

company, with the current owners of PTS (Mr. Wood and Mr. Sielbeck) owning 31.5 percent and 38.5 percent of the outstanding corporate stock of the holding company and the current owners of USPT (Mr. Downs and Ms. Kyle) owning the remainder of the stock. Applicant states that, as a result of this transaction, the current owners of each company would jointly control both carriers, with both companies continuing to offer their existing service.

Under 49 U.S.C. 14303(b), the Board must approve and authorize a transaction that it finds consistent with the public interest, taking into consideration at least: (1) The effect of the proposed transaction on the adequacy of transportation to the public; (2) the total fixed charges that result; and (3) the interest of affected carrier employees. Applicant submitted information, as required by 49 CFR 1182.2, including information to demonstrate that the proposed transaction is consistent with the public interest under 49 U.S.C. 14303(b), and a statement that the aggregate gross operating revenues of PTS and USPT exceeded \$2 million for the preceding 12-month period, *see* 49 U.S.C. 14303(g).

Applicant submits that the proposed transaction would have no significant impact on the adequacy of transportation services to the public. Rather, Applicant anticipates that common control of the carriers would result in more efficient and timely transportation. By combining the pickup and delivery schedules of both companies, Applicant states, detainees scheduled for pickup could be booked more expeditiously on the nearest available bus or transporter, regardless of whether the vehicle is operated by PTS or USPT. Applicant notes that consolidation would permit vehicle sharing arrangements, coordinated driver training, and safety management and load sharing arrangements. It further claims that consolidation would allow for the centralization of various management support functions such as vehicle licensing, legal affairs, accounting, human resources, purchasing, and environmental compliance.

With respect to fixed charges, Applicant asserts that the efficiencies generated by the transaction would reduce the variety of unit costs now being incurred to operate these carriers under separate ownership. Additionally, Applicant states that the combined carriers would be able to enhance their purchasing power, thereby reducing insurance premiums and achieving deeper discounts for equipment and

fuel. Applicant also claims that affected employees would benefit from the transaction. It says that employees would maintain job security and would have an increased opportunity to schedule shorter tours of duty, resulting in less time away from their home base.

Applicant further claims that the proposed transaction would not have any adverse competitive effect on any portion of the passenger transportation industry. Applicant states that the vast majority of prisoners and detainees are transported by U.S. Marshals, state law enforcement officers, sheriffs, deputies, or local police officers. Furthermore, Applicant states, other for-hire carriers such as Transcor, STS, U.S. Corrections, Texas Prisoner Transport, GEO Transport, Lock and Load, G4S, and Global Prisoner Services are also in the marketplace.¹ According to Applicant, competitors would not be adversely affected by the transaction because prisoner extradition services are provided based upon open competition among qualified service providers for contracts of one to three years in duration. Applicant also states that there is nothing to preclude existing carriers from expanding their routes, rates and services, and nothing to keep well capitalized new entrants from entering the market at any time.

On the basis of the application, the Board finds that the proposed acquisition is consistent with the public interest and should be tentatively approved and authorized. If any opposing comments are timely filed, these findings will be deemed vacated, and, unless a final decision can be made on the record as developed, a procedural schedule will be adopted to reconsider the application. *See* 49 CFR 1182.6(c). If no opposing comments are filed by the expiration of the comment period, this notice will take effect automatically and will be the final Board action.

Board decisions and notices are available on our Web site at “WWW.STB.DOT.GOV”.

This decision will not significantly affect either the quality of the human environment or the conservation of energy resources.

It is ordered:

1. The proposed transaction is approved and authorized, subject to the filing of opposing comments.

2. If opposing comments are timely filed, the findings made in this notice will be deemed vacated.

3. This notice will be effective September 9, 2015, unless opposing

comments are filed by September 8, 2015.

4. A copy of this notice will be served on: (1) The U.S. Department of Transportation, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590; (2) the U.S. Department of Justice, Antitrust Division, 10th Street & Pennsylvania Avenue NW., Washington, DC 20530; and (3) the U.S. Department of Transportation, Office of the General Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590.

Decided: July 20, 2015.

By the Board, Chairman Elliott, Vice Chairman Begeman, and Commissioner Miller.

Brendetta S. Jones,

Clearance Clerk.
