Section 367.3(a) states that all nontax debts over 180 days delinquent shall be referred to the Department of the Treasury for administrative offset through the Treasury Offset Program as required by 31 U.S.C. 3716. 31 U.S.C. 3716 was amended by the Digital Accountability and Transparency Act (DATA Act), Public Law 113-101. Consolidated Cruise Ship Security Regulations

AGENCY: Coast Guard, DHS.

ACTION: Notice of public meeting.

SUMMARY: The Coast Guard announces a public meeting will take place on

February 9, 2015, in Fort Lauderdale, Florida to receive comments on a notice of proposed rulemaking (NPRM) published in the **Federal Register** on December 10, 2014, under the title “Consolidated Cruise Ship Security Regulations.” This proposed rule would amend Coast Guard regulations on cruise ship terminal security by implementing amendments that provide detailed, flexible requirements for the screening of all baggage, personal items, and persons—including passengers, crew, and visitors—intended for carriage on a cruise ship. The proposed regulations would standardize the security requirements of cruise ship terminals and would eliminate redundancies in current regulations that govern the security of cruise ship terminals.

DATES: The meeting will be held on February 9, 2015, from 1:00 p.m. until 5:00 p.m. The meeting may conclude before the allotted time if all matters for discussion have been addressed and there are no additional comments from the public. Comments and related material must be received by the Coast Guard or the docket management facility on or before March 10, 2015.

ADDRESSES: The meeting will be held at Port Everglades Cruise Terminal 19, First Floor, 2019 Eller Drive, Hollywood, FL 33316. Parking is adjacent to the meeting building. Please be prepared to present photo identification at the Port's main security gate. Directions are available on the Port Everglades Web site at <http://www.porteverglades.net/>.

SUPPLEMENTARY INFORMATION:

Background and Purpose

On December 10, 2014, the Coast Guard published an NPRM in the **Federal Register** (79 FR 73255) entitled "Consolidated Cruise Ship Security Regulations." The Coast Guard proposes to amend the maritime security regulations, found in Title 33 of the Code of Federal Regulations (33 CFR) subchapter H (parts 101 through 107), to require terminal screening programs in existing facility security plans at cruise ship terminals within the United States and its territories. This proposed rule would standardize screening activities for all persons, baggage, and personal effects at cruise ship terminals while also allowing for an appropriate degree of flexibility that accommodates and is consistent with different terminal sizes and operations. This flexible standardization would ensure a consistent layer of security at terminals throughout the United States. The proposed rule would build upon existing facility security requirements in 33 CFR part 105, which implements the Maritime Transportation Security Act, Public Law 107-295, 116 Stat. 2064 (November 25, 2002), codified at 46 U.S.C. Chapter 701. The Coast Guard consulted the Transportation Security Administration during the development of the proposed rule.

The Coast Guard also proposes to remove 33 CFR parts 120 and 128 because provisions in those parts requiring security officers and security plans or programs for cruise ships and cruise ship terminals would be redundant with the provisions in 33 CFR subchapter H. Section 120.220, concerning the reporting of unlawful acts, would also be removed because it is obsolete and existing law enforcement protocols require members of the Cruise Lines International Association (CLIA) to report incidents involving serious violations of U.S. law to the nearest

Federal Bureau of Investigation field office as soon as possible. The Coast Guard will consider issuing additional regulations on this subject in a separate rulemaking pursuant to the Cruise Vessel Security and Safety Act of 2010 (CVSSA), Public Law 111-207 (July 27, 2010) (See RIN 1625-AB91).

This proposed rule does not address the screening of vessel stores, bunkers, or cargo. Similarly, it does not affect what items may be brought onto a cruise ship by the cruise ship operator, including items that passengers may check for secure storage with the cruise operator outside of their baggage or carry-ons. Requirements for security measures for the delivery of vessel stores, bunkers, and cargo are set forth in 33 CFR 104.275, 104.280, 105.265, and 105.270.

This proposed rule also does not include regulations that may be required pursuant to the CVSSA. Although this rule and the CVSSA are both concerned with cruise ship security generally, this rule consolidates and updates pre-boarding screening requirements while the CVSSA prescribes requirements in other areas, such as cruise ship design, providing information to passengers, maintaining medications and medical staff on board, reporting crime, crew access to passenger staterooms, and crime scene preservation training. Delaying promulgation of this proposed rule while the regulations required by the CVSSA are developed, for the sole purpose of publishing all of these regulations together, would unnecessarily deprive the public of the benefit of improved cruise ship screening regulations during that period.
