

Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Learia Williams, Monitoring, Assistance, and Media Programs Division, Office of Compliance, Mail Code 2227A, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone number: (202) 564-4113; fax number: (202) 564-0050; email address: williams.learia@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: The affected entities are subject to the General Provisions of the NESHAP (40 CFR Part 63, subpart A), and any changes, or additions to the Provisions, specified at 40 CFR Part 63, subparts RRRRRR, SSSSSS, and TTTTTT. Owners or operators of the affected facilities must submit a one-time-only report of any physical or operational changes, initial performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative.

Form Numbers: None.

Respondents/affected entities:

Owners or operators of clay ceramics manufacturing, glass manufacturing, and secondary nonferrous metals processing area sources.

Respondent's obligation to respond: Mandatory (40 CFR Part 63, subparts RRRRRR, SSSSSS, and TTTTTT).

Estimated number of respondents: 82.

Frequency of response: Initially and occasionally.

Total estimated burden: 1,763 hours (per year). "Burden" is defined at 5 CFR 1320.3(b).

Total estimated cost: \$182,301 (per year), which includes \$9,854 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is no change in the labor hours in this ICR compared to the previous ICR. This is due to two considerations: (1) The regulations have not changed over the past three years and are not anticipated to change over the next three years; and (2) the growth rate for the industry is non-existent, so there is no significant change in the overall burden. However, there is an adjustment increase in the respondent burden cost due to an update in labor rates. There is also an adjustment decrease in the total O&M costs due to a correction. The previous ICR included annualized capital costs of initial performance tests and equipment as O&M costs. This ICR corrects the O&M costs to only include ongoing costs to maintain the monitors.

Richard T. Westlund,

Acting Director, Collection Strategies Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NSPS for Commercial and Industrial Solid Waste Incineration (CISWI) Units (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "NSPS for Commercial and Industrial Solid Waste Incineration (CISWI) Units (40 CFR part 60, Subpart CCCC) (Renewal)" (EPA ICR No. 2384.03, OMB Control No. 2060-0662), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through May 31, 2014. Public comments were previously requested via the **Federal Register** (78 FR 35023) on June 11, 2013, during a 60-day comment period. This notice allows for an additional 30 days

for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before April 17, 2014.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2013-0315, to: (1) EPA online, using www.regulations.gov (our preferred method), or by email to: docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW., Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: The NSPS fulfills the requirements of sections 111 and 129 of the Clean Air Act (CAA), which require EPA to promulgate New Source Performance Standard (NSPS) for solid waste incineration units. This regulation amends the 2000 CISWI NSPS currently in affect. The information collection activities required by the NSPS include: Site requirements, operator training and qualification requirements, testing, monitoring and reporting requirements,

one-time and periodic reports, and the maintenance of records. These activities will enable EPA to determine initial compliance with the emission limits for the regulated pollutants, monitor compliance with operating parameters, and ensure that facilities conduct the proper planning and operator training.

Form Numbers: None.

Respondents/affected entities:

Owners and operators of commercial and industrial solid waste incineration units.

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart CCCC).

Estimated number of respondents: 5 (total).

Frequency of response: Initially, occasionally, and annually.

Total estimated burden: 1,036 hours (per year). "Burden" is defined at 5 CFR 1320.3(b).

Total estimated cost: \$451,859 (per year), includes \$350,476 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is an increase in the total estimated respondent burden when compared with the ICR currently-approved by OMB. This increase is due to a multitude of factors including an increase in the respondent universe since the last ICR period, an update to the labor rates, as well as corrections to errors in the burden estimates. The primary correction included revising the number of existing respondents subject to annual reporting and recordkeeping requirements.

There is also an increase in the total capital and O&M costs due to an increase in the number of respondents. In addition, this ICR corrects the number of respondents that have to maintain monitors, which also contributes to the increase in O&M costs.

There is also a decrease in the Agency burden and cost due to several corrections, primarily associated with the frequency of observing initial stack tests and reviewing excess emission reports.

Richard T. Westlund,

Acting Director, Collection Strategies Division.

Human Studies Review Board Advisory Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice. Request for Nominations to the Human Studies Review Board (HSRB) Advisory Committee.

SUMMARY: The Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates with expertise in bioethics to be considered for appointment to its Human Studies Review Board (HSRB) advisory committee. Anticipated vacancies will be filled by September 1, 2014. Sources in addition to this **Federal Register** Notice may also be utilized in the solicitation of nominees.

DATES: Submit nominations by April 11, 2014.

SUPPLEMENTARY INFORMATION:

Background: On February 6, 2006, the Agency published a final rule for the protection of human subjects in research (71 FR 24 6138) that called for creating a new, independent human studies review board (*i.e.*, HSRB). The HSRB is a federal advisory committee operating in accordance with the Federal Advisory Committee Act (FACA) 5 U.S.C. App. 2 § 9 (Pub. L. 92-463). The HSRB provides advice, information, and recommendations to EPA on issues related to scientific and ethical aspects of human subjects research. The major objectives of the HSRB are to provide advice and recommendations on: (1) Research proposals and protocols that include human subjects; (2) reports of completed research with human subjects; and (3) how to strengthen EPA's programs for protection of human subjects of research. The HSRB reports to the EPA Administrator through EPA's Science Advisor. General information concerning the HSRB, including its charter, current membership, and activities can be found on the EPA Web site at <http://www.epa.gov/osa/hsrb/>.

HSRB members serve as special government employees or regular government employees. Members are appointed by the EPA Administrator for either two or three year terms with the possibility of reappointment for additional terms, with a maximum of six years of service. The HSRB usually meets up to four times a year and the typical workload for HSRB members is approximately 25 to 30 hours per meeting, including the time spent at the

meeting. Responsibilities of HSRB members include reviewing extensive background materials prior to meetings of the Board, preparing draft responses to Agency charge questions, attending Board meetings, participating in the discussion and deliberations at these meetings, drafting assigned sections of meeting reports, and helping to finalize Board reports. EPA compensates special government employees for their time and provides reimbursement for travel and other incidental expenses associated with official government business. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

The qualifications of nominees for membership on the HSRB will be assessed in terms of the specific expertise sought for the HSRB. Qualified nominees who agree to be considered further will be included in a "Short List". The Short List of nominee names and biographical sketches will be posted for 14 calendar days for public comment on the HSRB Web site: <http://www.epa.gov/osa/hsrb/index.htm>. The public will be encouraged to provide additional information about the nominees that EPA should consider. At the completion of the comment period, EPA will select new Board members from the Short List. Candidates not selected for HSRB membership at this time may be considered for HSRB membership as vacancies arise in the future or for service as consultants to the HSRB. The Agency estimates that the names of Short List candidates will be posted in June 2014. However, please be advised that this is an approximate time frame and the date is subject to change. If you have any questions concerning posting of Short List candidates on the HSRB Web site, please consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

Members of the HSRB are subject to the provisions of 5 CFR Part 2634, Executive Branch Financial Disclosure, as supplemented by the EPA in 5 CFR Part 6401. In anticipation of this requirement, each nominee will be asked to submit confidential financial information that fully discloses, among other financial interests, the candidate's employment, stocks and bonds, and where applicable, sources of research support. The information provided is strictly confidential and will not be disclosed to the public. Before a candidate is considered further for service on the HSRB, EPA will evaluate each candidate to assess whether there is any conflict of financial interest, appearance of a lack of impartiality, or
