

Exemption by Implied Surrender based on the exemptee's failure to comply with the December 13, 2012 order and Compliance Order. Comments in favor of termination were filed by NMFS; the U.S. Department of the Interior on behalf of the FWS; the Maine Department of Marine Resources; and Clinton B. Townsend on behalf of the Penobscot Indian Nation, Atlantic Salmon Federation, Maine Rivers, Natural Resources Council of Maine, and the Maine Council of Trout Unlimited.

On September 16, 2013, the exemptee filed a report indicating that it would, within 10 days, install its tide gate on the fishway entrance, and file a follow up report on the installation. The report did not address the August 13, 2013 termination notice. On September 17, 2013, Commission staff asked the exemptee to include in its next filing photographs showing that the tide gate had been installed and was operating. On October 7, 2013, the exemptee filed a report indicating that it had installed the tide gate and was adjusting it, and was planning to begin other fish passage work, but failed to include photographs of the tide gate. On October 18, 2013, the exemptee indicated that it was continuing to work with its tide gate, and expressed disagreement with the agencies regarding fish passage designs. On October 31, November 1, and November 7, 2013, NMFS and FWS personnel inspected the exemptee's tide gate, and determined that its design was unsatisfactory because of problems with size, elevation, and durability.

The exemptee has knowingly violated the terms of its exemption and, despite being given a reasonable time to comply with its exemption and the January 30, 2013 Compliance Order, has failed to do so.

## ENVIRONMENTAL PROTECTION AGENCY

**[FRL–9906–27–OARM]**

### Availability of Guidance Documents; Permit Appeals; Citizens' Guide to the Environmental Appeals Board; Superfund Program; Consent Agreements

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability of guidance documents.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) is announcing the availability of four revised guidance documents: A Citizens' Guide to EPA's Environmental Appeals Board; The Environmental Appeals Board Practice Manual; Revised Guidance on Procedures for Submission and Review of CERCLA Section 106(b) Reimbursement Petitions; and Environmental Appeals Board Consent Agreement and Final Order Procedures. EPA's Environmental Appeals Board is the final decision maker on administrative appeals under all major environmental statutes the EPA administers. The EPA issued these guidance documents to provide guidance to citizens and practitioners on procedures and practice before the Board. The EPA revised the first two documents to reflect amendments to an EPA rule governing the Agency's permit appeal procedures, which EPA published in the **Federal Register** on January 25, 2013, and which became effective on March 26, 2013. The EPA revised the third document in February 2012 to streamline the procedures to petition for reimbursement of response costs under section 106(b) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). The EPA has removed the fourth document as an appendix to the Board's Practice Manual, and it now is available as a freestanding document
