AGENCY: Transportation Security Administration, DHS.

ACTION: 30-day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652–0021, abstracted below to OMB for review and approval of an extension of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. TSA published a **Federal Register** notice, with a 60-day comment period soliciting comments, of the following collection of information on March 10, 2015, 80 FR 12647. The collection involves the submission of identifying information for background checks for all aliens and other designated individuals seeking flight instruction (“candidates”) from Federal Aviation Administration (FAA)-certificated flight training providers. Through the information collected, TSA will determine whether a candidate is a threat to aviation or national security, and thus prohibited from receiving flight training. Additionally, flight training providers are required to conduct a security awareness program for their employees and contract employees and to maintain records associated with this training.

DATES: Send your comments by July 20, 2015. A comment to OMB is most

effective if OMB receives it within 30 days of publication.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, OMB. Comments should be addressed to Desk Officer, Department of Homeland Security/TSA, and sent via electronic mail to oira_submission@omb.eop.gov or faxed to (202) 395–6974.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation is available at <http://www.reginfo.gov>. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency’s estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of applications; request for comments.

SUMMARY: The Fish and Wildlife Service (Service) announces the receipt of nine Enhancement of Survival Permit applications that were developed in accordance with the Template Safe Harbor Agreement (Template SHA) for the Columbia Basin pygmy rabbit (*Brachylagus idahoensis*) and pursuant to section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (Act). The nine permit applicants are: (1) Morris Farms; (2) Overen Living Trust; (3) North Ranches, LLC; (4) Baird Springs Environmental; (5) Buster Boruff, LLC; (6) Ms. Susan Chace; (7) Mr. Garey Clements; (8) Mr. Greg Lehr and Ms. Christine Lehr; and (9) Sandygren Properties Limited Partnership. Issuance of permits to these applicants would exempt incidental take of the Columbia Basin pygmy

rabbit, which would otherwise be prohibited by section 9 of the Act, that is above the baseline conditions of properties enrolled under the Template SHA and that may result from the permittees' otherwise lawful land-use activities. The Service requests comments from the public regarding the proposed issuance of permits to these nine applicants.

DATES: To be fully considered, written comments from interested parties must be received on or before July 20, 2015.

SUPPLEMENTARY INFORMATION:

Background

On September 7, 2006, the Service announced the availability for public review and comment of a draft Template SHA, which was jointly developed by the Service and the Washington Department of Fish and Wildlife (WDFW), and a draft Environmental Assessment, which was developed by

the Service pursuant to Federal responsibilities under the National Environmental Policy Act. The Service's September 7, 2006, notice also announced the receipt of three initial permit applications that were developed in accordance with the Template SHA. The final Template SHA, which contained only minor modifications from the draft released for public review, was signed by the Service and WDFW on October 24, 2006. To date, the Service has issued 17 permits under the Template SHA, which cover 137,626 acres that fall within the historic distribution of the Columbia Basin pygmy rabbit. The nine new applicants have requested to enroll an additional 11,446 acres of privately owned lands under the Template SHA.

The primary objective of the Template SHA is to facilitate collaboration between the Service, WDFW, and prospective participants to voluntarily implement conservation measures to benefit the Columbia Basin pygmy rabbit. Another objective of the Template SHA is to facilitate a process to provide incidental take coverage to participants through issuance of Enhancement of Survival Permits, which will relieve participants of additional section 9 liability under the Act if implementation of their conservation measures results in increased numbers or distribution of Columbia Basin pygmy rabbits on their enrolled properties.

The Service previously determined that implementation of the Template SHA, to include issuance of permits developed in accordance with the Template SHA, would result in conservation benefits to the Columbia Basin pygmy rabbit and would not result in significant effects to the human environment. The Service will evaluate any new information, the current permit applications, related documents, and any comments submitted thereon to determine whether they are consistent with the measures prescribed by the Template SHA and other relevant decision documents and permit issuance criteria. If it is determined that the requirements are met, permits to exempt incidental take of the Columbia Basin pygmy rabbit will be issued to the applicants. The final permit determinations will not be completed until after the end of the 30-day comment period, following our full consideration of all comments received.
