## ENVIRONMENTAL PROTECTION AGENCY

[FRL 9922–00–OCFO; EPA–HQ–OEI–2015–0039]

### E-Enterprise for the Environment Portal

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice: request for comment.

**SUMMARY:** The Environmental Protection Agency (EPA) Office of the Chief Financial Officer is requesting comments on the development of an E-Enterprise for the Environment portal and announcing three public meetings in the form of internet webinars. E-Enterprise is a transformative 21st-century strategy for rethinking how government agencies deliver environmental protection in the United States. Through joint governance at the federal, state, and tribal levels, EPA, the states, and tribes are collaboratively modernizing business processes and driving and sharing innovations. These changes will improve environmental results and enhance services to the regulated community and the public by making government more efficient and effective.

The portal, a Web site that functions as a point of access to information and tools, may provide consolidated entry points for businesses and citizens to efficiently locate, obtain access to, and interact with relevant EPA, state, and tribal environmental programs and resources. EPA and our state and tribal partners ultimately may choose to provide a different name than “portal” to better characterize the functionalities provided. The goal is to reduce regulatory burden and optimize information technology resources across government entities. Further detail on
