AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“the Department”) determines that imports of certain steel nails (“nails”) from the Republic of Korea (“Korea”) are being sold in the United States at less than fair value (“LTFV”), as provided in section 735 of the Tariff Act of 1930, as amended (the “Act”). The final weighted-average dumping margins of sales at LTFV are listed below in the section entitled “Final Determination Margins.”

DATES: *Effective Date:* May 20, 2015.

FOR FURTHER INFORMATION CONTACT: Krisha Hill or Drew Jackson, AD/CVD Operations, Office IV, Enforcement and

Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4037 or (202) 482–4406, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 29, 2014, the Department published in the **Federal Register** the preliminary determination in the LTFV investigation of nails from Korea.¹ In the *Preliminary Determination*, we postponed the final determination until no later than 135 days after the date of publication of the *Preliminary Determination* in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii) and invited parties to comment on our *Preliminary Determination*.

The following events have occurred since the *Preliminary Determination*. Between January 6, 2015, and February 13, 2015, the Department conducted sales and cost verifications of both respondents, Jinheung Steel Corporation (“Jinheung Steel”) and Daejin Steel (“Daejin”), as well as the sales verification of Jinheung Steel’s affiliate, Illinois Tool Works Inc. (“ITW”). On January 28, 2015, Jinheung Steel requested a hearing. On March 27, 2015, Jinheung Steel, Daejin, ITW, and Mid Continent Steel & Wire, Inc. (“Petitioner”) submitted case briefs. On April 2, 2015, Daejin and Petitioner submitted rebuttal case briefs. On April 8, 2015, Jinheung Steel withdrew its hearing request. No hearing was held in this investigation.

Period of Investigation

The period of investigation (“POI”) is April 1, 2013, through March 31, 2014.

Scope of the Investigation

The product covered by this investigation is certain steel nails from Malaysia. For a full description of the scope of the investigation, *see* Appendix I to this notice.

Since the *Preliminary Determination*, several interested parties (*i.e.*, IKEA Supply AG, The Home Depot, Target Corporation, and Petitioner) commented on the scope of these investigations. The Department reviewed these comments and made certain changes. For further discussion, *see* the Issues and Decision

Memorandum.² The scope in Appendix I reflects all modifications to the scope made by the Department for this final determination.

Verification

As provided in section 782(i) of the Act and 19 CFR 351.307(b)(1)(i), from January 2015 through February 2015, we verified the sales and cost information submitted by Jinheung Steel and Daejin, as well as sales information submitted by ITW, for use in our final determination. We used standard verification procedures including an examination of relevant accounting and production records, and original source documents provided by Jinheung Steel, Daejin, and ITW.³

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in this investigation are addressed in the Issues and Decision Memorandum accompanying this notice, and which is hereby adopted by this notice.⁴ A list of the issues raised and to which the

Department responded is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("ACCESS"). ACCESS is available to registered users at <http://access.trade.gov>. The memorandum is available to all parties in the Central Records Unit, room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Changes to the Margin Calculations Since the Preliminary Determination

Based on a review of the record and comments received from interested parties regarding our *Preliminary Determination*, we made the following changes to the margin calculations for Jinheung Steel and Daejin:

For Daejin:

- We used an updated sales database submitted by Daejin which reflects minor corrections and findings from the sales verification.⁵
- We adjusted U.S. price for domestic brokerage and handling charges incurred in U.S. dollars ("DBROK2U").⁶
- We used Jinheung Steel's business proprietary home market financial information as the data source to calculate Daejin's CV profit and selling expense.⁷
- We corrected the programming error related to the calculation of total cost of manufacturing ("TOTCOM") for certain control numbers ("CONNUMs").⁸

For Jinheung Steel:

⁵ See Letter from Daejin to the Department, regarding "Certain Steel Nails from Korea; Submission of Daejin Steel Company's Revised U.S. Sales Database," dated March 26, 2015.

⁶ See Issues and Decision Memorandum at comment 1; see also Memorandum from Krishna Hill, International Trade Compliance Analyst, to Robert Bolling, Program Manager, regarding "Analysis Memorandum for the Final Determination of the Antidumping Duty Investigation of Certain Steel Nails from the Republic of Korea: Daejin Steel," dated May 13, 2015.

⁸ See Issues and Decision Memorandum at comment 3; see also Daejin Steel Cost Calculation Memorandum.

- We assigned a single manufacturer code to all home-market and U.S. sales based on our determination to treat Jinheung Steel, Duo-Fast Korea Co. Ltd. ("DFK"), and Jinsco International Corporation ("Jinsco") as a single entity.⁹

- We used updated sales and cost databases submitted by Jinheung Steel and ITW, which reflect minor corrections presented during the verification of these companies.¹⁰

- We revised certain reported product characteristics to reflect changes found during verification of ITW's response.¹¹

- We disallowed Jinheung Steel's duty drawback offset.¹²
- We adjusted Jinheung Steel's reported scrap offset.¹³
- We recalculated Jinheung Steel's general and administrative and financial expenses so that they reflect our adjustment to Jinheung Steel's reported scrap offset.¹⁴

- We reversed an adjustment to Jinheung Steel's reported costs involving work in process that we made at the *Preliminary Determination*.¹⁵

Exporter or producer	Weighted-average dumping margin (percent)
Daejin Steel	11.80
Jinheung Steel Corporation	0.00
Duo-Fast Korea Co., Ltd	
Jinsco International Corporation	
All Others	11.80

All Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated “All Others” rate shall be an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely under section 776 of the Act. The weighted-average margin for exporters and producers individually investigated that meets these criteria is that of Daejin. Therefore, the All-Others rate is the rate calculated for Daejin, as indicated in the “Final Determination Margins” section above.

Disclosure

We will disclose to parties in this proceeding the calculations performed for this final determination within five days of the date of public announcement of our final determination, in accordance with 19 CFR 351.224(b).

Suspension of Liquidation

Pursuant to section 735(c)(1)(B) of the Act, the Department will instruct U.S. Customs and Border Protection (“CBP”) to continue to suspend liquidation of all of entries of certain steel nails from Korea, except as noted below, which were entered, or withdrawn from warehouse, for consumption on or after December 29, 2014, the date of publication of the *Preliminary Determination*. For the Jinheung Steel Single Entity, which includes Jinheung Steel, Duo-Fast Korea Co., Ltd., and Jinsco International Corporation, because this entity’s estimated weighted-average final dumping margin is zero, we are directing CBP to terminate suspension of liquidation of entries of certain steel nails produced and exported by this entity.

Pursuant to CFR 351.210(d), we will instruct CBP to require a cash deposit equal to the weighted-average amount by which normal value exceeds U.S. price, as follows: (1) The rate for Daejin will be the rate we determined in this final determination; (2) if the exporter is not a firm identified in this investigation but the producer is, the

rate will be the rate established for the producer of the subject merchandise; and (3) the rate for all other producers or exporters will be 11.80 percent. These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission Notification

In accordance with section 735(d) of the Act, we notified the U.S. International Trade Commission (“ITC”) of our final determination. As our final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will determine within 45 days whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of the subject merchandise. If the ITC determines that such injury exists, the Department will issue an antidumping duty order directing CBP to assess, upon further instruction by the Department, antidumping duties on appropriate imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Return or Destruction of Proprietary Information

This notice will serve as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this determination and notice in accordance with sections 735(d) and 777(i)(1) of the Act.

Dated: May 13, 2015.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
