

and local governments and the general public have the opportunity to help BOEM determine significant resources and issues, impacting factors, reasonable alternatives, and potential mitigating measures to be analyzed in the WPA 248 Supplemental EIS and to provide additional information. BOEM will also use the NEPA commenting process to initiate the Section 106 consultation process of the National Historic Preservation Act (16 U.S.C. 470f), as provided for in 36 CFR 800.2(d)(3).

Pursuant to the regulations implementing the procedural provisions of NEPA (42 U.S.C. 4321 *et seq.*), BOEM will hold public scoping meetings in Texas and Louisiana on the WPA 248 Supplemental EIS. The purpose of these meetings is to solicit comments on the scope of the WPA 248 Supplemental EIS. BOEM's scoping meetings will be held at the following places and times:

- Houston, Texas: Tuesday, April 14, 2015, Houston Airport Marriott at George Bush Intercontinental, 18700 John F. Kennedy Boulevard, Houston, Texas 77032, one meeting beginning at 1:00 p.m. CDT; and
- New Orleans, Louisiana: Thursday, April 16, 2015, Bureau of Ocean Energy Management, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123, one meeting beginning at 1:00 p.m. CDT.

Cooperating Agency: BOEM invites other Federal, State, Tribal, and local governments to consider becoming cooperating agencies in the preparation of the WPA 248 Supplemental EIS. We invite qualified government entities to inquire about cooperating agency status for the WPA 248 Supplemental EIS. Following the guidelines from the Council on Environmental Quality (CEQ), qualified agencies and governments are those with "jurisdiction by law or special expertise." Potential cooperating agencies should consider their authority and capacity to assume the responsibilities of a cooperating agency, and remember that an agency's role in the environmental analysis neither enlarges nor diminishes the final decisionmaking authority of any other agency involved in the NEPA process. Upon request, BOEM will provide potential cooperating agencies with a written summary of ground rules for cooperating agencies, including time schedules and critical action dates, milestones, responsibilities, scope and detail of cooperating agencies' contributions, and availability of predecisional information. BOEM anticipates this summary will form the basis of a Memorandum of Agreement

between BOEM and any cooperating agency. Agencies should also consider the "Factors for Determining Cooperating Agency Status" in Attachment 1 to CEQ's January 30, 2002, Memorandum for the Heads of Federal Agencies: *Cooperating Agencies in Implementing the Procedural Requirements of the National Environmental Policy Act*. These documents are available at the following locations on the Internet: <http://ceq.hss.doe.gov/nepa/regs/cooperating/.html>; and <http://ceq.hss.doe.gov/nepa/regs/cooperating/.html>.

BOEM, as the lead agency, will not provide financial assistance to cooperating agencies. Even if an organization is not a cooperating agency, opportunities will exist to provide information and comments to BOEM during the normal public input stages of the NEPA/EIS process. For further information about cooperating agencies, please contact Mr. Gary D. Goeke at 504-736-3233.

Comments: All interested parties, including Federal, State, Tribal, and local governments, and other interested parties, may submit written comments on the scope of the WPA 248 Supplemental EIS, significant issues that should be addressed, alternatives that should be considered, potential mitigating measures, and the types of oil and gas activities of interest in the proposed WPA 248 lease sale area.

Written scoping comments may be submitted in one of the following ways:

1. In an envelope labeled "Scoping Comments for the WPA 248 Supplemental EIS" and mailed (or hand delivered) to Mr. Gary D. Goeke, Chief, Environmental Assessment Section, Office of Environment (GM 623E), Bureau of Ocean Energy Management, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123-2394;
2. Through the regulations.gov web portal: Navigate to <http://www.regulations.gov> and search for "Oil and Gas Lease Sales: Gulf of Mexico, Outer Continental Shelf; Western Planning Area Lease Sale 248" (Note: It is important to include the quotation marks in your search terms). Click on the "Comment Now!" button to the right of the document link. Enter your information and comment, then click "Submit"; or
3. Through BOEM's email address: wpa248@boem.gov.

Petitions, although accepted, do not generally provide useful information to assist in the development of alternatives, resources, and issues to be analyzed, or impacting factors. BOEM does not consider anonymous comments; please include your name and address as part of your submittal.

BOEM makes all comments, including the names and addresses of respondents, available for public review during regular business hours. Individual respondents may request that BOEM withhold their names and/or addresses from the public record; however, BOEM cannot guarantee that we will be able to do so. If you wish your name and/or address to be withheld, you must state your preference prominently at the beginning of your comment. All submissions from organizations or businesses and from individuals identifying themselves as representatives or officials of organizations or businesses will be made available for public inspection in their entirety.

Authority: This NOI is published pursuant to the regulations (40 CFR 1501.7) implementing the provisions of NEPA.

Dated: March 25, 2015.

Abigail Ross Hopper,
Director, Bureau of Ocean Energy
Management.
