

www.regulations.gov along with your state/province and country (if provided), the name of your representative (if any), and the category identifying you (e.g., individual, consumer, academic, industry). For written submissions submitted to the Division of Dockets Management, FDA will post the body of your comments on <http://www.regulations.gov>, but you can put your name and/or contact information on a separate cover sheet and not in the body of your comments.

III. Topics for Discussion

The public workshop will include presentations and panel discussion regarding e-cigarettes and the public health, specifically relating to the impact of e-cigarettes on the population as a whole. Topics to be addressed include: (1) Prevalence and patterns of use; (2) impacts on current tobacco product users; (3) impacts on non-users of tobacco products; and (4) knowledge, attitudes, beliefs, and perceptions about e-cigarette products.

Additional information related to workshop presentations and discussion topics, including specific questions to be addressed at the workshop, can be found at <http://www.fda.gov/TobaccoProducts/NewsEvents/ucm238308.htm>.

Dated: March 16, 2015.

Leslie Kux,

Associate Commissioner for Policy.

BILLING CODE 4164-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Notice of Intent To Publish a Funding Opportunity Announcement for Occupational Safety and Health Education and Research Centers

AGENCY: National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: This notice provides information on the Centers for Disease Control and Prevention (CDC), National Institute for Occupational Safety and Health (NIOSH) intent to publish a funding opportunity announcement for Education and Research Centers (ERCs). The purpose of this program is to support existing NIOSH ERCs and

establish new ERCs, as appropriate, to address the burden of Occupational Safety and Health (OSH) in the United States by providing state-of-the-art interdisciplinary graduate and research training for the next generation of OSH practitioners and researchers.

DATES:

- *Anticipated Publication Date of Announcement:* May 2015
- *First Anticipated Application Due Date:* November 2015
- *Earliest Anticipated Award Date:* June 2016
- *Earliest Anticipated Start Date:* July 2016

FOR FURTHER INFORMATION CONTACT: Dr. Elizabeth H. Maples, National Institute for Occupational Safety and Health, Centers for Disease Control, 1600 Clifton Road NE., Mailstop E-74, Atlanta, GA 30333; Phone (not toll-free numbers): (404) 498-2557, Fax: (404) 498-2571, Email: EMaples@cdc.gov.

SUPPLEMENTARY INFORMATION: The National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC), intends to publish a funding opportunity announcement for Education and Research Centers (ERCs) that are focused on occupational safety and health graduate training and research training.

NIOSH is mandated to provide an adequate supply of qualified personnel to carry out the purposes of the Occupational Safety and Health Act, and the ERCs are one of the principal means for meeting this mandate. ERCs are academic institutions that provide high-quality interdisciplinary graduate training, continuing education, and outreach in the core occupational safety and health disciplines of industrial hygiene (IH), occupational health nursing (OHN), occupational medicine residency (OMR), and occupational safety (OS), as well as closely related allied disciplines. Research and research training are integral components of ERCs, with ERC faculty and NIOSH trainees conducting research on issues related to the NIOSH National Occupational Research Agenda (NORA). The ERCs also serve as regional resources for industry, labor, government, and the public.

This Notice of Intent is being provided to allow potential applicants sufficient time to develop meaningful collaborations and responsive projects. The Funding Opportunity Announcement (FOA) is expected to be published in May 2015 with an expected application due date in November 2015.

The FOA will utilize the T42 activity code. ERCs are located in accredited academic institutions across the country and provide graduate degree and certificate training in core and allied disciplines of OSH. ERCs also provide interdisciplinary research training to identify, assess, address, and improve OSH. ERCs conduct outreach to help improve knowledge and awareness of work-related safety and health issues, and they provide continuing education for OSH professionals. Through comprehensive, integrated programs, ERCs improve the safety and health of our nation's workers.

Recipient Reporting Requirements: Recipients funded with NIOSH ERC appropriations will be required to report project status on an annual basis. Specific reporting requirements will be detailed in the Terms and Conditions of the Notice of Award.

Award Information:

- Approximate Current Fiscal Year Funding: \$24,000,000.
- Approximate Number of Awards: 15–20.
- Approximate Average Awards: Up to \$1,800,000/year.
- Fiscal Year Funds: 2016.
- Budget Period: 12 months.
- Project Period: Up to 5 years for established ERCs and up to 3 years for new ERCs.

Application Selection Process: Applications will be evaluated for scientific and technical merit by an appropriate peer review group, in accordance with CDC peer review policy and procedure using review criteria that will be stated in the Funding Opportunity Announcement (FOA).

As part of the scientific peer review, all applications will:

- Undergo a selection process in which all responsive applications will be discussed and assigned an overall impact/priority score, and
- Receive a written critique.

Needs Assessment: ERCs must document that their proposed academic and research training programs meet specific regional or national workforce need and demand.

