Abstract: The potential respondents are owners or operators of any existing or new affected source with wood furniture manufacturing operations. There are an estimated 406 existing major sources and 450 existing incidental/area sources subject to the Wood Furniture Manufacturing NESHAP. The affected source is any wood furniture manufacturing facility that is engaged, either in part or in whole, in the manufacture of wood furniture or wood furniture components and that is located at a plant site that is a major source as defined in 40 CFR part 63.2, excluding sources that meet the criteria established in § 63.800(a), (b), and (c) of the Wood Furniture Manufacturing NESHAP.

Form Numbers: None.

Respondents/affected entities:

Owners and operators of wood furniture manufacturing facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 63, subpart JJ).

Estimated number of respondents: 856 (total).

Frequency of response: Initially, occasionally, quarterly, semiannually, and annually.

Total estimated burden: 66,235 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$6,509,219 (per year), which includes \$24,600 annualized capital and/or operation & maintenance costs.

Changes in the Estimates: There is an increase of 17,045 hours in the total estimated respondent burden as currently identified in the OMB Inventory of Approved Burdens. The active (previous) ICR added the burden from the existing final rule (ICR No. 1716.06) and the rule amendment (ICR No. 1716.08), but did not update the number of affected major sources subject to the existing rule to reflect the most recent information received at the time by the Agency. In this ICR, we have addressed this inconsistency by updating the burden calculations to reflect the appropriate number of major sources. This correction resulted in the observed increase in respondent burden.

There is an increase in the O&M cost as compared to the active (previous) ICR. This increase also is the result of updating calculations to reflect the appropriate number of major sources.

Courtney Kerwin,

Acting-Director, Collection Strategies Division.
