The SCAQMD's MOE reduction resulted from a loss of revenues due to circumstances beyond its control. EPA proposes to determine that the SCAQMD lowering the FY2013 MOE level to \$105,096,053 meets the CAA section 105(c) (2) criteria as resulting from a non-selective reduction of expenditures.

This notice constitutes a request for public comment and an opportunity for public hearing as required by the Clean Air Act. All written comments received by April 17, 2014 on this proposal will be considered. EPA will conduct a public hearing on this proposal only if a written request for such is received by EPA at the address above by April 17, 2014. If no written request for a hearing is received, EPA will proceed to the final determination. ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R07-OAR-2013-0817; FRL-9908-01-Region 7]

Approval and Promulgation of Implementation Plans; State of Missouri

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve revisions to the Missouri State Implementation Plan (SIP) which were submitted to EPA on July 12, 2012. This submission revises two heavy duty diesel vehicle idling rules that are applicable in Kansas City and St. Louis. This revision provides clarity to the

rules in the applicability section by listing owners and operators of passenger load/unload locations where commercial, public and institutional heavy-duty vehicles load or unload passengers. The affected parties were unintentionally omitted from the applicability section of the rule even though they are required to comply with the rule in the general provisions section. These revisions do not have an adverse affect on air quality. EPA's approval of these SIP revisions is being done in accordance with the requirements of the Clean Air Act (CAA).

DATES: Comment by April 17, 2014.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R07-OAR-2013-0817, by mail to Paula Higbee, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Paula Higbee, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219 at 913-551-7028, or by email at Higbee.paula@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, EPA is approving the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.

Background

On December 11, 2012, the Commission adopted a Report and Order and Further Notice of Proposed Rulemaking requiring providers and purchasers of special access and certain entities providing "best efforts" service to submit data and information for a comprehensive evaluation of the special access market. In the Further Notice of Proposed Rulemaking (*FNPRM*), the Commission sought comment on possible changes to its rules for granting pricing flexibility for the special access services provided by incumbent local exchange carriers in price cap areas; the Commission invited interested parties to provide such comments after the Commission collected data for the market analysis to enable commenters to include analysis of such data in their comments. The Bureau has been working diligently to implement the data collection, which is subject to the Office of Management and Budget's (OMB) approval per the Paperwork Reduction Act (PRA). In July 2013, the Wireline Competition Bureau (Bureau) extended the deadlines for filing comments and reply comments regarding the rule changes to March 19, 2014, and April 30, 2014, respectively, "so that parties may prepare their comments after the data are collected and made available for review." The Bureau expects to begin collecting data in summer, 2014, following OMB approval of the data collection.

Synopsis

The Wireline Competition Bureau (Bureau) extends the deadline for filing comments and reply comments on section IV.B of the *FNPRM*, 78 FR 2600, January 11, 2013, that was adopted on December 11, 2012 in the special access proceeding. Collection of the data is necessary before parties can comment on the questions posed in the *FNPRM*. Accordingly, we extend the deadline for filing comments and reply comments so that parties may prepare their comments

after the data are collected and made available for review. The new comment date is October 6, 2014, and the new reply comment date is November 17, 2014.

Comment Filing Procedures

Pursuant to §§ 1.415 and 1.419 of the Commission's rules, 47 CFR 1.415, 1.419, interested parties may file comments and reply comments on or before the dates indicated on the first page of this document. with the Commission's *ex parte* rules. Persons making *ex parte* presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentation must (1) list all persons attending or otherwise participating in the meeting at which the *ex parte* presentation was made, and (2) summarize all data presented and arguments made during the presentation.
