## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

#### 44 CFR Part 64

[Docket ID FEMA-2015-0001; Internal Agency Docket No. FEMA-8375]

#### Suspension of Community Eligibility

**AGENCY:** Federal Emergency Management Agency, DHS.

**ACTION:** Final rule.

**SUMMARY:** This rule identifies communities where the sale of flood insurance has been authorized under the National Flood Insurance Program (NFIP) that are scheduled for suspension on the effective dates listed within this rule because of noncompliance with the floodplain management requirements of the program. If the Federal Emergency Management Agency (FEMA) receives documentation that the community has adopted the required floodplain management measures prior to the effective suspension date given in this

rule, the suspension will not occur and a notice of this will be provided by publication in the **Federal Register** on a subsequent date. Also, information identifying the current participation status of a community can be obtained from FEMA's Community Status Book (CSB). The CSB is available at <http://www.fema.gov/fema/csb.shtm>.

**DATES:** The effective date of each community's scheduled suspension is the third date ("Susp.") listed in the third column of the following tables.

**FOR FURTHER INFORMATION CONTACT:** If you want to determine whether a particular community was suspended on the suspension date or for further information, contact Bret Gates, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-4133.

**SUPPLEMENTARY INFORMATION:** The NFIP enables property owners to purchase Federal flood insurance that is not otherwise generally available from private insurers. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Section 1315 of the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4022, prohibits the sale of NFIP flood insurance unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed in this document no longer meet that statutory requirement for compliance with program regulations, 44 CFR part 59.

Accordingly, the communities will be suspended on the effective date in the third column. As of that date, flood insurance will no longer be available in the community. We recognize that some of these communities may adopt and submit the required documentation of legally enforceable floodplain management measures after this rule is published but prior to the actual suspension date. These communities

will not be suspended and will continue to be eligible for the sale of NFIP flood insurance. A notice withdrawing the suspension of such communities will be published in the **Federal Register**.

In addition, FEMA publishes a Flood Insurance Rate Map (FIRM) that identifies the Special Flood Hazard Areas (SFHAs) in these communities. The date of the FIRM, if one has been published, is indicated in the fourth column of the table. No direct Federal financial assistance (except assistance pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act not in connection with a flood) may be provided for construction or acquisition of buildings in identified SFHAs for communities not participating in the NFIP and identified for more than a year on FEMA's initial FIRM for the community as having flood-prone areas (section 202(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4106(a), as amended). This prohibition against certain types of Federal assistance becomes effective for the communities listed on the date shown in the last column. The Administrator finds that notice and public comment procedures under 5 U.S.C. 553(b), are impracticable and unnecessary because communities listed in this final rule have been adequately notified.

Each community receives 6-month, 90-day, and 30-day notification letters addressed to the Chief Executive Officer stating that the community will be suspended unless the required floodplain management measures are met prior to the effective suspension date. Since these notifications were made, this final rule may take effect within less than 30 days.

**National Environmental Policy Act.** This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Considerations. No environmental impact assessment has been prepared.

**Regulatory Flexibility Act.** The Administrator has determined that this

rule is exempt from the requirements of the Regulatory Flexibility Act because the National Flood Insurance Act of 1968, as amended, Section 1315, 42 U.S.C. 4022, prohibits flood insurance coverage unless an appropriate public body adopts adequate floodplain management measures with effective enforcement measures. The communities listed no longer comply with the statutory requirements, and after the effective date, flood insurance will no longer be available in the communities unless remedial action takes place.

**Regulatory Classification.** This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

**Executive Order 13132, Federalism.** This rule involves no policies that have federalism implications under Executive Order 13132.

**Executive Order 12988, Civil Justice Reform.** This rule meets the applicable standards of Executive Order 12988.

**Paperwork Reduction Act.** This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

RIN 0648-BD98

#### Fisheries of the Exclusive Economic Zone Off Alaska; Groundfish of the Gulf of Alaska; Groundfish of the Bering Sea and Aleutian Islands Off Alaska

**AGENCY:** National Marine Fisheries  
Service (NMFS), National Oceanic and  
Atmospheric Administration (NOAA),  
Commerce.

**ACTION:** Final rule.

**SUMMARY:** NMFS issues regulations to  
implement Amendment 100 to the  
Fishery Management Plan for  
Groundfish of the Bering Sea and  
Aleutian Islands Management Area  
(BSAI FMP) and Amendment 91 to the  
Fishery Management Plan for  
Groundfish of the Gulf of Alaska (GOA  
FMP). This final rule adds regulations to  
improve reporting of grenadiers, limit  
retention of grenadiers, and prevent  
direct fishing for grenadiers by federally  
permitted groundfish fishermen. This  
final rule is necessary to limit and  
monitor the incidental catch of  
grenadiers in the groundfish fisheries.  
This action is intended to promote the  
goals and objectives of the Magnuson-  
Stevens Fishery Conservation and  
Management Act, the FMPs, and other  
applicable law.

