Notice of Opportunity To Part

Notice of Opportunity To Participate; Criteria and Application Procedures for Participation in the Military Airport Program

**AGENCY:** Federal Aviation Administration (FAA), DOT. **ACTION:** Notice of criteria and application procedures.

**SUMMARY:** This document announces the criteria, application procedures, and schedule to be applied by the Secretary of Transportation in designating or redesignating, and funding capital development for up to 15 current jointuse or former military airports seeking first time designation or redesignation to participate in the MAP.

**DATES:** Applications must be received on or before January 31, 2014.

**ADDRESSES:** Submit an original and two copies of *Standard Form (SF) 424*,

"Application for Federal Assistance," prescribed by the Office of Management and Budget Circular A-102, available at http://www.faa.gov/airports/resources/ forms/media/aip sf424 2010.pdf along with all supporting and justifying documentation required by this notice. Applicant should specifically request to be considered for designation or redesignation to participate in the fiscal year 2014 MAP. Submission should be sent to the Regional FAA Airports Division or Airports District Office that serves the airport. Applicants may find the proper office on the FAA Web site http://www.faa.gov/airports/news information/contact info/regional/ or may contact the office below.

FOR FURTHER INFORMATION CONTACT: Mr. Kendall Ball (Kendall.Ball@faa.gov), Airports Financial Assistance Division (APP–500), Office of Airport Planning and Programming, Federal Aviation Administration (FAA), 800 Independence Avenue SW., Washington, DC 20591, (202) 267–7436.

## SUPPLEMENTARY INFORMATION:

# **General Description of the Program**

The MAP allows the Secretary to designate current joint-use or former military airports to receive grants from the Airport Improvement Program (AIP). The Secretary is authorized to designate an airport (other than an airport designated before August 24, 1994) only if:

(1) The airport is a former military installation closed or realigned under the Title 10 U.S.C. Sec. 2687 (announcement of closures of large Department of Defense installations after September 30, 1977), or under Section 201 or 2905 of the Defense Authorization Amendments and Base Closure and Realignment Acts; or

(2) the airport is a military installation with both military and civil aircraft operations.

The Secretary shall consider for designation only those current joint-use or former military airports, at least partly converted to civilian airports as part of the national air transportation system, that will reduce delays at airports with more than 20,000 hours of annual delays in commercial passenger aircraft takeoffs and landings, or will enhance airport and air traffic control system capacity in metropolitan areas, or reduce current and projected flight delays (49 U.S.C. 47118(c)).

The MAP provides capital development assistance to civil airport sponsors of designated current joint-use military airfields or former military airports that are included in the FAA's National Plan of Integrated Airport

Systems (NPIAS). Airports designated to the MAP may be able to receive grant funds from a set-aside (currently four percent of AIP discretionary funds) for airport development, including certain projects not otherwise eligible for AIP assistance. These airports are also eligible to receive grants from other categories of AIP funding.

# **Number of Airports**

A maximum of 15 airports per fiscal year may participate in the MAP, of which 3 may be General Aviation (GA) airports. There are 8 slots available for designation or redesignation in FY 2014. There are no GA slots available in FY 2014.

#### **Term of Designation**

The maximum term is five fiscal years following designation. The FAA can designate airports for a period of less than five years. The FAA will evaluate the conversion needs of the airport in its capital development plan to determine the appropriate length of designation.

# Redesignation

Previously designated airports may apply for redesignation of an additional term not to exceed five years. Those airports must meet current eligibility requirements in 49 U.S.C. 47118(a) at the beginning of each grant period and have MAP eligible projects. The FAA will evaluate applications for redesignation primarily in terms of warranted projects fundable only under the MAP as these candidates tend to have fewer conversion needs than new candidates. The FAA's goal is to graduate MAP airports to regular AIP participation by successfully converting these airports to civilian airport operations.

# **Eligible Projects**

In addition to eligible AIP projects, MAP can fund fuel farms, utility systems, surface automobile parking lots, hangars, and air cargo terminals up to 50,000 square feet. A designated or redesignated military airport can receive not more than \$7,000,000 each fiscal year to construct, improve, and repair terminal building facilities. In addition a designated or redesignated military airports can receive not more than \$7,000,000 each fiscal year for MAP eligible projects that include hangars, cargo facilities, fuel farms, automobile surface parking, and utility work.

# **Designation Considerations**

In making designations of new candidate airports, the Secretary of Transportation may only designate an airport (other than an airport so
