OMB Control Number: 0420-0549

Type of Request: Extension without change of a currently approved collection.

Affected Public: Individuals/Physicians.

Respondents Obligation to Reply: Voluntary.

Burden to the Public:

- Estimated number of respondents/physicians: 4,000/4,000.
- Estimated average burden per response: 90 minutes/45 minutes.
- Frequency of response: one time.
- Annual reporting burden: 6,000 hours/3,000 hours.

e. Estimated annual cost to respondents: Indeterminate

General Description of Collection: The Peace Corps Act requires that Volunteers receive health examinations prior to their service. The information collected is required for consideration for Peace Corps Volunteer service. After completion of the Health History Form and after passing preliminary non-health-related assessments, the Applicant will be "nominated" to a program. This nomination does not guarantee an invitation to serve, but it does hold a place so the Applicant may proceed with the process. After a review by the Peace Corps pre-service medical staff of the Health History Form and any supplemental forms that the Applicant is required to submit following nomination (covered under OMB control number 0420-0510), the Applicant may be medically pre-cleared. An Applicant who is medically pre-cleared and who accepts an invitation to serve as a Peace Corps Volunteer undergoes a final medical clearance. Final medical clearance is on the basis of a complete physical examination, as documented in a Report of Physical Examination (PC-1790S).

The information contained in the Report of Physical Examination will be used to make an individualized determination as to whether an Applicant for Volunteer service will, with reasonable accommodation, be able to perform the essential functions of a Peace Corps Volunteer and complete a tour of service without undue disruption due to health problems and, if so, to establish the level of medical and other support, if any, that may be required to reasonably accommodate the Applicant.

Request For Comment: Peace Corps invites comments on whether the proposed collections of information are necessary for proper performance of the functions of the Peace Corps, including whether the information will have practical use; the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the information to be collected; and, ways to minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques, when appropriate, and other forms of information technology.

This notice is issued in Washington, DC, on November 21, 2013.

Denora Miller,

FOIA/Privacy Act Officer, Management.
