DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed First Amendment To Consent Decree Under The Clean Water Act (“CWA”)

On May 19, 2015, the Department of Justice lodged a proposed First Amendment to Consent Decree with the United States District Court for the

District of Columbia, in the lawsuit entitled *United States of America v. District of Columbia Water and Sewer Authority, et al., and the District of Columbia*, Civil Action No. 1:00–cv–00183 (TFH).

The proposed First Amendment to Consent Decree, if approved, will amend and supersede the 2005 Clean Water Act Consent Decree in the same action. Under the 2005 Consent Decree, DC Water was required to implement its Long Term Control Plan (LTCP) which primarily consisted of the construction of a system of pumps and three underground storage tunnels to store excess flows pending treatment. The proposed Amendment provides for the incorporation of Green Infrastructure (GI) in the Potomac River and Rock Creek sewersheds, reduction of the size of the tunnel in the Potomac River, and construction of facilities at the Blue Plains wastewater treatment plant including a Tunnel Dewatering Pumping Station and an Enhanced Clarification Facility. Construction of the Anacostia tunnel has begun according to schedule and will not be affected by this proposed Amendment. The final compliance date of 2025 imposed in the 2005 Consent Decree would be extended to 2030.

The publication of this notice opens a period for public comment on the proposed First Amendment to Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States of America v. District of Columbia Water and Sewer Authority, et al., and the District of Columbia*, Civil Action No. 1:00–cv–00183 (TFH), D.J. Ref. No. 90–5–1–1–07137. Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On May 19, 2015, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Eastern District of Michigan in the lawsuit entitled *United States and Michigan Department of Environmental Quality v. AK Steel Corporation*, Civil Action No. 15–11804.

The United States filed this lawsuit under the Clean Air Act (CAA), naming AK Steel Corporation as the defendant. Under the proposed consent decree, AK Steel agrees to implement procedures to improve future compliance with the CAA and State regulations, and pay a total of \$1,353,126 in civil penalties, to be divided equally between the United States and MDEQ. Under the proposed consent decree, AK Steel also agrees to fund the installation of air filtration systems at nearby public schools. In return, the United States and MDEQ agree not to sue the defendant under section 113 of the CAA related to its past violations.

II. Background

The NRC is requesting public comments on the draft RIS. The NRC issues RISs to communicate with stakeholders on a broad range of regulatory matters. This may include communicating and restating staff technical positions on regulatory matters. The NRC staff has developed draft RIS 2015–XX to clarify its position on compliance with section 50.47(b)(10) of Title 10 of the *Code of Federal Regulations*. Specifically, power reactor licensees need to have PARs for the members of the public on bodies of water within the plume exposure pathway EPZ during a general emergency. The draft RIS is available in ADAMS under Accession No. ML15022A610.

Dated at Rockville, Maryland, this 19th day of May 2015.