**DATES:** Effective April 6, 2015.

**ADDRESSES:** Electronic copies of  
Amendment 100 to the BSAI FMP,  
Amendment 91 to the GOA FMP, and  
the Environmental Assessment, the  
Regulatory Impact Review, and the  
Initial Regulatory Flexibility Analysis  
(IRFA) (collectively, Analysis) prepared  
for this action are available from

**SUPPLEMENTARY INFORMATION:** This final  
rule implements Amendment 100 to the  
BSAI FMP and Amendment 91 to the  
GOA FMP, collectively Amendments  
100/91. NMFS published a notice of  
availability for Amendments 100/91 on  
May 5, 2014 (79 FR 25558). The  
comment period on Amendments 100/  
91 ended on July 7, 2014. NMFS  
published a proposed rule to implement  
Amendments 100/91 on May 14, 2014  
(79 FR 27557). The comment period on  
the proposed rule ended on June 13,  
2014. NMFS approved Amendments  
100/91 on August 4, 2014. Additional  
detail on this action is provided in the  
notice of availability for Amendment  
100/91 (79 FR 25558, May 5, 2014) and  
the proposed rule (79 FR 27557, May 14,  
2014). NMFS received three comment  
letters on Amendments 100/91 and the  
proposed rule.

NMFS manages groundfish fisheries  
in the exclusive economic zone off  
Alaska under the BSAI FMP and GOA  
FMP. The North Pacific Fishery  
Management Council (Council)  
prepared the FMPs under the authority  
of the Magnuson-Stevens Fishery  
Conservation and Management Act  
(Magnuson-Stevens Act), 16 U.S.C.  
1801, *et seq.* Regulations governing U.S.  
fisheries and implementing the FMPs  
appear at 50 CFR parts 600 and 679.

#### Background

The groundfish fisheries in the BSAI  
and GOA incidentally catch grenadiers  
(family *Macrouridae*) while harvesting  
other groundfish species. Grenadiers  
caught off Alaska are comprised of three  
species: Giant grenadiers (*Albatrossia*  
*pectoralis*), Pacific grenadiers

(*Coryphaenoides acrolepis*), and popeye  
greandiers (*Coryphaenoides cinereus*).  
More than 90 percent of all grenadiers  
incidentally caught or obtained in  
surveys are giant grenadiers. Pacific  
grenadiers and popeye grenadiers  
typically occur at depths greater than  
most commercial fisheries or surveys  
and are rarely encountered (see Section  
3.2 of the Analysis for additional detail).

For many years, the Council has  
considered how best to classify  
grenadiers in the FMPs. As explained in  
Section 1.2 of the Analysis (see  
**ADDRESSES**), from 1980 to 2010,  
grenadiers were included in the FMPs  
in the nonspecified species category.  
Nonspecified species were defined as a  
residual category of species and species  
groups which had no current or  
foreseeable economic value or  
ecological importance, which were  
taken in the groundfish fishery as  
incidental catch and were in no  
apparent danger of depletion, and for  
which virtually no data existed that  
would allow population assessments.

In 2010, the Council recommended  
and NMFS removed the nonspecified  
species category from the FMPs when  
the FMPs were revised to meet the  
requirements of the Magnuson-Stevens  
Act as amended by the Magnuson-  
Stevens Fishery Conservation and  
Management Reauthorization Act of  
2007 (Pub. L. 109-479). The amended  
Magnuson-Stevens Act required NMFS  
and the Council to establish annual  
catch limits (ACLs) and accountability  
measures (AMs) for fisheries in the  
FMP. The Council recommended and  
NMFS implemented Amendment 96 to  
the BSAI FMP and Amendment 87 to  
the GOA FMP to meet these  
requirements (Amendments 96/87, 75  
FR 61639, October 6, 2010). The  
nonspecified species, including  
grenadiers, were removed from the  
FMPs because these species were too  
poorly understood to set ACLs and AMs  
or to develop a management regime.

Amendments 96/87 also amended the  
FMPs to organize the species remaining  
in the FMPs according to the National  
Standard 1 guidelines (§ 600.310). In the  
National Standard 1 guidelines, NMFS  
recommends two categories for species  
in an FMP: "Stocks in the fishery" and  
"ecosystem component (EC) species."

"Stocks in the fishery" are defined in  
the National Standard 1 guidelines  
(§ 600.310(d)(2)). "Stocks in the fishery"  
include (1) stocks that are targeted, and  
retained for sale or personal use; (2)  
stocks that are not directly targeted but  
are taken incidentally in other directed  
fisheries, and are retained for sale or  
personal use; and (3) stocks not targeted  
or retained but are taken as incidental
