EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rulemaking and if that provision may be severed from the

remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the Rules section of this **Federal Register**.

SUPPLEMENTARY INFORMATION: This is a summary of the Federal Communications Commission's *Notice of Proposed Rulemaking* (NPRM), WT Docket No. 15-81; FCC 15-40, adopted March 31, 2015, and released March 31, 2015. The full text of this document is available for inspection and copying during normal business hours in the FCC Reference Center, 445 12th Street SW., Room CY-A257, Washington, DC 20554, or by downloading the text from the Commission's Web site at www.fcc.gov. Summary

1. The Commission initiated this proceeding to amend its rules of organization that apply to amateur radio licensee address information that is routinely available for public inspection. Specifically, the Commission proposes in this *NPRM* to amend its rules to revise its rules to specify that historical amateur radio licensee address information (that is, address information not associated with a current license or pending application) will not be routinely available for public inspection. The Commission found that amending these rules will enhance amateur radio operators' privacy without undermining the public interest in knowing who is authorized to operate on amateur spectrum. The Commission also seeks comment on whether this approach should be extended to individual licensees in any other Wireless Radio Services, such as the General Mobile Radio Service, commercial radio operator licensees, and individuals who

hold ship station and/or aircraft station licenses.
