### Maritime Administration

[Docket No. MARAD-2015 2015-0009]

#### **Requested Administrative Waiver of the Coastwise Trade Laws: Vessel ANNI BEA TRUE; Invitation for Public Comments**

**AGENCY:** Maritime Administration, Department of Transportation.

**ACTION:** Notice.

**SUMMARY:** As authorized by 46 U.S.C. 12121, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below.

**DATES:** Submit comments on or before February 27, 2015.

**ADDRESSES:** Comments should refer to docket number MARAD-2015-0009. Written comments may be submitted by hand or by mail to the Docket Clerk, U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590. You may also send comments electronically via the Internet at <http://www.regulations.gov>. All comments will become part of this docket and will be available for inspection and copying at the above address between 10 a.m. and 5 p.m., E.T., Monday through Friday, except federal holidays. An electronic version of this document and all documents entered into this docket is available on the World Wide Web at <http://www.regulations.gov>.

**FOR FURTHER INFORMATION CONTACT:** Linda Williams, U.S. Department of Transportation, Maritime Administration, 1200 New Jersey Avenue SE, Room W23-453,

Washington, DC 20590. Telephone 202-366-0903, Email [Linda.Williams@dot.gov](mailto:Linda.Williams@dot.gov).

**SUPPLEMENTARY INFORMATION:** As described by the applicant the intended service of the vessel ANNIE BEA TRUE is:

*Intended Commercial Use of Vessel:* "Charter"

*Geographic Region:* "Washington State, Oregon, California, Florida, Georgia, Virginia, North Carolina, South Carolina, Maryland, and Hawaii"

The complete application is given in DOT docket MARAD-2015-0009 at <http://www.regulations.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with 46 U.S.C. 12121 and MARAD's regulations at 46 CFR part 388, that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in 388.4 of MARAD's regulations at 46 CFR part 388.

### National Highway Traffic Safety Administration

[Docket No. NHTSA-2015-0006]

#### New Car Assessment Program

**AGENCY:** National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

**ACTION:** Request for comments.

**SUMMARY:** This document requests public comment on the National Highway Traffic Safety Administration's (NHTSA) plan to update its New Car Assessment Program (NCAP). If this plan is implemented, NHTSA would recommend to consumers various vehicle models that are equipped with automatic emergency braking (AEB) systems, which can enhance the driver's ability to avoid or mitigate rear-end crashes. For many years, NCAP has provided comparative information on the safety of new vehicles to assist consumers with vehicle purchasing decisions. NCAP was upgraded beginning with model year 2011 vehicles to include recommended crash avoidance technologies in its program. Including this information in NCAP allows consumers to compare not only

the level of crash protection afforded by certain vehicles they are considering to purchase, but also the types of advanced crash avoidance technologies that are recommended by the agency to help them avoid crashes.

**DATES:** You should submit your comments early enough to ensure that Docket Management receives them no later than March 30, 2015.

**ADDRESSES:** Comments should refer to the docket number above and be submitted by one of the following methods:

- **Federal Rulemaking Portal:** <http://www.regulations.gov>. Follow the online instructions for submitting comments.

- **Mail:** Docket Management Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.

- **Hand Delivery:** 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal Holidays.

- **Instructions:** For detailed instructions on submitting comments, see the Public Participation heading of the **SUPPLEMENTARY INFORMATION** section of this document. Note that all comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

- **Privacy Act:** Anyone is able to search the electronic form of all comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review DOT's complete Privacy Act Statement in the **Federal Register** published on April 11, 2000 (65 FR 19477-78). For access to the docket to read background documents or comments received, go to <http://www.regulations.gov> or the street address listed above. Follow the online instructions for accessing the dockets.

Safety Administration, 1200 New Jersey Avenue SE., Washington, DC 20590.

**SUPPLEMENTARY INFORMATION:** The National Highway Traffic Safety Administration's (NHTSA) New Car Assessment Program (NCAP) provides comparative safety rating information on new vehicles to assist consumers with their vehicle purchasing decisions. NCAP was upgraded beginning with model year 2011 vehicles to include, among other changes, recommended advanced crash avoidance technologies when these technologies meet NCAP's performance criteria. Technologies that were part of the 2011 upgrade were electronic stability control (ESC), forward collision warning (FCW), and lane departure warning (LDW). Subsequently, in 2014, NHTSA replaced ESC, which is now mandatory for all new light vehicles, with another technology, rearview video systems (RVS).<sup>1</sup>

FCW detects vehicles ahead and cautions a driver of an impending collision, so the driver can brake or steer to avoid or mitigate the collision. LDW monitors lane markings on the road and cautions a driver of unintentional lane drift. RVS assists the driver in seeing whether there are any obstructions, particularly a person or people, in the area immediately behind the vehicle. The RVS is generally installed in the rear of the vehicle and connected to a video screen.

This document requests comments on the agency's plan to further upgrade NCAP to include recommendations to consumers of vehicle models that are equipped with automatic emergency braking (AEB) systems, specifically crash imminent braking (CIB) and dynamic brake support (DBS), which can use information from an FCW system's sensors to enhance the driver's ability to avoid or mitigate rear-end crashes. CIB systems provide automatic braking when forward-looking sensors indicate that a crash is imminent and the driver is not braking. DBS systems provide supplemental braking when sensors determine that driver-applied braking is insufficient to avoid an imminent crash.

This plan would add CIB and DBS to the three crash avoidance technologies that the agency currently recommends on the agency's Web site,

<sup>1</sup> On April 7, 2014, NHTSA published a final rule (79 FR 19177) requiring rearview video systems. The rule provides a phase-in period that begins on May 1, 2016 and ends on May 1, 2018 when all new light vehicles will be required to be equipped with RVS. As was done with electronic stability control, RVS will no longer be an NCAP recommended technology once RVS is required on all new light vehicles.
