Correction

In the **Federal Register** of February 23, 2015, in FR Doc. 2015-03611, on page 9459 in the second and third columns, and page 9460, in the first column correct the **SUPPLEMENTARY INFORMATION** section to read:

SUPPLEMENTARY INFORMATION: The meeting will be held on February 23, 2015, from 10:00 a.m. to 4:00 p.m. in the Commission Meeting Room of the Federal Communications Commission, Room TW-C305, 445 12th Street SW., Washington, DC 20554. The DSTAC is a Federal Advisory Committee that will “identify, report, and recommend performance objectives, technical capabilities, and technical standards of a not unduly burdensome, uniform, and technology- and platform-neutral software-based downloadable security system.” On December 8, 2014, the FCC, pursuant to the Federal Advisory Committee Act, established the charter for the DSTAC. The meeting on February 23, 2015, will be the first meeting of the DSTAC. The Commission is required to publish notice of the rescheduled meeting at least 15 calendar days before the rescheduled meeting date absent exceptional circumstances; in this case, the Commission faced exceptional circumstances when it provided notice of the rescheduled meeting. As noted, the original meeting was cancelled due to the closure of the Government on February 17, 2015, the original meeting date. Section 106(d)(4) of the STELA Reauthorization Act of 2014, Public Law. 113-200, requires the Commission to hold the initial meeting by March 4, 2015. February 23, 2015 was the only date before that deadline when (i) the DSTAC Chair was available and (ii) the Commission had a room of appropriate size available. Moreover, section 106(d)(2) of the STELA Reauthorization Act of 2014 requires the DSTAC to submit a report to the Commission by September 4, 2015. The committee’s ability to meet that deadline would be significantly compromised if this initial meeting were further delayed. The Commission took steps to mitigate the harm of shortened notice of the meeting. As soon as possible on February 18, 2015, the Commission provided notice that the meeting was rescheduled on (i) the

Commission’s main Web site, (ii) the Web site for the DSTAC, and (iii) in the **Federal Register**. In addition, on February 18, 2015, Commission staff contacted the advisory committee members and other interested parties via email to inform them of the rescheduled meeting. For the reasons stated above, we conclude that the Commission had good cause for providing less than 15 calendar days of notice of the rescheduled meeting.

At the meeting, the Committee will discuss (i) the scope of the report that it will deliver to the Commission, (ii) the ultimate goals of interested parties with respect to navigation device conditional access and content security, (iii) recommended working groups and the tasks for which they will be responsible, and (iv) any other topics related to the DSTAC’s work that may arise. The Commission will provide audio and/or video coverage of the meeting over the Internet from the FCC’s Web page at <http://www.fcc.gov/live>. The public may submit written comments before the meeting to Brendan Murray, DSTAC Designated Federal Officer, by email to DSTAC@fcc.gov or by U.S. Postal Service Mail to 445 12th Street SW., Room 4-A726, Washington, DC 20554. Open captioning will be provided for this event. Other reasonable accommodations for people with disabilities are available upon request. Requests for such accommodations should be submitted via email to fcc504@fcc.gov or by calling the Consumer & Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (tty). Such requests should include a detailed description of the accommodation needed. In addition, please include a way the FCC can contact you if it needs more information. Please allow at least five days’ advance notice; last-minute requests will be accepted, but may be impossible to fill.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[3060-XXXX]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before May 18, 2015. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Benish Shah, FCC, via email PRA@fcc.gov and to Benish.Shah@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Benish.Shah@fcc.gov, (202) 418-7866.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-XXXX.

Title: Wireless E911 Location

Accuracy Requirements.

Form Number: N/A.

Type of Review: New Collection.

Respondents: Business or other for-profit entities; and/or State, local or tribal governments.

Number of Respondents: 4,294 respondents; 28,134 responses.

Estimated Time per Response: 2-10 hours.

Frequency of Response:

Recordkeeping, reporting, and third-party disclosure requirements.

