Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Rocky Intertidal Monitoring Surveys Along the Oregon and California Coasts: Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; correction.

SUMMARY: NMFS incorrectly published a second notice in the **Federal Register** on December 23, 2013, requesting comments on the proposed issuance of an Incidental Harassment Authorization (IHA) pursuant to the Marine Mammal Protection Act (MMPA). NMFS had published the first notice in the **Federal Register** on October 30, 2013, requesting comments from the public for 30 days. The comment period closed on November 29, 2013. The notice that should have published in the **Federal Register** on December 23, 2013, was the notice of issuance of an IHA.

FOR FURTHER INFORMATION CONTACT: Candace Nachman, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Need for Correction

The public comment period for the proposal to issue an IHA to the Partnership for Interdisciplinary Study of Coastal Oceans (PISCO) at the University of California Santa Cruz published in the **Federal Register** on October 30, 2013 (78 FR 64918), requesting comments from the public for 30 days on that proposal. NMFS issued an IHA to PISCO for the proposed action on December 17, 2013, which took into consideration the public comments received at that time. The **Federal Register** notice that NMFS incorrectly published on December 23, 2013 (78 FR 77433), is a duplicate of the original notice from October 2013. The notice that should have published in the **Federal Register** on December 23, 2013, was the notice of issuance of an IHA. NMFS has submitted the notice of issuance to the **Federal Register** for publication. Therefore, NMFS is withdrawing the Notice of Proposed IHA notice of December 23, 2013 (78 FR 77433), as the public was already afforded an opportunity to comment on the proposal, and the final action has already been taken.

Dated: December 23, 2013.

Perry Gayaldo,

Acting Deputy Director, Office of Protected Resources, National Marine Fisheries Service.

SUPPLEMENTARY INFORMATION:

Background

Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses (where relevant), and if the permissible methods of taking, other means of effecting the least practicable impact on the species or stock and its habitat, and requirements pertaining to the mitigation, monitoring and reporting of such takings are set forth. NMFS has defined "negligible impact" in 50 CFR 216.103 as "... an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival."
