 639-7570 or send an email to *omb@cdc.gov*. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

**Proposed Project**

Birth Defects Study To Evaluate Pregnancy exposureS (BD-STEPS) (formerly titled The National Birth Defects Prevention Study (NBDPS)), (OMB # 0920-0010, Expiration 04/30/2015)—Revision—National Center on Birth Defects and Developmental Disabilities (NCBDDDD), Centers for Disease Control and Prevention (CDC).

*Background and Brief Description*

CDC has been monitoring the occurrence of serious birth defects and genetic diseases in Atlanta since 1967 through the Metropolitan Atlanta Congenital Defects Program (MACDP). The MACDP is a population-based surveillance system for birth defects currently covering three counties in Metropolitan Atlanta.

Since 1997, CDC has funded case-control studies of major birth defects that utilize existing birth defect surveillance registries (including MACDP) to identify cases and study birth defects causes in participating states/municipalities across the United States.

BD-STEPS is a case-control study that is similar to the previous CDC-funded birth defects case-control study, NBDPS, which stopped interviewing participants in 2013. As with NBDPS,

control infants will be randomly selected from birth certificates or birth hospital records; mothers of case and control infants will be interviewed using a computer-assisted telephone interview.

The BD-STEPS interview takes approximately forty-five minutes to complete. A maximum of 275 interviews are planned per year per center, 200 cases and 75 controls. With seven centers planned, the maximum interview burden for all centers combined would be approximately 1,444 hours. As with NBDPS, parents in BD-STEPS will be asked to collect deoxyribonucleic acid (DNA) samples from themselves and their infants. The

collection of saliva cells by the mother, father and infant takes about 15 minutes per person. For the infant sample, the parent will rub long-handled sponges between the infant's cheek and gum; parents will be asked to swab a total of five sponges per infant. The infant's mother and father will be asked to provide their own saliva samples by spitting into a funnel connected to small collection tubes. Collection of the saliva samples takes approximately 2-5 minutes per person, but the estimate of burden is 15 minutes per person to account for reading and understanding the consent form and specimen collection instructions and mailing back the completed kits. The anticipated

maximum burden for collection of the saliva samples for all centers combined would be approximately 1,444 hours.

Information gathered from both the interviews and the DNA specimens has been and will continue to be used to study independent genetic and environmental factors as well as gene-environment interactions for a broad range of carefully classified birth defects. The total estimated annualized burden is 2,888 hours.

This request is submitted to obtain Office of Management and Budget (OMB) clearance for three additional years.

There are no costs to the respondents other than their time.

ESTIMATES OF ANNUALIZED BURDEN HOURS

Respondents	Activity	Number of respondents	Number of responses per respondent	Avg. burden per response (In hours)
Mothers (interview) .....	Telephone consent and BD-STEPS questionnaire.	1,925	1	45/60
Mothers, fathers, infants (saliva samples) .....	Written consent for saliva collection and collection of saliva samples.	5,775	1	15/60

[60 Day-14-0770]

**Agency Information Collection Activities; Proposals, Submissions, and Approvals; Withdrawal**

**AGENCY:** Centers for Disease Control and Prevention (CDC) Center for HIV, Hepatitis, STD, and TB Prevention (NCHHSTP), Department of Health and Human Services (HHS).

**ACTION:** Notice withdrawal.

**SUMMARY:** The Centers for Disease Control and Prevention requests withdrawal from publication the 60-Day **Federal Register** Notice (FRN) 14 0770 concerning the *National HIV Behavioral Surveillance System (NHBS)* (FR Doc. 2013-28281), which was submitted on November 21, 2013 for public inspection in the **Federal Register**.

The purpose behind this notice withdrawal request is that an original

60-day FRN previously published on November 26, 2013 (Document Number—2013-28280). A duplicate 60-day FRN was inadvertently published on November 26, 2013. Please disregard the duplicate FRN.

**DATES:** The duplicate FRN published on [11/26/13] at [Vol. 78, No. 228 Page 70561-70562] is withdrawn as of [11/26/13].

**FOR FURTHER INFORMATION CONTACT:** (404) 639-7570 or send comments to CDC LeRoy Richardson, 1600 Clifton Road, MS D-74, Atlanta, GA 30333 or send an email to *omb@cdc.gov*.

**BILLING CODE 4163-18-P**

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Centers for Disease Control and Prevention**

**Statement of Organization, Functions, and Delegations of Authority**

Part C (Centers for Disease Control and Prevention) of the Statement of Organization, Functions, and

Delegations of Authority of the Department of Health and Human Services (45 FR 67772-76, dated October 14, 1980, and corrected at 45 FR 69296, October 20, 1980, as amended most recently at 78 FR 58309, dated September 23, 2013) is amended to reflect the title change for the CIMS Program Management Office within the Office of the Chief Information Officer, Office of the Chief Operating Officer, Centers for Disease Control and Prevention.

Section C-B, Organization and Functions, is hereby amended as follows:

Delete in its entirety the title for the CIMS Program Management Office (CAJR14) and insert the Acquisition Program Management Office (CAJR14).

Dated: November 8, 2013.