Obligation to Respond: Voluntary and mandatory. Statutory authority for this information collection is contained in 47 U.S.C. Sections 1, 2, 4(i), 7, 10, 201, 214, 222, 251(e), 301, 302, 303, 303(b), 303(r), 307, 307(a), 309, 309(j)(3), 316, 316(a), and 332 of the Communications Act of 1934, as amended.

Total Annual Burden: 140,656 hours.

Total Annual Cost: N/A.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: None.

Needs and Uses: Section 20.18(i)(2)(ii)(A) rule requires that, within three years of the effective date of rules, CMRS providers shall deliver to uncompensated barometric pressure data from any device capable of delivering such data to PSAPs. This requirement is necessary to ensure that PSAPs are receiving all location information possible to be used for dispatch. This requirement is also necessary to ensure that CMRS providers implement a vertical location solution in the event that the proposed "dispatchable location" solution does not function as intended by the three-year mark and beyond.

Section 20.18(i)(2)(ii)(B) requires that the four nationwide providers submit to the Commission for review and approval a reasonable metric for z-axis (vertical) location accuracy no later than 3 years from the effective date of rules. The requirement is critical to ensure that the vertical location framework adopted in the Fourth Report and Order is effectively implemented.

Section 20.18(i)(2)(iii) requires CMRS providers to certify compliance with the Commission's rules at various benchmarks throughout implementation of improved location accuracy. This requirement is necessary to ensure that CMRS providers remain "on track" to reach the goals that they themselves agreed to.

Section 20.18(i)(3)(i) requires that within 12 months of the effective date, the four nationwide CMRS providers must establish the test bed described in the Fourth Report and Order, which will validate technologies intended for indoor location. The test bed is necessary for the compliance certification framework adopted in the Fourth Report and Order.

Section 20.18(i)(3)(ii) requires that beginning 18 months from effective date of rules, nationwide CMRS providers providing service in any of the six Test Cities identified by ATIS (Atlanta, Denver/Front Range, San Francisco,

Philadelphia, Chicago, and Manhattan Borough of New York City) must collect and report aggregate data on the location technologies used for live 911 calls.

This reporting requirement is necessary to validate and verify the compliance certifications made by CMRS providers.

Section 20.18(i)(4)(ii) requires that no later than 18 months from the effective date, each CMRS provider shall submit to the Commission a report on its progress toward implementing improved indoor location accuracy. Non-nationwide CMRS providers will have an additional 6 months to submit their progress reports. All CMRS providers shall provide an additional progress report no later than 36 months from the effective date of the adoption of this rule. The 36-month reports shall indicate what progress the provider has made consistent with its implementation plan.

Section 20.18(i)(4)(iii) requires that prior to activation of the NEAD but no later than 18 months from the effective date of the adoption of this rule, the nationwide CMRS providers shall file with the Commission and request approval for a security and privacy plan for the administration and operation of the NEAD. This requirement is necessary to ensure that the four nationwide CMRS providers are building in privacy and security measures to the NEAD from its inception.

Section 20.18(i)(4)(iv) requires that before use of the NEAD or any information contained therein, CMRS providers must certify that they will not use the NEAD or associated data for any non-911 purpose, except as otherwise required by law. This requirement is necessary to ensure the privacy and security of any personally identifiable information that may be collected by the NEAD.

Section 20.18(j) requires CMRS providers to provide standardized confidence and uncertainty (C/U) data for all wireless 911 calls, whether from outdoor or indoor locations, on a per-call basis upon the request of a PSAP. This requirement will serve to make the use of C/U data easier for PSAPs.

Section 20.18(k) requires that CMRS providers must record information on all live 911 calls, including, but not limited to, the positioning source method used to provide a location fix associated with the call, as well as confidence and uncertainty data. This information must be made available to PSAPs upon request, as a measure to promote transparency and accountability for this set of rules.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.
