National Institute of Allergy and Infectious Diseases; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute of Allergy and Infectious Diseases Special Emphasis Panel; NIAID SBIR—Technology Transfer Direct Phase II (SBIR-TT) (R44).

Date: April 7, 2015.

Time: 11:00 a.m. to 3:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 5601 Fishers Lane, Rockville, MD 20892, (Telephone Conference Call).

Contact Person: Thomas F. Conway, Scientific Review Officer, Scientific Review Program, DEA/NIAID/NIH/DHHS, 5601 Fishers, Rockville, MD 20892, 240-669-5069, thomas.conway@nih.gov.

(Catalogue of Federal Domestic Assistance Program Nos. 93.855, Allergy, Immunology, and Transplantation Research; 93.856, Microbiology and Infectious Diseases Research, National Institutes of Health, HHS)

Dated: March 10, 2015.

David Clary,

Program Analyst, Office of Federal Advisory Committee Policy.

Submission for OMB Review; 30-Day Comment Request: Outcome Evaluation of the Broadening Experiences in Scientific Training (BEST) Program (OD)

SUMMARY: Under the provisions of section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, the Office of Strategic Coordination, an office of the Division of Program Coordination, Planning, and Strategic Initiatives, within the Office of the Director at the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below. This proposed information collection was previously published in the **Federal Register** on August 26, 2014, (79 FR 50921) and allowed 60-days for public comment. During the 60-day comment period, two requests for information were received. Both individuals requested the data collection plans and the data collection instruments and one also asked for background information. In response to these two requests, electronic copies of the following surveys were emailed: Entrance, Interim, Exit, and Post-Exit. Additionally, both individuals were provided with a brief overview of the program and a link to the NIH Web site that contains detailed information about the BEST program and the awardees. No additional comments were received from the two individuals who requested this information. The purpose of this notice is to allow an additional 30 days for public comment. The Office of Strategic Coordination (OSC), an office

of the Division of Program Coordination, Planning, and Strategic Initiatives (DPCPSI), within the Office of the Director (OD) at the National Institutes of Health (NIH) may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

Direct Comments to OMB: Written comments and/or suggestions regarding the item(s) contained in this notice, especially regarding the estimated public burden and associated response time, should be directed to the: Office of Management and Budget, Office of Regulatory Affairs, OIRA_submission@omb.eop.gov or by fax to 202-395-6974, Attention: NIH Desk Officer.

DATES: *Comment due date:* Comments regarding this information collection are best assured of having their full effect if received within 30-days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact Dr. Patricia Labosky, Office of Strategic Coordination, Division of Program Coordination, Planning, and Strategic Initiatives, Office of the Director, NIH, 1 Center Drive, MSC 0189, Building 1, Room 214A, Bethesda, MD 20892-0189. Telephone: 301-594-4863. Fax: 301-435-7268. or email your request, including your address to: Workforce_Award@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Proposed Collection: Outcome Evaluation of the Broadening Experiences in Scientific Training (BEST) Program (OD), 0925-NEW, the Office of Strategic Coordination (OSC), an office of the Division of Program Coordination, Planning, and Strategic Initiatives (DPCPSI), within the Office of

the Director (OD) at the National Institutes of Health (NIH).

Need and Use of Information

Collection: This cross-site evaluation study will assess three desired outcomes: (1) Changes in understanding of career opportunities, confidence to make career decisions, and attitudes towards career opportunities; (2) reduced time to desired, non-training, non-terminal career opportunities, and reduced time in postdoctoral positions;

and (3) creation/further development of institutional infrastructure to continue BEST-like activities. The first two desired outcomes are for graduate students and postdoctoral scientists from the awardee institutions, the third desired outcome is for the awardee institutions. The findings will be used to: (1) Identify and document best practices in the field of biomedical research training, (2) inform the NIH Director, DPCPSI Director, and OSC

Director on the outcomes of the BEST program, and (3) disseminate best practices and outcomes of the BEST program to biomedical training programs and the research community.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 8,106.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Number of respondents	Frequency of response	Average time per response (in hours)	Total annual hour burden
Graduate Student—Entrance Survey (online survey)	4,519	1	20/60	1,506
Graduate Student—Interim Survey (online survey)	11,296	1	15/60	2,824
Graduate Student—Exit Survey (online survey)	3,012	1	15/60	753
Graduate Student—Post-Exit 2-year Survey (online survey)	3,012	1	15/60	753
Postdoctoral Scientist—Entrance Survey (online survey)	3,137	1	20/60	1,046
Postdoctoral Scientist—Exit Survey (online survey)	2,091	1	15/60	523
Postdoctoral Scientist—Post-Exit 2-year Survey (online survey)	2,091	1	15/60	523
Program Staff—Annual Phone Interview	83	1	1	83
PLS—Data Form Section 1 (reported annually)	17	1	180/60	51
PLS—Data Form Section 2 (reported annually)	17	1	90/60	26
PLS—Data Form Section 3 (reported once)	17	1	30/60	9
PLS—Data Form Section 4 (reported once)	17	1	30/60	9

Dated: March 10, 2015.

Lawrence A. Tabak,

Deputy Director, National Institutes of Health.

[30Day-15-0932]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The notice for the proposed information collection is published to obtain comments from the public and affected agencies.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address any of the following: (a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have

practical utility; (b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) Enhance the quality, utility, and clarity of the information to be collected; (d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and (e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570 or send an email to omb@cdc.gov. Written comments and/or suggestions regarding the items contained in this notice should be directed to the Attention: CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Data Collection for Evaluation of Education, Communication, and Training Activities (OMB No. 0920-0932, expires 05/31/2015)—Revision—National Center for Emerging and

Zoonotic Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention (CDC) Division of Global Migration and Quarantine (DGMQ) is requesting a revision of a currently approved generic clearance to conduct evaluation research. This will help CDC plan and implement health communication, education, and training activities to improve health and prevent the spread of disease. These activities include communicating with international travelers and other mobile populations, training healthcare providers, and educating public health departments and other federal partners.

The information collection for which the revision is sought is in accordance with DGMQ's mission to reduce morbidity and mortality among immigrants, refugees, travelers, expatriates, and other globally mobile populations, and to prevent the introduction, transmission, or spread of communicable diseases from foreign countries into the United States. This mission is supported by delegated legal authorities outlined in the Public Health Service (PHS) Act (42 U.S.C. 264) and in regulations that are codified in 42 Code of Federal Regulations (CFR) parts 70 and 71, and 34.