Regional Presence: ERCs should demonstrate collaborative efforts by working with a diverse and broad range

of organizations to enhance worker safety and health in their region.

This Notice encourages investigators with expertise and insights in the area of occupational safety and health to

begin to consider applying for this upcoming FOA.

Budget Limits for Required and Optional Components: ERCs are complex, interdisciplinary centers. Up

to \$1,800,000/year total costs may be requested by an ERC. The following table lists required and optional ERC components and budget information:

ERC components	Funding information (total costs)
Planning and Evaluation Core (Required)	Up to \$370,000/year.
Center Administration, Planning and Evaluation	Up to \$250,000/year.
Interdisciplinary Activities	Up to \$30,000/year.
Diversity Recruitment and Retention	Up to \$5,000/year.
Outreach in Occupational Safety and Health	Up to \$35,000/year.
Developmental Program Support (Optional)	Up to \$50,000/year.
Academic Training Core (Required)	Up to \$930,000/year with 70% to Direct Trainee Costs.
Required minimum of 3 Academic Training Programs. At least 2 from the core disciplines of IH, OHN, OMR, or OS, and 1 may be a core or allied discipline.	There are no budget limits for individual academic training programs. Applicants must stay within the total \$1.8 million per year request in total costs.
There is no minimum number of trainees required for any one academic program.	A minimum of 70% of the overall Academic Training Core budget must go to Direct Trainee Costs that provide stipends, tuition and fees, research support, and travel.
Applicants must fully justify need for all programs and their capacity to meet training demand.	A maximum of 30% of the overall Academic Training Core budget may go to support Training-related Expenses that include support for faculty and staff salaries, supplies, equipment and non-trainee travel. This 70%/30% allocation of funding may be applied across all academic training programs in aggregate, and need not be applied to each individual academic training program.
NIOSH will consider applications for Doctor of Nursing Practice Programs.	
Complementary and Special Pathways for OMRs are eligible for NIOSH support if administered by an OMR Program accredited by the ACGME.	
Applicants may request trainee support for academic certificate training programs in approved core and allied disciplines. Trainee support is limited to tuition only and is included in the minimum 70% allocation toward Direct Trainee Costs. Certificate trainees should be clearly identified in academic training program budgets.	
Research Training Core (Optional)	Up to \$400,000/year with 70% of Collaborative Research Training (CRT) to Direct Trainee Costs.
Pilot Projects Research Training (Optional)	Up to \$100,000/year.
Collaborative Research Training (Optional)	Up to \$300,000/year.
	CRT supports the research training needs of NIOSH trainees and students from other disciplines who receive NIOSH support during their academic training program. A minimum of 70% of requested funds must go to support Direct Trainee Costs that provide stipends, tuition and fees, research supplies, and travel; a maximum of 30% may go to support Training-related Expenses that include support for faculty and staff salaries, supplies, equipment and non-trainee travel.
Continuing Education Program (Required)	Up to \$100,000/year.
Needs-based training should be offered to safety and health practitioners and allied disciplines to have a positive impact on workplace practices and policies.	

Dated: March 16, 2015.

John Howard,

Director, National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention.

BILLING CODE 4163-19-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2013-1078]

National Offshore Safety Advisory Committee; Meeting

AGENCY: Coast Guard, DHS.

ACTION: Notice of Federal Advisory Committee meetings.

SUMMARY: The National Offshore Safety Advisory Committee and its Commercial Diving Safety on the Outer Continental Shelf Subcommittee will meet on April 7 and 8, 2015, in New Orleans, LA to discuss the safety of operations and other matters affecting the offshore oil and gas industry. These meetings are open to the public.

DATES: The Commercial Diving Safety on the Outer Continental Shelf Subcommittee will meet on Tuesday, April 7, 2015, from 1 p.m. to 2 p.m. and the full National Offshore Safety Advisory Committee will meet on Wednesday, April 8, 2015, from 8:30 a.m. to 4:30 p.m. These meetings may end early if the Committee has completed its business, or they may be extended based on the number of public comments. All submitted written materials, comments, and requests to

make oral presentations at the meetings should reach the Coast Guard (see **FOR FURTHER INFORMATION CONTACT**) by April 1, 2015. Any written material submitted by the public will be distributed to the Committee and become part of the public record.

ADDRESSES: The meetings will be held at the OMNI Riverfront Hotel, 701 Convention Center Boulevard, New Orleans, LA 70130, (504) 524-8200, <http://www.omnihotels.com/hotels/new-orleans-riverfront>. The April 7, 2015 afternoon Subcommittee meeting will be held in the Bacchus B Conference Room. The April 8, 2015 full Committee meeting will be held in the Bacchus Conference Room.

For information on facilities or services for individuals with disabilities, or to request special assistance at the meetings, contact the
